MEMORANDUM

TO: **Major W. Harris**

FROM: **Lieutenant M. Hendricks**

DATE: **January 27, 2005**

RE: **INVESTIGATION AND DISPOSITION OF COMPLAINT NUMBER 04-C-0371-MISC**

An investigation of the allegations of this complaint and any other allegations, which arose during the investigation, has been completed. **The following represents the findings of this investigation:**

I. **INVESTIGATIVE DISPOSITION**

a. of the Complaint against Investigator Nathan Lucas

[X] **Sustained** **4.1.01** (Appropriate Action Required)

II. POLICY OR PROCEDURAL CHANGES, TRAINING, RECOMMENDATIONS, AND/OR COMMENTS

Mr. Raymond Cooper alleges Officer Nathan Lucas, along with an unknown Atlanta Police Officer, used inappropriate action during an incident that occurred on July 02, 2004, while Mr. Cooper worked as a security guard at the Foot Locker.

A review of the complaint file indicates the following:

Investigator N. Lucas stated that on July 02, 2004, he was off-duty and in his personal car when he stopped at the Eastern Video Store on Campbellton Road to return some video tapes. Investigator Lucas stated that he parked in the fire lane because the parking lot was full and he needed to observe his vehicle because his police equipment was inside. While inside returning the movies, Security Guard R. Cooper approached him and told him to move his vehicle from the fire lane. Investigator Lucas stated, "OK," but proceeded to find another video to rent. Investigator Lucas stated that Mr. Cooper entered the store a second time and stated, very agitatedly, "You've got ten seconds to get out there and move your car or I'm going to write you a ticket and have your car impounded." Investigator Lucas said he did not respond because of Mr. Cooper's hostile state. Investigator Lucas said he then paid for his rental and proceeded to get into his vehicle and leave.

According to Investigator Lucas, as he was starting his car Mr. Cooper knocked loudly on his window stating, "I told you to move this damn car." Mr. Cooper then threatened to give Investigator Lucas a ticket. Investigator Lucas asked Mr. Cooper how he was going to give him a ticket, and Mr. Cooper replied that he was a policeman and would impound his car. Investigator Lucas then asked Mr. Cooper where he worked and Mr. Cooper responded that he was a state police officer. It was at this time that Investigator Lucas told Mr. Cooper he was an Atlanta Police Officer and needed to see Mr. Cooper's credentials showing him to be a police officer. Investigator Lucas said Mr. Cooper could only show him a card identifying him as a Basic Corrections Officer. Investigator Lucas then placed Mr. Cooper under arrest for Impersonating a Police Officer.

According to Mr. Cooper, he entered the video store and inquired about the individual who had parked their vehicle in the fire lane because the vehicle had to be moved or else it would be either ticketed or towed. Mr. Cooper said he did not know whose car was parked in the fire lane and that he asked the manager of the video store to have the person move his vehicle.

Mr. Cooper stated that he entered the store a second time still not knowing who owned the car in the fire lane. Mr. Cooper admitted he was upset and announced out loud that whoever owned the vehicle parked in the fire lane had to move it or else it would be ticketed or towed. Mr. Cooper said that Investigator Nathan Lucas remained in his car approximately six or seven minutes before he ever approached him the first time.

Mr. Manuel Lugo, a clerk working in the video store, stated Mr. Cooper came into the store a second time about three minutes following the first entrance. Mr. Lugo said that Mr. Cooper, "while looking all mean," told Investigator Lucas that he had ten seconds to move his car or he was going to get a ticket and his car would be towed.

Both Investigator Nathan Lucas and Mr. Raymond Cooper advised that they called 911. A review of the Communications 911 Display Call Sheet shows that Investigator Nathan Lucas called approximately one second before Mr. Raymond Cooper.

Lieutenant Douglas E. Little advised in both of his sworn statements that Investigator Lucas informed him why he was charging Mr. Cooper with Impersonating a Police Officer, however, he instructed Investigator Lucas to first call the Fulton County Complaint Room. Mr. Raymond Cooper, in a sworn statement given on January 21, 2005, provided Sergeant S. R. Purvis the same documents he stated he showed the officers on the scene. These documents identify Mr. Cooper as a Certified Basic Corrections Officer with the state of Georgia, but not a Certified Peace Officer.

According to a letter OPS received from Fulton County ADA Jill Hollander, the case against Mr. Cooper was placed on the Court's dead-docket.

Mr. Raymond Cooper said he was harassed, embarrassed, assaulted, and jailed for three days. All officers interviewed in this case deny that Mr. Cooper was harassed, embarrassed, or assaulted by any police officers.

On September 30, 2004, Investigator Lucas received a letter of counseling for violation of Rule 1.05 (Obey the Law). According to the disciplinary manual, a letter of counseling is considered proactive corrective action and not disciplinary action, therefore, I recommend **1.01** (Appropriate Action Required) be **Sustained**.

III: INVESTIGATIVE SUMMARY:

A. COMPLAINT ALLEGATION:

Mr. Raymond Cooper alleges Officer Nathan Lucas, along with an unknown Atlanta Police Officer, used inappropriate action during an incident that occurred on July 02, 2004, while Mr. Cooper worked as a security guard at the Foot Locker.

B. ACCUSED EMPLOYEE'S RESPONSE:

Investigator Nathan Lucas

Investigator Lucas said in a sworn statement given on August 17, 2004, he went to the Eastern Video Store on July 02, 2004, located at 2052 Campbellton Road, to return some video tapes. Investigator Lucas said the parking lot was full so he parked his personal vehicle in a Fire Lane located in front of the video store. Investigator Lucas said he parked his vehicle in the fire lane because he had his police equipment in his vehicle and would need to keep an eye on it. Investigator Lucas said while inside returning the movies, he was approached by security guard Mr. Cooper who told him to move his vehicle from the Fire Lane. Investigator Lucas said he told Mr.

Cooper okay, but proceeded to find another video to rent first. Investigator Lucas said Mr. Cooper came in a second time, and was very agitated. Investigator Lucas said Mr. Cooper stated, in a hostile manner, "You've got ten seconds to get out there and move your car or I'm going to write you a ticket and have your car impounded." Investigator Lucas said he did not respond to Mr. Cooper at this time because of his hostile state. Investigator Lucas said he then paid for his rental and proceeded to get into his vehicle and leave. Investigator Lucas said as he was starting his car Mr. Cooper knocked loudly on his window stating, "I told you to move this damn car." Investigator Lucas said Mr. Cooper then said that I should be glad he didn't give my ass a ticket. Investigator Lucas asked Mr. Cooper how he was going to give him a ticket. According to Investigator Lucas Mr. Cooper stated he was a policeman and could not only give him a ticket but could lock his ass up and impound his car. Investigator Lucas then asked Mr. Cooper where he worked and Mr. Cooper responded that he was a state police officer. It was at this time that Investigator Lucas told Mr. Cooper he was an Atlanta Police Officer and needed to see Mr. Cooper's credentials showing him to be a police officer. Investigator Lucas said Mr. Cooper could only show him a card showing him to be a Basic Corrections Officer. Investigator Lucas then placed Mr. Cooper under arrest for Impersonating a Police Officer.

Investigator Lucas in a sworn statement given on January 21, 2005, stated that he tried to call Georgia POST to verify Mr. Cooper's credentials, but did not receive an answer. Investigator Lucas said he looked up Mr. Coopers training records the next day on the Georgia POST website and found that Mr. Cooper is not nor has he ever been a certified police officer.

C. **WITNESSES:**

Officer Justin Strom

In a sworn statement given on August 19, 2004, Officer Justin Strom said he responded to 2052 Campbellton Road, after receiving a call for assistance from radio. Officer Strom said he arrived and met with Investigator Nathan Lucas who stated the person he had was under arrest and needed to be placed in his vehicle. Officer Strom said that the detained subject Mr. Cooper never said anything to him.

In a sworn statement given on January 11, 2005, Officer Justin Strom advised he had no conversation with Mr. Cooper, however Mr. Cooper did request to speak to a supervisor. Officer Strom also remembered Mr. Cooper presenting a Georgia Identification and what he described as an insurance card saying something about Georgia Peace or Post. Officer Strom did not remember anyone attempting to verify Mr. Coopers credentials. Officer Strom advised that the only other Officers present were Lieutenant Little and wagon driver, Officer W. Moore.

Lieutenant Douglas E. Little

In a sworn statement given on August 17, 2004, Lieutenant Little advised that he responded to a supervisor request from radio to 2052 Campbellton Road. Upon arrival Lieutenant Little met with Investigator Lucas who advised him of the incident. Lieutenant Little said he then met with Mr. Cooper who he described as visibly upset for being placed under arrest for Impersonating a Police Officer and denied that he ever said he was a police officer. Lieutenant Little said after listening to Mr. Cooper and explaining the law to him, he asked Mr. Cooper if he had been verbally or physically abused and Mr. Cooper said no. Lieutenant Little said he then instructed Investigator Lucas to call the Complaint Room to see if they would take the case. Once Investigator Lucas advised Lieutenant Little that the Complaint Room would take the case, he left the scene. Lieutenant Little stated that he did remember seeing Investigator Lucas's vehicle illegally parked because he recalled seeing the posted signs.

In a sworn statement given on January 12, 2005, Lieutenant Little said Investigator Lucas only generally explained the facts of his case. Lieutenant Little said Investigator Lucas told him he had parked on the curb to run into the video store. Lieutenant Little said Investigator Lucas told him that Mr. Cooper then came in the store at some point identifying himself as a police officer and threatening to arrest Investigator Lucas. Lieutenant Little said Investigator Lucas called the complaint room which accepted the case. Lieutenant Little said he attempted to make arrangements for Mr. Cooper to have someone come to get his vehicle and belongings, but Mr. Cooper refused. Mr. Cooper's vehicle was impounded and his belongings placed into

property. Lieutenant Little said Mr. Cooper never identified himself as a police officer nor does he recall ever seeing Mr. Coopers Corrections Officer credentials. According to Lieutenant Little when he arrived on the scene, Investigator Lucas's vehicle had been moved from the Fire Lane. Lieutenant Little said he verbally advised Investigator Lucas to legally park in the future. Lieutenant Little further stated that he thought Investigator Lucas was on duty when he first arrived on the scene which is why he did not assign the case to an on duty officer. Finally, Lieutenant Little said he would have rather considered a copy of charges for Mr. Cooper however; for a felony charge the complaint room does not normally allow copies of charges.

Officer Willie R. Moore

Officer Moore advised after being shown a copy of his worksheet for July 02, 2004, he was operating as the wagon driver that evening. Officer Moore advised that he does not remember anything specific concerning any conversation with Mr. Cooper. Officer Moore remembers searching Mr. Cooper before placing him in the wagon. Officer Moore also remembers other officers wanting to see the person being arrested for Impersonating a police officer, but does not recall them harassing Mr. Cooper or who they were.

Officer Greg R.Lyon

Officer Lyon does remember responding to a call for assistance at 2052 Campbellton Road, but does not remember a thing about the incident. Officer Lyon advised that he has responded to calls in the past for people parking in the fire lanes. Officer Lyon said the security guards will ask people to move from the Fire Lanes, but does not recall any making arrests for the violation. Officer Lyon said that one of the security guards looks just like a cop. Officer Lyon thinks the guard works at the Foot Locker..

E. INVESTIGATIVE FINDINGS:

This investigation finds that on July 02, 2004, Investigator Nathan Lucas arrested Mr. Raymond Cooper for Impersonating a Police Officer at 2052 Campbellton Road.

Investigator Lucas said he parked his personal vehicle in the Fire Lane in front of the Eastern Video Store because he could not find a parking spot up front and he wanted to watch his police equipment in his vehicle.

Mr. Cooper, a uniformed security officer working for the Foot Locker which is nextdoor to the Eastern Video Store saw Investigator Lucas park his car in the Fire Lane and proceeded out to tell him to move his vehicle.

Mr. Cordy Price, Manager of the Foot Locker and Mr. Manuel Lugo, an employee at the Eastern Video Store, both verified that they saw Investigator Lucas park illegally in the Fire Lane.

