Good day, I am attaching another instance where you redacted something that was not necessary. You charged me \$346 for this request, it is my belief you made redactions you did not need to make. The scene with the officer falling down is something anyone driving by can see. This is not a lawful exemption unless you have facts substantiating the redaction. I am asking you to provide a reason for this redaction.

Your agency spent time redacting things to protect your image but left the real redactions out. I am also including a clip of that. A drivers license. There are more, I am a very busy individual so I may file another complaint later but for now I am asking this complaint be escalated to a LT or Captain. I am also asking this complaint be filed in the ORR's disciplinary file or public complaint file. I am also attaching copies for the AG but they may fall off.

I am also attaching an image showing the blurred officers
