Good day,

I am requesting the body worn cam, dash cam and interior police car cam related to the jermaine Jones case. the GBI closed their case, the DA Jared Williams (coward) closed his case.. your agency has made unlawful exemptions on this request and are currently in violation of the open records act. Due to the aggravated nature of your agencies unlawful activities regarding my open records request I am requesting all fee's be waved for this request. My request also includes the video depositions of all 4 officers and any other officers that gave a sworn statement on video or audio.

I look forward to hearing from your office soon

Thank you
Billy Blume