Mr. Cooper stated that Mr. Price instructed him to go out and tell the person parked in the Fire Lane to move.

Mr. Price stated to Sergeant Stallings in a sworn statement taken on September 19, 2004, that he did not instruct Mr. Cooper to tell the owner of the vehicle parked in the Fire Lane to move his vehicle.

Investigator Nathan Lucas said, in both of his sworn statements, that while he was in line to return his movies Mr. Cooper entered the store in a hostile manner and stated that he needed to move his car because

he was parked illegally in a Fire Lane. Investigator Nathan Lucas responded to Mr. Cooper by saying ok.

Mr. Cooper said, in his first sworn statement given on July 06, 2004, that when he entered the store he told the individual who parked his vehicle in the Fire Lane that he had to move it because it would be either ticketed or towed.

Mr. Cooper said in a sworn statement given on January 10, 2004, that he did not know who's car was parked in the Fire Lane and that he asked the manager of the video store to have the person move his vehicle.

Investigator Nathan Lucas, in a sworn statement given on August 17, 2004, said that Mr. Cooper came into the store again in a very hostile manner stating, "you've got ten seconds to get out there and move your car or I'm going to write you a ticket and have your car impounded."

Investigator Nathan Lucas, in a sworn statement given on January 21, 2005, said that Mr. Cooper came back into the store in a matter of seconds from the first time and stated in an aggressive and hostile manner that if I don't get out there and move my car he was gonna give me a ticket and tow my car.

Mr. Cooper in a sworn statement given on July 06, 2004, said that Investigator Lucas became very aggressive and yelling at him as he got out of his car.

Mr. Cooper in a sworn statement given on January 10, 2005, said that he went into the store a second time still not knowing who the car in the Fire Lane belonged to. Mr. Cooper said he was upset and announced out loud that whoever owned the vehicle parked in the Fire Lane had to move it or else it would be ticketed or towed.

In a sworn statement given on September 19, 2004, Mr. Manuel Lugo, a clerk working in the video store, said Mr. Cooper came into the store about three minutes after the first time. Mr. Lugo said that Mr. Cooper while looking all mean told Investigator Lucas that he had ten seconds

to move his car or he was going to get a ticket and his car would be towed.

In a sworn statement given on August 17, 2004, Investigator Nathan Lucas said that as he was trying to leave, Mr. Cooper knocked loudly on his window stating, "I told you to move this damn car," "You should be glad I didn't give your ass a ticket."

In a sworn statement given on January 10, 2005, Investigator Nathan Lucas said while in his car, Mr. Cooper approached him stating that he had better be glad that he was moving his car because he was getting ready to write him a ticket , impound his car, and lock his ass up.

In a sworn statement given on January 10, 2005, Mr. Raymond Cooper said that Investigator Nathan Lucas remained in his car a good six or seven minutes before he approached him the first time.

Investigator Nathan Lucas stated in a sworn statement given on January 10, 2005, that he was only at his car maybe minutes or seconds, only long enough to put the videos in his trunk and start his vehicle.

Investigator Nathan Lucas in a sworn statement given on August 17, 2004 stated while in his vehicle Mr. Cooper came over, stated he was a policeman, specifically a state police officer in Georgia.

Investigator Nathan Lucas in a sworn statement given on January 21, 2005, said Mr. Cooper told him, when he came to his car, that he is a Certified State Police Officer in Georgia.

Mr. Raymond Cooper in a sworn statement given on July 06, 2004, said he told Investigator Nathan Lucas that he was Post certified by the State of Georgia as a Peace Officer.

Mr. Raymond Cooper in a sworn statement given on January 10, 2005, said he never said he was a police officer, but rather a Peace Officer, with the State of Georgia.

Both Investigator Nathan Lucas and Mr. Raymond Cooper advised that they called 911.

A review of the Communications 911 Display Call Sheet shows that Investigator Nathan Lucas called approximately one second before Mr. Raymond Cooper.

Mr. Raymond Cooper in a sworn statement given on July 06, 2004, said he had documents to prove he was a Peace Officer and that he showed said documents to Investigator Lucas and Officer Strom.

Mr. Raymond Cooper in a sworn statement given on January 21, 2005, provided me Sergeant S. R. Purvis the same documents he stated he showed the officers on the scene. These documents do not say Mr. Cooper is a Certified Peace Officer with the State of Georgia, but rather a Certified Basic Corrections Officer.

Lieutenant Douglas E Little, in both of his sworn statements advised he explained the law to Mr. Cooper pertaining to the charge of Impersonating a Police Officer.

Mr. Raymond Cooper told Lieutenant Little that the charge was not true.

Investigator Nathan Lucas in both of his sworn statements advised that he told Lieutenant Douglas E. Little why he was charging Mr. Raymond Cooper with Impersonating a Police Officer.

Lieutenant Douglas E. Little advised in both of his sworn statements that Investigator Lucas told him why he was charging Mr. Cooper with Impersonating a Police Officer, however he had Investigator Lucas to call the Fulton County Complaint Room first.

Mr. Raymond Cooper said he was harassed, embarrassed, assaulted, and jailed for three days.

All officers interviewed in this case,deny that Mr. Cooper was harassed, embarrassed, or assaulted by any police officers.

This file is being submitted for your review and recommendation.

Respectfully,

Q. When did you determine that the car was Investigator Lucas's car?

A. When I went back to Foot Locker I saw him getting into his car and I said to myself that asshole should have gone and moved his car the first time I went into the store. He just ignored me. When he went out to his car he just sat there and did not move. He just sat in his car.

Q. When did you finally confront Investigator Lucas?

A. He sat in his car for about six or seven minutes before I went out and asked him to move his car. That is when he got out of the car and he became very aggressively violent towards me. When he became violent toward me I said sir I only asked you to move the car out of the fire lane. At that point he started to question who I was and I told him I was a Peace Officer. That is when he asked me about my credentials. He said show me a badge and I showed him my Basic Correctional Officer Card. It was at that time I said sir I am only doing what the manager wanted me to do. I walked to my car to get my credentials. I shut my door and went to reach into my pocket to get my cell phone and he grabbed me. I said take your hands off of me. He then took my weapon. When he had me secured I called 911.

Q. When did Investigator Lucas advise you he was a Police Officer?

A. Never I don't use profanity.

Q. Did you speak to any other officers while at the scene?

A. I asked to speak to a supervisor. I told the supervisor the same thing I said I was a Peace Officer not a Police Officer. I was under the impression I was a Peace Officer.

Q. Would you like to add anything else to your statement at this time?

A. I just want to say that I apologize on my behalf of misleading Detective Lucas by telling him that I was a Peace Officer. He had every right to arrest me if I felt as though I was in the wrong. Not being in proper uniform and with the intentions of making false impressions in the community of acting out as a Peace Officer or Police Officer. However the issue was I Raymond Cooper being employed by a security company and representing myself and that company as a security officer of following their policies and procedures and Footlockers policies and procedures of enforcing what my employers wanted including telling customers with the exception of a Police Marked Patrol Car not a personal vehicle to be parked in a no parking fire lane zone. I have no intentions of misleading Detective Lucas in any form or capacity that I was a Police Officer or a Peace Officer, however I should have been told by him that he was a Detective with the Atlanta Police Department. Q. In your sworn statement given on 08/17/04, you said you did not identify yourself as a police officer when Mr. Cooper, in full security uniform, requested that your vehicle be removed from the fire lane. You went on to state that you work undercover in the area of the Foot Locker and didn't feel that Mr. Cooper needed to know you were a police officer. During this time were you on or off duty?

A. I was off duty.

Q. What was Mr. Coopers demeanor when he entered the store the first time to request that your vehicle be removed from the fire lane?

A. Mr. Cooper acted in an aggressive and hostile manner.

Q. You admitted to having parked illegally, in a clearly marked fire lane, with clearly posted signs reading no parking fire lane. Why did you not move your vehicle immediately when asked by a clearly marked security officer?

A. I did move my vehicle. When he came into the store and acted in a hostile manner I simply responded to him ok. When I got into my vehicle and started it up Mr. Cooper came to my passenger side window and knocked on it very hard. As I rolled the window down stated to me that I better be glad that I was moving my vehicle because he was getting ready to write me a ticket, impound my vehicle, and lock my ass up. These were his exact words.

Q. How many times did Mr. Cooper come into the store and request that you remove your vehicle from the Fire Lane?

A. The first time he came in he asked me to move my car and I said ok. Within a matter of seconds Mr. Cooper came back into the store and stated in a very aggressive and hostile manner If I don't get out there and move my car he was gonna give me a ticket and tow

my car. Seeing that he was very agitated and to not cause an altercation I didn't respond to him. I was in line. After paying the video store I proceeded to my vehicle and proceeded to move it.

Q. Do you think because you are a police officer you do not have to follow the directions of a clearly uniformed security officer acting within the capacity of his duties as a security officer?

A. No I complied with him. I was not parked in front of Foot Locker I was directly in front of the video store where I was returning movies. It is my understanding that Mr. Cooper was working at the Foot Locker and my parking in front of the video store did not impede him from his duties or the safety of the people of the Foot Locker.

Q. Do you think if you had moved your personal vehicle, which was parked in a clearly marked fire lane, with posted signs stating no parking fire lane, after being told to move by a uniformed security officer that this situation would not have escalated to Mr. Cooper being arrested?

A. I think that with his demeanor the situation probably would still have occurred because as I went to move my vehicle as he requested he continued to engage me in a hostile manner. By me parking there it did not provoke him into holding himself out to be a police officer.

Q. Upon returning back to your vehicle, how long did you remain sitting in your vehicle in the fire lane before being approached by the security officer Mr. Cooper a third time?

A. I can't recall it wasn't long. It wasn't like minutes or seconds just long enough for me to put the tapes in the trunk, get in the car, close my door, and start my vehicle.

I have read or had read to me the above statement and I swear or affirm that it is true to the best of my knowledge and belief.

Q. When you were approached by Mr. Cooper did he identify himself as a peace officer or a police officer?

A. He stated to me that I had better be glad that I was moving my car because he was getting ready to write me a ticket, impound my car, and lock my ass up. That's when I inquired how are you gonna arrest me when you have no arrest powers. He then stated to me that he could lock my ass up because he was a state certified police officer. I asked him what department he worked for and he stated the State of Georgia. I then inquired, but you have to work for some agency and asked what agency he worked for. Mr. Cooper stated that he works for the State of Georgia as a police officer. That is when I said well show me some credentials stating you are a police officer. He could not provide any.

Q. In your sworn statement taken by Sergeant Stallings, you said that Mr. Cooper produced a card from his wallet identifying himself as a Corrections Officer. What did you do to verify Mr. Coopers credentials? If nothing why not?

A. What I did to verify his credentials was to attempt to call the Georgia POST, but I was unable to get an answer. I then to follow up the next morning I went to their web site and was able to pull up Mr. Cooper's training records and found that he is not nor has he ever been a certified police officer in the State of Georgia.

Q. What exactly did you advise Lieutenant Doug Little when he arrived on the scene?

A. I advised Lt. Little that Mr. Cooper held himself out to be a certified police officer and that I was arresting him for Impersonating a Police Officer.

Q. When you called the Fulton County Complaint Room what exactly did you advise them?

A. I advised the Complaint Room of the situation and they stated they would accept the case.

A. I parked my vehicle in the fire lane with intentions of not being there long. I was only trying to safe guard my City of Atlanta Police Equipment. In no way was I trying to abuse my authority or commit any criminal violations. My parking there should not have compelled Mr. Cooper to hold himself out as a police officer.

I am Sergeant S. R. Purvis of the Atlanta Police Department. You are being questioned as a WITNESS in an official investigation by the Department. Also present is:

All employees must answer questions and make available relevant materials or sworn statements concerning an investigation of employee work rule violations when directed to do so by a disciplinary authority or duly appointed investigator. Employees may obtain representation but cannot delay questioning for more than three hours beyond the time he or she was notified of the questioning. Except as authorized or required, an employee shall not interfere with nor contact persons involved in an internal investigation nor disclose or discuss with anyone except the designated Departmental authority the existence or facts of an internal investigation. This restriction will not be construed to prohibit an employee from discussing any aspect of the investigation with his or her representative. Administrative statements made by employees and evidence gained by reasons of such statements may not be used against the employee in criminal proceedings involving the employee except in cases of perjury.

