This is a violation of the open records law, allow me to explain, here is the exact article I am referring to , § 50-18-71. (b) (1) (B) A request made pursuant to this article may be made to the custodian of a public record orally or in writing. See, I already did that, I gave you the request via email and on your portal, my first request went via email and I was directed to the portal, no problem, I used the portal, though not required by law as you glean information from such a device, but I did, I put my request in your portal exactly as I was supposed to, you're just to incompetent to fill a simple open records request so now you are telling me to ask again? I will have the AG ask you!

I am including Kristen Settlemire in this correspondence. Kristen is the Assistant Attorney General.

Fill my request, you are in violation of the law, 50-18-74