Q. Did Investigator Lucas explain the facts of his case to you when you first arrived on the scene of the Supervisors request?

A. He generally explained it. He advised that he had parked on the curb to run in the video store. Mr. Cooper came in and at some point identified himself as a police officer to Mr. Cooper and threatened to arrest him. Officer Lucas told me he placed Mr. Cooper under arrest for Impersonating a Police Officer. I advised Lucas to call the Complaint Room and make sure they would accept the case. I spoke to Mr. Cooper to make sure there were no allegations of verbal or physical abuse. I explained to him what the law was in regards to Impersonating a Police Officer. The DA's office said they were taking the case. I attempted to make arrangements for someone to pick up his car and uniform and gun, but he refused. The car was impounded and his personal items placed into property.

Q. Did you think that Investigator Lucas had enough Probable Cause to arrest Mr. Cooper for the charge of Impersonating a Police Officer before calling the Complaint Room?

A. Yes.

I have read or had read to me the above statement and I swear or affirm that it is true to the best of my knowledge and belief.

Q. If I felt that he Investigator Lucas had Probable Cause why did I have him confirm it through the Complaint Room?

A. I advise officers to confer with the Complaint Room in most instances of Felony arrests to ensure that the offender is arrested for the appropriate charge. In this case I wanted to ensure that Mr. Cooper was not a convicted felon working as a security guard.

Q. On August 17, 2004, in a statement you gave to Sergeant W. Stallings, you stated that you explained the law to Mr. Cooper and advised him that you could not un-arrest him. What did you mean by that statement?

A. Once from my understanding of the law from the Atlanta Police Department Training once someone has had handcuffs placed on them and they are told they are under arrest they are under arrest.

Q. How did Mr. Cooper introduce himself to you when you first spoke with him?

A. He never introduced himself. I already new his name. I asked him if he was a police officer and he said no.

Q. Did Mr. Cooper show you any type of identification that said he was a certified Peace Officer?

A. No. He never showed me anything but a drivers license.

Q. I am showing you an Identification card that Mr. Cooper showed Investigator Lucas showing himself to be a Basic Corrections Officer. Have you ever seen this document before?

A. Not that I can recall.

I have read or had read to me the above statement and I swear or affirm that it is true to the best of my knowledge and belief.

Q. Do you know if any attempt was made to authenticate Mr. Cooper's credentials?

A. I asked him if he was a police officer and he said no.

Q. Did Investigator Lucas after speaking with the Fulton County Complaint Room advise you what he told them specifically to obtain approval to make his arrest?

A. No.

Q. When you arrived on the scene of the Supervisors request were you aware of who it was that called 911 for police assistance?

A. I'm not positive but I think Officer Strom called me on the radio at Mr. Coopers request.

Q. Why did you allow Investigator Lucas to make the case and not assign it to an on duty officer?

A. I thought Investigator Lucas was on duty when I first arrived.

Q. In your original statement to Sergeant W. Stallings, you stated that you said Investigator Lucas's vehicle was illegally parked due to the posted signs. What did you do if anything to address the fact that Investigator Lucas was parked illegally in a fire lane?

A. When I arrived the car was not in the fire lane it had already been moved. I asked him why he was parked on the curb. He said he had run in the store for a moment and he had city issued equipment in the car he needed to keep a visual on. I advised him in the future to legally park. I don't even think the no parking signs are in compliance with city ordinance and the fire lanes are not marked in red.

Please be advised that your statement and/or your testimony may be needed at a future time for use in a civil service hearing or court of law.

On Friday July 02, 2004, I was working as the Assistant Manager at the Foot Looker Store located at 2052 Campbellton Road, when I observed a vehicle park illegally in the fire lane, in between this store and the video store next door. As I looked over at Security Officer Cooper, he said, " I know, I know, I'll take care of it". Officer Cooper was standing at the front of the store, looking out the window and observed the car pull up and park in the fire lane, in between both stores. I told Mr. Cooper that I wasn't asking him to go and find the driver, but to ask them to move the vehicle before they get out and walk away. Security Officer Cooper said okay, and left the store. I did not see Security Officer Cooper again until he and the driver of the car were standing on the outside engaged in a conversation.

Questions and Answers

Q. On July 02, 2004, was Mr. Cooper working as a security officer, specifically for Foot Locker?
A. Yes.

Q. Did you instruct Mr. Cooper to have the owner of the vehicle to move his vehicle?
A. No, I did not.

Q. Is it the policy of Foot Locker, to have the security officer approach the driver of an illegally parked vehicle in front of the store and request the vehicle to be moved?
A. No it is not the policy of Foot Locker, but the policy of the plaza. No parking signs stating fire lane, is posted throughout the plaza. I support it, because it prevents people from parking in front of the businesses, committing thefts and driving off.

Q. Did Security Officer Cooper appear to be upset by your comments or when he left the store?
A. No. He left out with a smile on his face.

Q. Did you witness the altercation or incident outside the store between Mr. Cooper and the driver of the vehicle?
A. I could not hear the conversation between Security Officer Cooper and the driver of the vehicle. From their body language, they appeared to be arguing.

Q. Did you hear any of the conversation between Mr. Cooper and the driver of the parked vehicle?
A. No. I was inside the store?

Q. How long was Mr. Cooper away from the store before you observed the two engaged in a conversation outside the store?
A. About twenty minutes total. The car had been parked there for about ten minutes before Security Officer Cooper went over to ask the person to move his vehicle. It was about ten minutes later when I observed the two of them outside talking.

Please be advised that your statement and/or your testimony may be needed at a future time for use in a civil service hearing or court of law.

On Friday July 02, 2004, between 5:30 and 6:00 pm, Officer Lucas entered the store and returned three videos. While I was checking the videos in, the security officer from Foot Locker, came inside the store and told Officer Lucas he needed to move his car because it was parked in a fire lane. Officer Lucas just said "okay". After returning the videos, Officer Lucas went to the rear of the store for about three minutes and selected another video. While Officer Lucas was in the back of the store, the security officer came back in the store looking all mean and told Officer Lucas he had ten seconds to move his car or he was going to get a ticket and his car was going to be towed. Officer Lucas didn't say anything. I walked back to where Officer Lucas was and said, "I don't know what is wrong with that guy". After checking out the video, Officer Lucas left the store and got in his car. I thought Officer Lucas was gone. About five minutes later, I saw Officer Lucas on the outside of his vehicle, talking to the security officer. I then observed Officer Lucas show the security officer his uniform. The two of them later walked over to the parking lot near the cars but I could not see what they were doing. A couple of police cars came later and I the security officer was put in the back of the car. I was told later he was arrested for pretending to be a police officer.

Subject: Fire Lane Restrictions

Per our conversation...Security Guards/Companies are regulated by the State under the following Title - I know of no reference therein allowing for the "ticketing" for firelane violations.

Title 43 as regulated by the Georgia Department of State, and the Georgia Board of Private Detectives and Security Agencies Chapter 509-1 Rules, Rule 509-3-02 and Rule 509-3-03. Generally, formal State Statutes (Laws) are written in a restrictive manner. This means that laws state what individuals are not allowed to do (i.e. "it is unlawful for a motoris to drive in a manner that...), versus what individuals can or are allowed to do.

On the **2nd** day of **July, 2004**, at approximately 9:55 p.m., the defendant(s) herein named:

The officer in this case was illegally parked in front of a foot locker. The on duty security officer, our defendant - Mr. Raymond Cooper, asked the officer, who was off duty in a private car, if he would move his vehicle. The officer refused. Keep in mind the officer was in plain cloths and appeared to be a regular patron as he was at the time of this arrest.

The defendant insisted that the officer move his private vehicle away from the front entrance of the store in accordance with store guidelines. The officer at that point had the defendant, who is the store security guard, arrested.
As such, I declined the case.

I have no idea how the case got indited on August 11, 2004. However, my decline to prosecute was signed on July 13, 2004.

In clarification as to the nolle prosse of the above case:

The complaint room is generally used as a training and entry point for the district attorney's office. A new attorney begins as a line attorney, then moves to the complaint room court, then to grand jury, then to the trial division and other divisions of the office. Rebecca Keel is the supervisor to the complaint room.

The case was received and processed by Hilton Miller, line attorney in the complaint room. The case was then handled by Jill Meekins, a courtroom attorney in the complaint room. It was then handed off to the Grand Jury attorney, Leigh Love. From there it was sent to the trial division where I received it.

I called the Fulton County Complaint Room and spoke to Ms Latona Anthony who is the attorney in charge at this time of day. She advised me that case # 041841600 is assigned to Assistant ADA Jill Hollander (404) 730-4970 in Judge Arrington's courtroom. I spoke to Ms Anthony and asked her about the charge of Impersonating a Police Officer and whether the charge would meet the criteria for arrest if a Security Officer presented himself to someone as a police officer. She advised that she felt that it would, but she would need to consult case law to be certain which she does not have time now to do. I then asked her if it would make a difference in the case if I were a police officer breaking a law and the security officer approached me identifying himself as a police officer would it make a difference in their opinion to accept the charge. Ms Anthony again said she felt that it would still stick as Impersonating a police officer, but she would have to consult case law to be certain.

RE: Conversation with Assistant District Attorney for the Fulton County District Attorney's Office Jill Hollander.

1100

Around 1100hours this morning I received a phone call from Jill Hollander who is an Assistant District Attorney with the Fulton County District Attorney's Office assigned to the Raymond Cooper case. Present with me were Lieutenant M. L. Hendricks and Investigator R. L. Bailey. I advised Ms Hollander that I needed to speak to her concerning the facts of the Cooper case. I asked Ms Hollander if she wouldn't mind being placed on speakerphone and she said that was fine.

Ms Hollander advised that the case had been indicted by accident. Ms Hollander was assigned the case as a result and felt compelled to investigate the case further. Ms Hollander said she spoke to Mr. Coopers attorney about the case. During their conversation the attorney told Ms Hollander that Mr. Coopers actions and words escalated the situation. Mr. Coopers attorney further told Ms Hollander that he was only trying to do a good job and should not have said he was a Police Officer. Ms Hollander said that after her investigation she felt that the case should have been handled as a misdemeanor and offered Disorderly Conduct with 12 months probation. She felt compelled to do this because the things said by Mr. Cooper to Investigator Lucas gave the impression Mr. Cooper was impersonating a Police Officer. Ms Hollander said since the complaint room offered a Nolle Prosequi , it was not refused by the defendant, and given the fact the defendant had no previous instances the case was not prosecuted. The lack of Criminal Intent as well as a

P-23-2-14

clean record played in Mr. Cooper's favor. This was also evidenced by the fact that Mr. Cooper continued to apologize to Ms Hollander for starting the confrontation.

Ms Hollander advised that she would prepare a copy of the file for me to review. She said she would notify me when it was ready.

1150

I called Mr. Cooper on his cell phone (404) 915-6924 to ask him to come to the office and bring with him his credentials showing him to be a certified Peace Officer. He advised he would come by the office around 1300 or 1330 hours.

I called Georgia Post at (770) 732-5974 and spoke to Ms Joyner who specifically handles Post Certifications for Corrections Officers. Ms Joyner advised that Mr. Cooper is a certified Basic Corrections Officer with the minimum 28 hours required for 2003, but not for 2004, or 2005. According to Ms Joyner for a Corrections Officer to have arrest powers as a Peace Officer one would have to be currently employed as a Corrections Officer and updated file.

I called Zone 4 and spoke to Sergeant Sherill asking him if Lieutenant Little was working. He advised that they were both off today and that they would not be back until Thursday.

1740

I called Lieutenant Little at home. He advised me that he was off today and tomorrow because he had mouth surgery. He further advised that he has 40 caliber training. He also said that Officer Strom is off on Tuesday and Wednesday. He said that on Thursday he and Strom would come to the office after roll call. Lieutenant Little stated that, "I thought that this would come back to bother him (referring to Investigator Lucas)." He further stated, "I didn't think it was a good case."

Because of the time situation I advised Major Harris of the delay in speaking to Lieutenant Little and Officer Strom.

PREDICATION

This truth verification examination was predicated upon a request from Sergeant Purvis, Atlanta Police Department Office of Professional Standards.

SCOPE

The scope of this truth verification examination shall be limited to the subject's honesty as it relates to an internal affairs investigation.

PRETEST INTERVIEW

During the pretest interview, Mr. Raymond Cooper made no admissions.

REPORT

On January 20, 2005 this agency extended an interview to Mr. Raymond Cooper relevant to an internal affairs investigation. During the pretest interview, we formulated (21) questions to be used in the general series testing sequence. I obtained the necessary release form, conducted the interview, and hereby submit the results to you. There were (8) relevant questions interspersed with irrelevant and control questions.

#4. Did you tell the detective that you were a peace officer? The subject answered yes, and no deception was indicated.

#6. Did you tell the detective that you were a police officer? The subject answered no, and no deception was indicated.

#10. Did you tell the detective that you were a policeman? The subject answered no, however deception was indicated.

P-25-2-8

#12. Did you use profanity when speaking with the detective? The subject answered no, and no deception was indicated.

#14. Did you tell the detective that you were going to lock his ass up and impound the car? The subject answered no, however deception was indicated.

#16. During the pat down of your body was that the only time the detective made physical contact with you? The subject answered yes, and no deception was indicated.

#18. Did the detective grab your arm? The subject answered yes, and no deception was indicated

#20. Did you tell the detective to get his hands off of you? The subject answered yes, and no deception was indicated.

POST-TEST INTERVIEW

Following the initial examination, a second examination was conducted utilizing the same test format as the initial examination as well as the same relevant questions. The results of the second examination were the same as the initial examination. Due to no admission being made by the applicant, the same relevant, irrelevant, and control questions were provided.

CONCLUSION

Based upon my training, and experience, it is my opinion that the subject did not respond truthfully to the relevant questions. Due to the gravity of the charges, a second opinion was requested from Officer K. Watson, Certified Voice Stress Analysis Examiner. The evaluation charts were done "in the blind". The conclusions drawn by Officer K. Watson were the same as those of this examiner that the subject did not respond truthfully to relevant questions #10 and #14. I am maintaining a copy of this report on file as well as the original signed release.

P-28-3-78

II. POLICY OR PROCEDURAL CHANGES, TRAINING, RECOMMENDATIONS, AND/OR COMMENTS

Mr. Raymond Cooper alleges Investigator Lucas and Lieutenant Little used inappropriate action during an incident that occurred on July 2, 2004.

A review of the complaint file revealed the following. Mr. Cooper was working as a security guard at Foot Locker. Mr. Cooper stated he observed Investigator Lucas park his personal vehicle in the Fire Zone and go into the video store next to the Foot Locker. Mr. Cooper stated Investigator Lucas failed to move his vehicle after being repeatedly told to do so. Mr. Cooper stated Investigator Cooper became extremely aggressive, accused him of impersonating a police officer and placed his hands roughly on him. Mr. Cooper stated he call 911 and requested a supervisor. Mr. Cooper stated he was arrested. Mr. Cooper stated the Unknown Officer (supervisor) authorized the arrest. The assistant manager at Foot Locker (Mr. Price) stated he did not instruct Mr. Cooper to have the driver move the vehicle. Mr. Price stated although he remained in the store, he could see Investigator Lucas and Mr. Cooper engaged in what appeared to be a verbal argument, but he could not hear the conversation. Mr. Price stated he did not observe Investigator Lucas place his hands on Mr. Cooper. Mr. Lugo who was employed at the video store stated Mr. Cooper's attitude was 'bad' and you would have thought he was a real police officer the way he told Investigator Lucas to move his vehicle. Mr. Lugo stated Investigator Lucas did not seem upset and just said, "Okay." Mr. Lugo stated he did not observe Investigator Lucas place his hands on Mr. Cooper. Investigator Lucas maintains Mr. Cooper told him he was a police officer, and not only could he give him a ticket; he could lock his ass up and impound his car. Lieutenant Little instructed Investigator Lucas to call the complaint room to determine if the ADA would accept the charge of impersonating a police officer. Investigator Lucas stated the ADA advised him to proceed with the charge. Investigator Lucas did admit to parking his vehicle in the fire zone, and received a counseling form. Investigator Lucas admitted he did not identify himself as a police officer when asked to do so because he works in an undercover capacity. Investigator Lucas stated the only time he touched Mr. Cooper was to pat him down to search him. Command recommended that **4.1.01** (Appropriate Action Required) be ruled **Not-Sustained.**

RE: Phone and Personal Contacts
OPS # 04-C-0371-MISC

On August 16, 2004, I received a complaint filed by Mr. Raymond Cooper, OPS File # 04-C-0371-MISC.

After thoroughly reviewing the complaint file, I met with Investigator Lucas on August 17, 2004, and advised him of the complaint filed against him. I obtained a copy of the offense report and an employee statement from him on this date. I also met with Lieutenant D. Little and obtained an employee statement from him.

On August 19, 2004, I met with Officer J. Strom and obtained an employee statement from him regarding the incident.

On August 20, 2004, I went to the Foot Locker located at 2052 Campbellton Road, attempting to locate Mr. Cordy Price and was told he was not in. I went next door to Eastern Video and met with Mr. Manuel Lugo who stated he was the employee on duty the day the incident occurred. Mr. Lugo stated he would make a statement but needed to advise the owner of the business first.

On August 24, 2004, I contacted Foot Locker by phone and was told Mr. Price was not working. After advising the person of my name and place of business, I asked the person if he knew when Mr. Price would return to work. The person stated he did not. When I asked the person his name, he stated he could not give his name over the phone. I asked him if he could take my name and number and have Mr. Price call me. The person stated he would.

On September 08, 2004, I went to Foot Locker and was told again Mr. Price was not in. Upon going next door to Eastern Video, I tried to meet with Mr. Lugo, and was told he only worked on the weekends.

On September18, 2004, I went to Foot Locker and observe red Ms. Taylor, a security officer

whom I was familiar with. I kn. Ms. Taylor when she worked as a Co. tion Officer for the City of Atlanta and asked her if she was familiar with the incident. Mr. Taylor stated she was not, but did know the security officer that was arrested. When I asked Ms. Taylor if she knew Mr. Cordy Price, she stated she did and that he was scheduled to work tomorrow. I advised Ms. Taylor I was having a difficult time contacting Mr. Price. Ms. Taylor gave me her cell phone number and advised me to call her on September 19, 2004, and she would put Mr. Price on the phone.

On September 19, 2004, I spoke to Mr. Price and advised him that Mr. Cooper had listed him as a witness to the incident. Mr. Price stated he did not witness the incident, but did observe the vehicle parked illegally. Mr. Price agreed to give a statement, a provided me with a statement over the phone. Mr. Price reviewed and signed his statement on September28, 2004.

On September 19, 2004, I contacted Mr. Lugo by phone and asked if he was willing to provide a statement. Mr. Lugo agreed and provided his statement over the phone. Mr. Lugo reviewed his statement and signed his statement on September 25, 2004.

On September 27, 2004, I contacted Mr. Cooper to see if he was employed as a correction officer at the time the incident occurred. He stated he was not, but his certification had not expired.

No other witnesses were located or identified.

Re: Harassment, False Imprisonment, Assault, Abuse of Power, and Embarassment

Date: July 2, 2004, Time approx 1730 hrs

To Whom it may concern:

On July 2, 2004 I Security Officer Raymond Anthony Cooper was working at the Footlocker Store Inc. located at 2062 Campbelton Road, Atlanta Ga. At approx 1730 p.m. I security officer Cooper observed a gray car parked in front of the Footlocker store, not directly in front, but park where managers of Footlocker do not want vehicles parked. In this case this vehicle was parked in a Fire Zone. I officer Cooper saw the owner go into the video store next door to Footlocker to turned some tapes in. I requested to the owner in a professional manner if he could moved his vehicle out of the Fire Zone. I asked him **atleast (4) times per Footlocker manager request.** The owner refused and ignored my command. I told him in an aggressive way that either his car would be towed or ticket. **He became very aggressive, and asked me who am I. I told him I was security for Footlocker, and I am post certified with the State of Georgia, and I work closely with the police Department. The owner got out of his car and walked towards me, and stated so you telling me you are a police officer, I continue to state to him I work closely with the APD. At that time the owner became aggressively violent with me and as I was walking towards my vehicle the owner place his hands roughly on me.** I told him to get his hands off me. At that time I phoned 911 for assistance. He then said to me, that I am (he) a detective, and I was going to get hurt if I did not comply with his instructions. He stated that I was **Impersonating a Police officer**, and that is a Felony, and I was going to jail. I told him that I was doing my job as a Security officer enforcing the rules. At about 1600 hrs 2 or 3 Police cars arrived; The Detective told me to sit in Officer Lucas' car. I did. Then 911 phoned me back, and asked if they needed more officers, I told them no. However I needed to talked to a APD supervisor. She stated he was on his way. At that time the Detective read my rights, and patted me down in front of the Footlocker employees and all the other customers, which was an embarrassment, and asked me if I want to say anything to him, I stated no. The APD supervisor arrived and told me what the Detective told him about me impersonating an officer, I told the Supervisor that was not true. **The Detective was wrong about not moving his car what this incident mainly was about; however it became an abused of authority and power in my opinion. Furthermore, he did not acknowledge me until ex-po- facto after I phoned 911; that he was a Detective.** At that time I officer Cooper was taking in

OPS# 04-C-0371-MIS

P-5-1-3
P-28-25-78

the patrol van to Fulton County Jail, along with other inmates in the vehicle. During my intake at the Fulton County jail this was the most devastating moments in my life. I was not and am not a Crimminal of no means. However I was treated like a Animal at the Fulton County jail. I even had 2 Black APD officers who was harassing me ,based on what the Detective told them. I officer Cooper signed my on bond the next day. I was not allowed to used the phone, not even one call while detained. I think that was against my rights. My bond was in effect at 9am Saturday morning. During that time I was told I am being released. I was handcuff and escorted to the front of the jail. However, I was told to go inside of a Lock down cell. I officer Cooper stayed in that cell even though my bond took in effect that morning; **I stayed locked down until Sunday July 4, 2004 at approx 2100hrs. I did not have accessed of using a phone . I was very sick inside the cell. The Detention officers were very very nasty to me. That was a total of 18 hrs staying in the jail while on bond, which was set at a $1000 dollars.**

To this day, A court date has not been set for me. However, at this point in my life I feel like I was improperly treated wrongly, unjustice, abuse of power by Police officers, Freedom was taken from me for 3 days, lost of significant amount of income, Assault. and improper conduct. My car was impounded, and my cuffs and weapon was taken. As a Correctional officer I saw inmates whom I was under their guidance as a Correction Officer, which could have put my life in danger, and Counseling must be done for me to restore my dignity. I Cooper did not eat for 2 days, and furthermore did not sleep; just look up at the Lord and ask him for **Strength, Guidance and Forgiveness, for they do not know what they had done.**

I Raymond Cooper doing my Job as a Security Officer based on what the Footlocker store manager wanted, was improperly treated badly by a undercover Detective, who did not make me aware that he was in Law Enforcement. **However, wrong is wrong.** Parking in a FIRE ZONE Lane with the exception of a Patrol vehicle was not justified by this Detective. Therefore I was lock up because of the Detective word vs my word.The APD officers took one side of the story without probable cause to have lock me up. I Have never been in trouble with the law, and with my credentials enclosed you can see that I am very very professional in whatever I do. No, I am not a Police Officer, However I no what is right from wrong. **He the Detective was WRONG.** It appears to me that this Detective was off duty. However I officer Cooper was in my uniform to the fullest, and on duty doing my job enforcing city ordinance, following my Policy and Procedures according to Footlocker and Weiser Security.

As a result of this ordeal, I Raymond Cooper will resigned from Weiser Security Services, Inc. Effective to this date 4 July 04 which is a great lost of income to me. Based on DAMAGED CONTROL.Thank you Mr. Weiser for allowing me to work for your company. I must also informed my new employer of the misdmeanor I received during this event.

Mr Chief of Police and Mayor of Atlanta I must say that all officers are not always right, and **I think an INTERNAL Investigation** need to be conducted on the behavior of the officers involved, and the Detective. I must say that I have a witnessed who saw the

Detective placed his full hands on me. In addition, I do have my phone bill showing I called 911 twice. Furthermore the Footlocker manager was on me the other day about customers parking in front of their store due to shoplifting, and other security concerns. I will present my case to the fullest to the State Court in all honesty. There is forgiveness but you can't forget.

I am Sergeant G.G. Glass of the Atlanta Police Department. By your making this statement you are providing information in an investigation being conducted by the Atlanta Police Department. Please be advised that your statement and/or your testimony may be needed at a future time for use in a civil service hearing or court of law.

On Friday, July 2, 2004, at approximately 5:30 p.m., I, Security Officer Cooper, was working at Foot Locker located at 2062 Campbellton Road, Atlanta, Georgia. I observed a gray Maxima or Buick parked in a Fire Zone in front of the Foot Locker Store. The Foot Locker Manager Cody Price had requested me to tell the individual that car needed to be moved. I notified the individual, while he was in the video store that his car had to be moved. The individual kept his car parked there was a good 30 minutes. I then told the individual that his car would be either towed or ticketed. The individual became very aggressive by yelling and asked, who was I, and said, show me your badge. I told him hat I worked security for Foot Locker and that I am post certified for the State of Georgia and that I work closely with the Atlanta Police Department. The individual got out his car and walked towards me as if he was going to hit me and stated, "so you telling me you are a police officer, I want to see a badge." I told him that I was a peace officer. I walked over to my car in the Foot Locker parking lot. The individual physically grabbed my arm and I told him to let my arm go. At that time the individual physically took my weapon out of my holster and told me he was a detective. I called 911 and Officer Lucas arrived. The detective told me to sit in the back of the police car and then the APD supervisor showed up, I think his name was Sgt. Patterson. The supervisor told me that the detective told him that I was being charged with impersonating an officer. I told the supervisor that wasn't true. I was then taken into custody and taken to the Fulton County jail. I stayed in jail for three days. The detective was very unprofessional. I feel

personally that he abused his authority by falsifying information to the Atlanta Police Department. I have been in security for over two and a half years. I have a master's degree in social work. I served in the US Army as an officer and I have never, never been in trouble with the law. I have always been a productive citizen and served my country well. The embarrassment, harassment, assault and abuse of power would not have taken place if the individual had told me that he was a detective in the beginning and that he would be parking in the Fire Zone in front of Foot Locker for a little while. I have always respected police officers and any other law enforcement in the most highly professional manner. I feel that after staying in jail for three days, it was wrong. I feel that this detective, that did not let me know his name, needs to be reprimanded. I want to know why I was locked up for doing my job and why the detective didn't let me know he was a detective in the first place?

Q: Was anyone present during your encounter with the detective?

A: Yes. Cody Price the Foot Locker manager but he was inside.

Q: Did you ask the detective for his name?

A: Yes, he refused to give it to me.

Q: What information did this detective falsify?

A: The detective told Officer Lucas that I told him I was a police officer. I did not say no such thing. I told the detective that I was a peace officer and I have the document to prove it. I presented my document.

I have read or had read to me the above statement and I swear or affirm that it is true to the best of my knowledge and belief.

On Friday July 02, 2004, I was working as the Assistant Manager at the Foot Looker Store located at 2052 Campbellton Road, when I observed a vehicle park illegally in the fire lane, in between this store and the video store next door. As I looked over at Security Officer Cooper, he said, " I know, I know, I'll take care of it". Officer Cooper was standing at the front of the store, looking out the window and observed the car pull up and park in the fire lane, in between both stores. I told Mr. Cooper that I wasn't asking him to go and find the driver, but to ask them to move the vehicle before they get out and walk away. Security Officer Cooper said okay, and left the store. I did not see Security Officer Cooper again until he and the driver of the car were standing on the outside engaged in a conversation.

Questions and Answers

Q. Did you instruct Mr. Cooper to have the owner of the vehicle to move his vehicle?

Q. Is it the policy of Foot Locker, to have the security officer approach the driver of an illegally parked vehicle in front of the store and request the vehicle to be moved?
A. No it is not the policy of Foot Locker, but the policy of the plaza. No parking signs stating fire lane, is posted throughout the plaza. I support it, because it prevents people from parking in front of the businesses, committing thefts and driving off.

Q. Did Security Officer Cooper appear to be upset by your comments or when he left the store?
A. No. He left out with a smile on his face.

Q. Did you witness the altercation or incident outside the store between Mr. Cooper and the driver of the vehicle?
A. I could not hear the conversation between Security Officer Cooper and the driver of the vehicle. From their body language, they appeared to be arguing.

Q. Did you hear any of the conversation between Mr. Cooper and the driver of the parked vehicle?
A. No. I was inside the store?

Q. How long was Mr. Cooper away from the store before you observed the two engaged in a conversation outside the store?
A. About twenty minutes total. The car had been parked there for about ten minutes before Security Officer Cooper went over to ask the person to move his vehicle. It was about ten minutes later when I observed the two of them outside talking.

I have read or had read to me the above statement and I swear or affirm that it is true to the best of my knowledge and belief.

On Friday July 02, 2004, between 5:30 and 6:00 pm, Officer Lucas entered the store and returned three videos. While I was checking the videos in, the security officer from Foot Locker, came inside the store and told Officer Lucas he needed to move his car because it was parked in a fire lane. Officer Lucas just said "okay". After returning the videos, Officer Lucas went to the rear of the store for about three minutes and selected another video. While Officer Lucas was in the back of the store, the security officer came back in the store looking all mean and told Officer Lucas he had ten seconds to move his car or he was going to get a ticket and his car was going to be towed. Officer Lucas didn't say anything. I walked back to where Officer Lucas was and said, "I don't know what is wrong with that guy". After checking out the video, Officer Lucas left the store and got in his car. I thought Officer Lucas was gone. About five minutes later, I saw Officer Lucas on the outside of his vehicle, talking to the security officer. I then observed Officer Lucas show the security officer his uniform. The two of them later walked over to the parking lot near the cars but I could not see what they were doing. A couple of police cars came later and I the security officer was put in the back of the car. I was told later he was arrested for pretending to be a police officer.

On July 02, 2004, around 1755 hours, I was on my way home when I decided to stop by the Eastern Video Store, located at 2052 Campbellton Road SW, to drop off three video cassette tapes I had rented earlier during the week. I had just gotten off from work and had my entire city issued police equipment in my vehicle. After driving through the parking lot several times and not finding a vacant parking slot nearby, I parked in front of the business so I could keep an eye on my vehicle to ensure it wasn't broken into and my equipment stolen. While inside the store turning in the tapes, a security officer came inside the video store and stated that I needed to move my car because I was parked in a fire lane. At this time, I responded by saying okay. After turning in the videos, I was trying to find another movie selection when Mr. Cooper entered the video store again and said in a very hostile manner " you've got ten seconds to get out there and move your car or I'm going to write you a ticket and have your car impounded. At this time I did not respond to Mr. Cooper because, it appeared to he was agitated. After paying for the rental, I left the store and got into my car. As I started my car, I heard a loud, forceful knock on my passenger side window. As I looked over, I noticed it was Mr. Cooper. As I rolled down my window, Mr. Cooper said, " I told you to move this damn car". As I looked at Mr. Cooper in disbelief, he followed up by saying, " I should be glad he didn't give my ass a ticket". I then asked him how was he going to write me a ticket. Mr. Cooper stated he was a policeman, and not only could he give me a ticket, he could lock my ass up and impound my car. I then asked Mr. Cooper where did he work and he stated that he was a state police officer. At this point, I advised

Mr. Cooper, I was an Atlanta Police Officer and showed him my badge and city identification card, bearing my name and photo. After exiting my vehicle, I advised Mr. Cooper that if he was a police officer, I needed to see his credentials. Mr. Cooper stated his credentials were in his vehicle. As we walked over to his vehicle, I explained to Mr. Cooper that I did not appreciate the manner in which he spoke to me and if he was a police officer, his conduct was unprofessional. As we arrived at his vehicle, Mr. Cooper looked through his vehicle, but failed to show me anything identifying him as a police officer. Mr. Cooper then removed a card from his wallet, which identified him as a corrections officer. As we walked back over to my vehicle, I explained to Mr. Cooper that he was representing himself as a police officer, which was a violation of the law and he could be arrested. I advised Mr. Cooper that the charge of, Impersonating a Police Officer was a Felony. I then requested an additional unit to meet with me. During our conversation, I noticed Mr. Cooper was armed with a handgun, which was in a holster on his side. For my safety and the unit responding, I asked Mr. Copper to give me his weapon so that I could make it safe. Mr. Cooper initially refused to give up his weapon until I advised him he was only making things worse. Upon removing the weapon from its holster, I removed four .38 caliber rounds from the weapon. Mr. Cooper was then arrested and advised of his Miranda warning. Mr. Cooper then requested a supervisor. Once the unit arrived, I identified myself to him as a police officer and showed him my badge and identification. I advised the officer that Mr. Cooper was under arrest and needed to be secured in his vehicle. Prior to placing Mr. Cooper inside the police cruiser, I patted him down for additional contraband. No additional weapons were found. Upon requesting a supervisor, Lieutenant D. Little responded to the scene. Once Lieutenant Little arrived, I informed him of the incident between Mr. Cooper and I, and that Mr. Cooper had represented himself as a police officer, which he is not. Mr. Cooper did not say much when Lieutenant Little attempted to talk to him. After speaking with Mr. Cooper, Lt. Little advised me to contact the Complaint Room and see if they would take the case. Lt. Little said if the complaint room was okay with the case and I felt compelled to make the arrest, to do so. Upon contacting the complaint room by phone and speaking with the ADA in charge, I was advised to proceed with the case. Mr. Cooper was charged with Impersonating a Police Officer. Mr. Cooper's equipment was confiscated and turned into property. Mr. Cooper refused to let someone take control of his vehicle so it was impounded. Mr. Cooper was searched, placed in the police

Questions and Answers

Q. Did you park your vehicle illegally in a fire lane?

A. Yes. I did park my vehicle in an area marked as a fire lane, but only to watch my vehicle, which is where my equipment is kept. I have rented videos from that location before and was always able to park in a parking slot, where I could visibly watch my vehicle from inside the store because my equipment is secured in my vehicle.

Q. Mr. Cooper felt you could have initially identified yourself to him as a law enforcement officer. Is there any reason you did not identify yourself as a law enforcement officer when he entered the store and asked you to move your vehicle?

A. I did not identify myself to Mr. Cooper because I work in an undercover capacity and felt there was no reason for him to know I was a police officer. I have seen Mr. Cooper before, working at the Foot Locker, but I don't know him personally or his relationship with the police department or the customers that patronize that store. I am assigned to investigate narcotics activity in that area, and constantly see some of the suspects I have arrested or believe are involved in the sale of narcotics frequenting businesses in that plaza, especially Foot Locker.

Q. At any time during your incident with Mr. Cooper, did you identify yourself?

A. I told Mr. Cooper who I was and showed him my badge and police identification after he approached my vehicle and began threatening me about what he could do, using profanity at me in his instructions and stating he was a policeman.

A. No. Mr. Cooper was armed with a handgun. The only time I placed my hands on Mr. Cooper physically was to pat him down and to search him.

Q. At any time during the incident, did you observe any Atlanta Police Officer harass Mr. Cooper?

A. No.

Q. Is there anything else you would like to add to your statement?

A. At no time did I use my position as a police officer to intimidate Mr. Copper. Also at no time did any police officers or supervisors' act in a discourteous manner toward Mr. Copper. He was treated with the respect at all time during our encounter. Mr. Cooper's actions and representation as a police officer led to his arrest. Mr. Cooper's actions prior to him being arrested were very aggressive and hostile. He identified himself to me as a policeman and attempted to intimidate me by acting and speaking with a very threatening demeanor. I was not intimidated by his behavior. The average citizen would have intimidated been or became confrontational once he or she realized Mr. Cooper was not a police officer. Mr. Copper was dressed in a policeman style uniform and could easily give the appearance to an ordinary citizen that he indeed was a policeman.

Q. Is there anything else you would like to add to your statement?

All employees must answer questions and make available relevant materials or sworn statements concerning an investigation of allegations of employee misconduct when directed to do so by a disciplinary authority or duly appointed investigator. Employees may obtain representation but cannot delay questioning for more than three hours beyond the time he or she was notified of the questioning. Administrative statements made by employees and evidence gained by reasons of such statements may not be used against the employee in criminal proceedings involving the employee except in cases of perjury.

On July 02, 2004, around 1810 hours, I was advised of a supervisor request at 2052 Campbellton Road SW, by the zone four dispatcher. After acknowledging the call, I immediately proceeded to the location. Upon arriving at the scene, I was approached by Investigator Lucas, who I am familiar with and advised of the incident. I then met with Mr. Cooper who was seated in the rear of the police cruiser. Mr. Cooper was visibly upset that he was being placed under arrest for impersonating a police officer and denied ever saying he was a police officer. I explained the law to Mr. Cooper and advised him that I could not un-arrest him. After listening to Mr. Cooper, I asked him if he was abused physically or verbally and he advised, no. I asked Mr. Cooper if there was anything else he wanted to say and he said no. I advised Investigator Lucas to contact the complaint room and see if they would take the case. Investigator Lucas advised me several minutes later that the complaint room stated they would accept the case. I signed the arrest citation and left the scene.

RE: Memorandum regarding Complaint filed by Mr. Raymond Cooper
OPS # 04-C-0371-MISC

On July 14, 2004 at 1000 hours, Mr. Raymond Cooper filed a complaint alleging that on July 02, 2004, an unknown detective abused his authority by falsifying information to the Atlanta Police Department, which led to his arrest. Mr. Cooper said he was also filing the complaint against Officer Lucas and the supervisor who allowed the arrest to take place. During his complaint, he refers to the unknown detective as the person who parked illegally and had him arrested later. Mr. Cooper refers to the responding uniform officer as Officer Lucas and believes the responding officer is the person who arrested him based on the information he received from the unknown detective. Mr. Cooper said he thought the name of the supervisor that responded to the scene was Sergeant Patterson. The identity and role of the Atlanta Police Officer's involved or mentioned in this complaint is as follows: **Nathan Lucas** is an Atlanta Police Investigator assigned to the Criminal Investigative Division, Special Enforcement Section. Investigator Lucas is the person who parked his personal vehicle in the fire lane, exchanged words with Mr. Cooper and later arrested him for allegedly impersonating a police officer. Investigator Lucas completed all the paperwork pertaining to this case. **Officer Justin Strom** is the Zone Four Uniform Officer that responded to the scene and allowed Investigator Lucas to secure Mr. Cooper in his patrol vehicle until the police wagon arrived. **Lieutenant Douglas Little** is the supervisor who responded to the scene upon request and spoke to Investigator Lucas and Mr. Cooper.

This investigation revealed that on July 02, 2004, between 1730 and 1805 hours, Investigator Lucas parked his personal vehicle illegally in front of, or adjacent to Foot Locker located at 2052 Campbellton Road SW. This area was properly marked with signs posted throughout the area saying "No Parking Fire Lane." Mr. Cooper, the Security Officer at Foot Locker, Mr. Price the Assistant Manager at Foot Locker and Mr. Manuel Lugo, an employee at Eastern Video Store said in their statements, Investigator Lucas was parked out front of their establishment in an area prohibiting parking. Investigator Lucas said he did in fact, park his personal vehicle in front of the Eastern Video, in an area marked and designated as a fire lane, to return three videos. Investigator Lucas stated after driving through the parking lot and not

P-28-51-78
P-14-1-3

finding a parking slot nearby, he parked directly in front of the store so he could watch his vehicle, which contained all of his police equipment that was in his vehicle.

Investigator Lucas and all witnesses acknowledge he was parked illegally in a fire zone.

Mr. Cooper stated he entered the video store next door and advised the owner in a professional manner he needed to move his vehicle out of the fire zone. Mr. Cooper said he asked the owner at least four times at the request of the Foot Locker Manager. **Mr. Cooper said after the owner refused and ignored his command, he told him in an aggressive way that either his car would be towed or ticket.** Mr. Price said in his statement during a conversation with Mr. Cooper, " I'm not asking you to go and find the driver, but to ask people parking illegally in front of the store to move their vehicle before they get out." Investigator Lucas said when Mr. Cooper entered the store the first time and asked him to move his vehicle, e responded by saying, "okay." Lucas said when Mr. Cooper entered the video the second time and told him his vehicle would be ticketed or towed, he did not responded because Cooper appeared agitated. Mr. Lugo's account of what happened in the video store was similar to that of Investigator Lucas.

Both Investigator Lucas and Mr. Lugo said Mr. Cooper entered the video store on two occasions, appeared agitated and had a bad attitude. Mr. Cooper admitted in his own statement that he told the individual in an aggressive way that either his car would be towed or ticket.

Mr. Cooper stated the individual (**Investigator Lucas**) became very aggressive and asked him who he was. Cooper said he told him he was a security officer with Foot Locker, and that he was Post Certified with the State of Georgia and worked closely with the Atlanta Police Department. Cooper said the owner got out of his car and walked towards him and stated, "So you telling me you are a police officer, I want to see your badge. Cooper said he told the individual he was a peace officer. Cooper said the individual became aggressively violent with him. Cooper said as he was walking towards his vehicle, the owner physically grabbed his arm and he told him to let go of his arm. Cooper said the individual physically took his weapon out of his holster and told him he was a detective.

Investigator Lucas said after he left the video store and entered his vehicle, he heard a loud, forceful knock on his passenger window. Lucas said when he looked over he noticed it was Mr. Cooper. Lucas said as he let down his window, Mr. Cooper said, " I told you to move this damn car". Lucas said as he looked at Mr. Cooper in disbelief, Mr. Cooper stated, You should be glad I didn't give you a ticket. Lucas said when he asked Mr. Cooper how was he going to write him a ticket, Mr. Cooper stated " not only could he give me a ticket, he could lock my ass up and impound my car. I then asked Mr. Cooper where did he work and he stated he was a state police officer. Lucas said at this time he advised Mr. Cooper he was an Atlanta Police Officer and showed him his badge and city identification card. Lucas said after exiting his vehicle, he advised Mr. Cooper that if he was a police officer, he needed to see his credentials. Lucas said Mr. Cooper could only produce documentation showing he was a correction officer at best. Lucas said he explained to Mr. Cooper he was representing himself as a police officer, which was a violation of the law. Lucas said he removed Mr. Cooper's weapon for his safety and the safety of the responding units.

P-14-2-3
P. 28-52-78

There was no witness identified that heard the conversation between Investigator Lucas and Mr. Cooper as they communicated outside the video store, therefore, I cannot determine which statement is an accurate account of what really happened.

Both Investigator Lucas and Mr. Cooper stated they requested a uniform officer and a supervisor to the scene. Officer J. Strom said when he arrived Investigator Lucas identified himself as an undercover narcotics officer and displayed his badge and identification. Strom said Investigator Lucas advised him that the person he had in custody was under arrest and needed to be secured in his patrol vehicle. Officer Strom stated he provided Investigator Lucas the necessary paperwork needed to process the case. Lieutenant D. Little said when he arrived on the scene, he met with Investigator Lucas first. Lieutenant Little said after being advised of the incident, he spoke to Mr. Cooper who was seated in the rear of the police cruiser. Lieutenant Little said Mr. Cooper was visibly upset that he was being placed under arrest for impersonating a police officer and denied ever saying he was a police officer. Little said he explained the law to Mr. Cooper and advised him he could not un-arrest him. Little said he asked Mr. Cooper if he was abused physically or verbally and he advised, no. Little said he advised Investigator Lucas to contact the complaint room first and see if they would take the case. Little said after Investigator Lucas advised him the complaint room would accept the case, he signed the arrest citation and left the scene.

Lieutenant Little and Officer Strom actions appear to be appropriate. Officer Strom had nothing to do with the arrest of Mr. Cooper other than allowing him to be placed in the city vehicle he was operating until the police wagon arrived. Lieutenant Little responded to the scene as requested. After speaking to Investigator Lucas and hearing his version of the incident, he met with Mr. Cooper. Lieutenant Little said he explained the law to Mr. Cooper and advised him he could not un-arrest him. Lieutenant Little instructed Investigator Lucas to contact the complaint room to see if they would accept the case. Little was later advised by Investigator Lucas that the complaint room accepted the case.

I feel that I have thoroughly investigated the complaint filed by Mr. Cooper and have attempted to identify any person that may have witnessed the incident between he and Investigator Lucas. Based on the statements provided, it is my opinion that Lieutenant D. Little and Officer J. Strom did not violate any department work rule, policy, or procedure and should only be listed as witnesses to this incident. Both officers responded to the scene as requested and had nothing to do with Mr. Cooper's arrest. Mr. Cooper is adamant his arrest occurred because Investigator Lucas did not appreciate being asked to move his vehicle out of a fire lane by a security officer. Investigator Lucas insist that the arrest of Mr. Cooper was a result of him identifying himself as a police officer, used profanity while verbally threatening to ticket, tow his vehicle, intimidate and arrest him. After carefully reviewing the statements of Mr. R. Cooper and Investigator N. Lucas, I am unable to determine if the arrest of Mr. Cooper by Investigator Lucas was appropriate or inappropriate and recommend the complaint be classified as **Not Sustained**. However, through his own admission, and being witnessed by others, Investigator Lucas did violate **Work Rule 1.05 Obey the Law,** when he parked his personal vehicle in an area properly marked with a sign posted which states, " No Parking Fire Lane." The signs are posted throughout the plaza and appear to be city issued. For this violation, I recommend a counseling form be issued for his infraction.

EMPLOYEE: LUCAS, Nathan OPS CONTROL #: 04-C-0371-MISC

I. FINDING OF FACT: *(LIST FACTS IN SIMPLE SENTENCES; DO NOT INCLUDE DISCIPLINARY ACTION RECOMMENDATIONS.*

On July 02, 2004, Investigator N. Lucas admits he parked his personal vehicle in an area marked with signs posted saying, " No Parking Fire Lane," while returning three videos to Eastern Video, located at 2052 Campbellton Road SW. Security Officer Cooper states he asked Investigator Lucas to move his car at least four times, refusing and ignoring his command. Investigator Lucas and Mr. Lugo stated Mr. Cooper entered the video store twice requesting the vehicle be moved, the second time stating it would be ticket or towed. Cooper said he advised Lucas in an aggressive manner his car would be ticket or towed. Lucas said as he left the store and entered his vehicle, Cooper knocked on his passenger window in a loud and forceful manner. Lucas said Cooper identified himself as a police officer after using profanity towards him while threatening to ticket, tow his vehicle, intimidate and arrest him. Lucas said he arrested Cooper after Cooper could not produce any credentials identifying him as a police officer. Cooper said Lucas became aggressive with him. Cooper said Lucas exited his car and walked toward him as if he was going to hit him and stating, " so you telling me you are a police officer." Cooper said he told Lucas he was a state police officer. Cooper said as he walked to his vehicle, Lucas grabbed his arm and physically took his weapon. Cooper said he was later arrested for impersonating a police officer. There were no witness identified who observed the conversation between Cooper and Lucas outside the video store.

Dear Officer Cooper:

It is with great pride I learned that you are being presented with our award for "Client Commendation".

A company, such as ours, can only be successful when employees, such as you, serve our customers well. The comments we recently received from our client regarding your service are evidence of outstanding performance.

You go above and beyond expectations with your dedication to your post at Foot Locker. Recently management wrote to let us know what a great job you are doing. They were extremely pleased with how you handled a customer using profanity while shopping in the store. You were very professional and calm through the incident.

We are proud to have you on our team. In appreciation of your good work, we would like to present our Client Commendation pin to you.

Sincerely,

MEMO TO FILE REGARDING 04SC20040
State V. Raymond Cooper
APD # 041841600

I was contacted by Sgt Purvis regarding an internal affairs investigation into the actions taken by Inv. Lucas with regards to this arrest.

I received this file from the complaint room in September of 2004. Prior to my receipt of the file I was contacted by Hilton Miller of the complaint room who stated that the case should not have been indicted and that I should Nolle Prosequi the case. He had declined the case on July 13, 2004. The case had been sent to Grand Jury by Jill Meekins, another complaint room attorney.

I reviewed the file and spoke with Rebecca Keel, Deputy Chief of the complaint room and determined that a Nolle Prosequi was not appropriate. The defendant then bond forfeited off the plea and arraignment calendar.

The case next appeared on a calendar in early October after the defendant's re-arrest. I spoke at length with the defendant's attorney, Ebony Ameen. She stated that the defendant was working as a security guard and was simply trying to do his job well because the administration had really "gotten on him" about removing cars from the area where Lucas was stopped. She also stated that the defendant did threaten to write Inv. Lucas a ticket and arrest him if he did not move his car. As it was explained to me, the defendant did not have any criminal intent in making such a threat, he was just frustrated with the job/parking situation as a whole and was attempting to do his job well. She admitted that he may have escalated the situation by immediately offering the ticket without a previous request of "please move you car." The defendant did not have a criminal history and had maintained employment. Because of his lack of history, and the fact that he had been honest with the circumstances, and the fact that the complaint room had made the offer of the nolle prosequi, I reduced my offer of Disorderly Conduct with 12 months probation and consented to the dismissal.

The dismissal is not due to any evidentiary deficit. The defendant did represent himself as a police officer and carried a firearm. However, given the unusual circumstances of the case dismissal seemed to be the most appropriate remedy.

To my recollection, I did not speak with Inv. Lucas at any time. However, it was always my understanding the Inv. Lucas was parked improperly.

Should you require any additional information please feel free to contact me at 404-730-4970.

The officer in this case was illegally parked in front of a foot locker. The on duty security officer, our defendant - Mr. Raymond Cooper, asked the officer, who was off duty in a private car, if he would move his vehicle. The officer refused. Keep in mind the officer was in plain cloths and appeared to be a regular patron as he was at the time of this arrest.
The defendant insisted that the officer move his private vehicle away from the front entrance of the store in accordance with store guidelines. The officer at that point had the defendant, who is the store security guard, arrested. As such, I declined the case.
I have no idea how the case got indited on August 11, 2004. However, my decline to prosecute was signed on July 13, 2004.

Case appeared on 9-23-04 plea and arraignment cal for Judge Arrington. The facts, as outlined, indicate that the defendant did impersonate a police officer. I spoke with Rebecca Keel and we decided to keep the case open, as indicted. The previous decline to prosecute is rescinded. D is in BF for not coming to cal. Case will be refiled on 4th Floor until he is brought to court.

RE: INVESTIGATION AND DISPOSITION OF COMPLAINT NUMBER 05-C-0173-MISC

An Investigation of the allegations of this complaint and any other allegations, which arose during the investigation, have been completed. **The following represents the findings of this investigation:**

1. INVESTIGATIVE DISPOSITION

a.	of the Complaint against [X] **Not Sustained**	Sergeant Wilbert Stallings **4.1.01 (Appropriate Action Required)**
b.	of the Complaint against **[X] Not Sustained**	Investigator Gregg Junnier **4.1.01 (Appropriate Action Required)**
c.	of the Complaint against **[X] Not Sustained**	Investigator Maurice Geurin **4.1.01 (Appropriate Action Required)**
d.	of the Complaint against **[X] Not Sustained**	Investigator Paul Vignola **4.1.01 (Appropriate Action Required)**
e.	of the Complaint against **[X] Not Sustained**	Investigator Gary Smith **4.1.01 (Appropriate Action Required)**
f.	of the Complaint against **[X] Not Sustained**	Investigator Nathan Lucas **4.1.01 (Appropriate Action Required)**
g.	of the Complaint against **[X] Not Sustained**	Investigator Cary Bond **4.1.01 (Appropriate Action Required**

11. **POLICY OR PROCEDURAL CHANGES, TRAINING, RECOMMENDATIONS, AND/OR COMMENTS**

Mr. Alphonso Howard alleges officers from the APD Narcotics Team 1 and other Zone 4 officers acted inappropriately while executing a search warrant on March 2, 2004.

A review of the complaint file indicates the following:

Mr. Howard alleges Atlanta Police Narcotics Squad, along with other investigators, and officers acted inappropriately while executing a search warrant on March 2, 2005. Mr. Howard stated the officers caused property damage to his residence and failed to leave a copy of the search warrant at his residence.

The Narcotics Team 1 consisted of Sergeant Wilbert Stallings, Investigators Gregg Junnier, Paul Vignola, Cary Bond, Gary Smith, Maurice Geurin and Nathan Lucas.

Officers Kevin Cabral and Dermus Strozier, both assigned to Zone 4, provided coverage for the outside of Mr. Howard's residence. They did not participate in the execution of the warrant.

Sergeant Stallings stated that because he and his team had knowledge and probable cause that weapons and drugs may possibly be inside of the house, a "No Knock" warrant was issued and executed.

Investigator Junnier was the affiant of the search warrant.

Sergeant Stallings and the above listed investigators of Team 1, all agree that Investigator Vignola announced, "Atlanta Police, we have a search warrant for your residence."

Investigator Lucas used the battering ram to force the front door open, which caused damage to the door and frame.

Investigators Junnier, Vignola and Bond secured Mr. Howard and the upstairs of the residence, while Investigators Smith, Geurin and Lucas secured the downstairs.

Mr. and Mrs. Howard and his children were subsequently secured in the living room area of the home while the home was searched.

MEMORANDUM
PAGE THREE
05-C-0173-MISC

A loaded .45 caliber handgun, ammunition, and several small plastic bags with scales were discovered in the kitchen and a loaded assault rifle was discovered in the master bedroom. All items were placed into Police Property Management.

Sergeant Stallings and Investigator Junnier both agree that a copy of the search warrant was left with Mr. Howard.

On March 3, 2005, Mr. Howard provided photographs of the alleged damaged to his residence.

Based on my review of this case, I recommend that **4.1.01 (Appropriate Action Required)** be **Not Sustained** against Sergeant W. Stallings, Investigators G. Junnier, M. Geurin Jr., P. Vignola, G. Smith, N. Lucas, and C. Bond. Although a battering ram was used to force the front door of the residence opened, Sergeant Stallings stated only minor damage was done to it. The home was in disarray as the investigators looks for drugs and paraphernalia in the home. Both Sergeant Stallings and Investigator Junnier agree that Mr. Howard was given a copy of the search warrant. Therefore, Mr. Howard allegation of APD officers not providing a copy of the search warrant and causing damage to his residence is unsubstantiated.

III: INVESTIGATIVE SUMMARY:

A. COMPLAINT ALLEGATION:

Mr. Alphonso Howard alleges Atlanta Police Narcotics Squad along with unknown officers acted inappropriately while executing a search warrant on March 2, 2005, when they caused property damage to his residence and failed to leave a copy of the search warrant at his residence.

B. ACCUSED EMPLOYEE'S RESPONSE:

SERGEANT WILBERT STALLINGS

Sergeant Stallings stated that on March 2, 2005, Narcotics Team One executed a search warrant at 1271 Elizabeth Avenue SW. Sergeant Stallings said that prior to executing the search warrant, the team briefed at the Zone Four Main Precinct and requested assistance from Zone Four Officers Kevin Cabral and Dermus Strozier. Sergeant Stallings said that the entry team consisted of Investigators Cary Bond, Maurice Guerin Jr., Gregg Junnier, Nathan Lucas, Gary Smith, and Paul Vignola. Sergeant Stallings said that during the briefing, Investigator Junnier advised that the warrant was a "no knock warrant" because a weapon was possibly inside of the residence. Sergeant

Stallings advised that Investigators Vignola, Junnier and Bond cleared the upstairs, and Investigators Smith, Guerin, Lucas cleared the downstairs area. Sergeant Stallings indicated that as the team approached the front door, Investigator Vignola announced, "Atlanta Police, we have a search warrant for your residence." Sergeant Stallings said there was no response from the inside of the residence, therefore Investigator Lucas struck the front door with the ram and forced the door open. Sergeant Stallings stated that when the team entered the residence, he heard Investigator Vignola say in a loud manner, "Atlanta Police, get down on the floor." Sergeant Stallings said that they cleared the downstairs and found a loaded .45 caliber handgun on the kitchen counter. Sergeant Stallings stated that after the house was secured he released the uniform officers and thanked them for their help. Sergeant Stallings said that the uniform officers were outside and they immediately left the location. Sergeant Stallings said that he went upstairs and observed a black male, identified as Alphonso Howard, lying on the floor in handcuffs. Sergeant Stallings said that he observed a female and three small children in the master bedroom. Sergeant Stallings stated during the walk through of the residence, a loaded assault rifle was found in the master bedroom closet. Sergeant Stallings indicated that Mr. Howard, the female and the three children were secured down stairs. Sergeant Stallings said that he requested the K-9 Unit to assist with the search of the residence. Sergeant Stallings said that he contacted the ACIC dispatcher by phone and requested a criminal history check on Mr. Howard. Sergeant Stallings said that as he waited for the ACIC Dispatcher to call him back, Mr. Howard repeatedly stated that he had never been arrested for drugs. I am **Sergeant B. F. Jones** of the Atlanta Police Department. Are you providing this statement freely and voluntarily, without any promises, threats, or duress to provide information in an investigation being conducted by the Atlanta Police Department and are you aware that ANYTHING you say may be used in a civil service hearing or court of law?

On March 2, 2005, around 10:30 p.m., we were in the bed sleeping, and I heard a loud noise coming from my front door. After hearing the loud noise, my boyfriend, Alphonso Howard, got out of bed and went into the hallway. When they met my friend, they were saying, "Police, police, get down, get down." They put Al on the floor, and Al was saying that you got the wrong house. The officers were cursing, and they were telling Al to shut up. They were saying lay your ass down and to shut up. Al was saying that you got the wrong house but the officers were saying they had the right house. The officers took Al downstairs, but the sergeant and three other officers stayed upstairs with me.

When the officers were upstairs with me, they started searching everything and they found a rifle (AK 47), and I told the officers that the gun was registered to us. The officer then said I was going to jail, because it was a federal charge and my kids were going to DFAC. I asked could I use the phone to call my mother and he said no that I could not use the phone to call anybody. They told me to get out of bed because I was going to jail. I sat back down because my kids were crying . I have three kids, 6, 5 and 2, but my five year old was crying. Two of the three officers went downstairs, but one officer stayed upstairs watching me. This officer kept asking me questions like what do you do and I told him that I go to school, and the officer said that was good. I got out of bed and I had on a shirt and my panty, and I asked the officer could I get my pants. He snatched my pants, and he said he had to search my pants. He started searching through my pants. I then got my pants and put them on and he then took us downstairs and we sat on the sofa.

I have read or had read to me the above statement and I swear or affirm that it is true to the best of my knowledge and belief.

A: They came in my house without a search warrant, they had guns, they were cursing at Al and me, and they were cursing in front of my kids.

Q: Did any officer leave any papers with you or Al?
A: Nothing. We did ask were they going to pay for the door and they said we had to pay for it.

Q: Did the officers locate any drugs in your house?
A: No just the guns. They took our guns. We had two gun.

Q: Do you have any pictures of the door and rest of the house?
A: Al got the pictures.

Q: Can you describe the circumstances surrounding the search warrant executed by Narcotics Team One at 1271 Elizabeth Avenue on March 2, 2005?

A: On March 02, 2005, between 2100 and 2115 hours, Narcotics Team One executed a search warrant 1271 Elizabeth Avenue SW. Prior to executing the search warrant, we briefed at the Zone Four Main Precinct and also requested assistance from Zone Four Officers Kevin Cabral and Dermus Strozier, who provided outside coverage. The entry team line-up consisted of Investigator's Cary A. Bond, Maurice Geurin Jr., Gregg E. Junnier, Nathan L. Lucas, Gary A. Smith, Paul Vignola and I. During the briefing, Investigator Junnier advised that the warrant was a no knock warrant because the suspect was known to carry a weapon and a weapon had been observed in the residence. Also during the briefing, we decided to have Investigator's Vignola, Junnier and Bond clear the upstairs, while, Investigator's Smith, Geurin, Lucas and I, clear the downstairs area. As we arrived at the residence and approached the front door, Investigator Vignola announced, "Atlanta Police, we have a search warrant for your residence." Seconds into the residence, I heard Investigator Vignola saying in a loud manner, "Atlanta Police, get down on the floor." As we were clearing the downstairs, a loaded .45 caliber handgun was observed in the kitchen on the counter. Approximately two minutes into clearing the residence, Investigator Vignola advised me that the upstairs was secure. After advising the entry team that the downstairs was also secure, I met with the uniform officers and thanked them for their help. The uniform officer's immediately left the location. As I went upstairs, I observed a black male, who was later identified as Alphonso Howard handcuffed and lying on the floor in the hallway. I also observed a female and three small children in the master bedroom. As the entry team conducted a walk through of the residence to make sure no suspects had been missed, a loaded assault rifle was found in the master bedroom closet. After the residence was checked and secured a second time, Mr. Howard, the female whom later stated she was his wife and the three children were taken down stairs and seated in the living room. During this time, Mr. Howard and his wife continuously stated we had the wrong house and that they never sold drugs. A K-9 Unit was immediately requested. While waiting for the K-9 unit to arrive, I contacted the ACIC dispatcher by phone and requested a criminal history check on Mr. Howard. As I waited for the ACIC Dispatcher to call me back, Mr. Howard repeatedly stated he had never been arrested for drugs. Investigator Lucas advised me that he recognized Mr. Howard from a previous arrest and believed it was drug related. As Investigator Lucas mentioned the incident to Mr. Howard, Mr. Howard stated that he sold drugs in the past, but was no longer involved in the game. I was later contacted by phone and advised that Mr. Howard was in fact a convicted felon. Upon advising Mr. Howard of this, Mr. Howard stated he was arrested for aggravated assault, but the case was reduced to disorderly conduct. Mr. Howard stated the papers to show the charge had been reduced was on the kitchen counter. Upon looking at the paperwork Mr. Howard was referring to, I was unable to determine what the original charges were or what the

Afterwards, Officer Carson brought in her canine Chad and the two searched the entire residence, to include the cabinets, refrigerator and automobiles. The canine alerted to several areas in the kitchen area, but no drugs were found. During a search of the residence, Investigator Junnier found in the kitchen drawer, different size bags used for packaging narcotics as well as a scale with a white powdered substance on it. A field test of the substance came back positive for cocaine. An assortment of ammunition was also found in the kitchen drawers. Mr. Howard was advised of this and stated the scale and packaging material was in the house when he moved in. After the search of the residence was complete, Mr. Howard was advised that the weapons and ammunition were being turned into property as evidence until we could determine if he was or was not a convicted felon. Mr. Howard was un-cuffed and a copy of the search warrant was left with him. All evidence confiscated was turned into property as evidence. No one complained of injuries. Mr. Howard and his wife also made reference to several items in the house being damaged and not being repaired by the owner. Investigator Peterson of the Gun Unit was advised of the incident and stated he would follow-up on the case and confirm if Mr. Howard is a convicted felon.

Q: Can you describe the circumstances surrounding the search warrant that Narcotics Team One executed at 1271 Elizabeth Avenue on March 2, 2005?

We also requested help from Zone Four uniformed officers for perimeter security. During the briefing I was assigned the ballistic shield, which is my usual assignment for search warrant entries. During the execution of the search warrant we approached the residence and once at the front door I announced "ATLANTA POLICE SEARCH WARRANT". We breached the front door and made entrance into the residence. Investigator Junnier, Bond and I went directly upstairs and once at the top of the stairs, we encountered the suspect, Alphonso Howard, coming out of the master bedroom. I ordered Mr. Howard to lay down on the floor as I always do when encountering suspects while clearing a residence. Mr. Howard was handcuffed by one of my teammates and I continued to clear the residence. I observed an adult female in the

Once the residence was secured, we conducted a second walk through as we always do. I opened the closet door in the master bedroom and saw an AK-47 assault rifle on the closet shelf. Once that was done we moved everyone downstairs into the living room. One of the team members called for a K-9 unit and shortly thereafter SPO C. Carson arrived with her dog "CHAD". During the processing of the scene and prior to the K-9 unit arriving, I conducted a cursory search looking through kitchen cabinets and in closets. I observed a handgun, in plain view, on the kitchen countertop. I also observed baggies that is commonly used to package narcotics and an electronic scale that had a powdery substance on it. The powdery substance looked to me like Cocaine residue. Investigator Junnier found these items. I also believe that the powdery substance field-tested positive for Cocaine. Other than that there was no other drugs or paraphernalia found. To my knowledge, no one was charged but the AK-47 and handgun were seized and turned in to police property for safekeeping because there was a question as to whether Mr. Howard was a convicted felon.

Q: Did you assist in conducting the search of the upstairs bedroom?

A: No, I did not physically search the bedroom, but I did look in the bedroom closet during the second clearing walk through where I found the AK-47 assault rifle.

Q: Can you describe the condition of the bedroom prior to conducting the search?

A: I do not recall the condition of the bedroom.

I have read or had read to me the above statement and I swear or affirm that it is true to the best of my knowledge and belief.

secure the top portion, while Investigator Smith, Geurin and I proceeded to clear the downstairs. Sgt. Stallings covered the front entrance as discussed during the briefing. As we were clearing the down stairs, I observed a loaded .45 caliber handgun in the kitchen on the counter. The occupants of the home were relocated to one central location, which was the living room. I watched the suspects, which was my assignment during the search for contraband. The suspect Mr. Alfonzo Howard continued to say that we had the wrong house. Mr. Howard stated that he does not sell drugs, however I remember arresting the suspect in the past for a drug related offense. When I brought this to Mr. Howard's attention he acknowledged that I had indeed arrested him for a drug offense in the past, which led to him changing his story from, I don't sell drugs to (I don't sell drugs anymore). During the search investigator Junnier found scales and packaging material that is used for measuring drugs and packaging them for illegal distribution. K-9 was notified and S.P.O. Carson and her k-9 "Chad " responded to the scene. Prior to conducting this raid we were briefed and checked the affiants warrant and found that it was signed and was a valid warrant with a signed no knock clause. Upon the conclusion of the execution of this search warrant there were no complaints of injury to suspects or police.

POUNDS OF MARIJUANA. THE INFORMANT WAS SEARCHED AND GIVEN $30.00 TO PURCHASE THE MARIJUANA. THE INFORMANT WAS UNDER SURVEILLANCE AS HE WALKED TO 1271 ELIZABETH AVE SW ATLANTA. THE CRI KNOCKED ON THE DOOR AND WAS ALLOWED TO ENTER BY A BLACK MALE (DARK COMPLEXION, GOLD COLORED TEETH, MUSTACHE, 5'10"-5'11", 200 TO 210LBS, 35-40 YOA) WHO THE CRI CALLED "BLACK". THE CRI EXITED THE HOUSE WITHIN LESS THAN FIVE MINUTES. THE CRI RETURNED TO ME AND HANDED ME A CLEAR PLASTIC BAG CONTAINING MARIJUANA THAT THE CRI SAID "BLACK" WHO ANSWERED THE DOOR SOLD TO HIM FOR $30.00. THE CRI WAS SEARCHED AGAIN. NO OTHER DRUGS OR CURRENCY WAS FOUND IN HIS POSSESSION. THE CRI ALSO SAID HE SAW A PISTOL ON A CHAIR NEAR THE FRONT DOOR WHEN HE ENTERED THE HOUSE. THE BAG CONTAINED APPROXIMATELY 6 GRAMS OF MARIJUANA AND WAS TURNED IN TO ATLANTA POLICE PROPERTY MANAGEMENT.

BASED ON THIS INFORMATION AND MY LAW ENFORCEMENT EXPERIENCE, I BELIEVE MARIJUANA IS BEING SOLD AND STORED AT 1271 ELIZABETH AVE SW ATLANTA, GEORGIA FULTON COUNTY. THEREFORE, A SEARCH WARRANT WITH A NO-KNOCK PROVISION IS REQUESTED FOR THAT LOCATION.

If you are requesting no-knock approval, list facts justifying a no-knock entry:

THE CONFIDENTIAL AND RELIABLE INFORMANT NOTIFIED ME THAT HE SAW A PISTOL IN THE RESIDENCE BY THE DOOR AS HE MADE THE MARIJUANA PURCHASE. THE NO-KNOCK PROVISION WILL ALSO PROVIDE A GREATER MEASURE OF SAFETY TO THE EXECUTING OFFICERS AND LESSEN THE CHANCE OF DESTRUCTION OF EVIDENCE BY ALLOWING THE OFFICERS TO PROCEED WITHOUT ANNOUNCING.

I swear or affirm that all of the information contained in this Affidavit and all other testimony given by me under oath is true to the best of my knowledge and belief.

MEMORANDUM

TO: **MAJOR W. HARRIS**

FROM: **LIEUTENANT V. BOWSER**

DATE: **SEPTEMBER 1, 2005**

RE: **INVESTIGATION AND DISPOSITION OF COMPLAINT NUMBER 05-C-0495-UAF**

An investigation of the allegations of this complaint and any other allegations, which arose during the investigation, has been completed. **The following represents the findings of this investigation:**

I. INVESTIGATIVE DISPOSITION

a. of the Complaint against DTVFH Joretta Kelly

[X] **Exonerated:** **4.2.50 (Maltreatment or Unnecessary Force)**

II. POLICY OR PROCEDURAL CHANGES, TRAINING, RECOMMENDATIONS, AND/OR COMMENTS

Mr. Darrium Bell alleges Investigator Nathan Lucas used unnecessary force during an incident that occurred on July 5, 2005.

Mr. Bell claims he and Mr. Johnny Tanner were talking to two girls seated in a vehicle in the IHOP parking waiting to be called to an available table. Mr. Bell stated Investigator Lucas approached the vehicle and ordered them to either wait in line or leave the premises because they could not hear their name/number being called from their distance. Mr. Bell stated as he was leaving the location he said to one of the girls, "Damn he talking like we in confinement or something." Mr. Bell stated Investigator Lucas spun around and asked him to repeat what he had said. Mr. Bell stated he told Investigator Lucas he had a right to speak, had not broken any laws, he was a taxpayer, and that he was just mad because he (Investigator Lucas) had worked for 13 years and did not have any rank. Mr. Bell stated that when he reached for his cell phone, Investigator Lucas slammed him on the left side of the face, searched and then placed him under arrest. Mr. Bell stated EMT personnel arrived due to a cut on his ear requiring (3) sutures. Mr. Tanner corroborated Mr. Bell's account of the incident, but included claims that Mr. Bell sustained a black eye and broken glasses, which Mr. Bell did not mention. Ms. Stephanie Williams stated she received several complaints from patrons that they were unable to exit the parking lot due to vehicles being double-parked and non-patrons standing around refusing to disperse. Ms. Williams stated she asked Investigator Lucas to clear the premises of subjects who were not patrons. Ms. Williams stated she did not witness the incident, but later learned Investigator Lucas arrested an intoxicated subject refusing to leave the premises. Investigator Lucas was working an approved extra job at the IHOP. Investigator Lucas maintains Mr. Bell had an odor of alcohol about his person, slurred speech, was unsteady on his feet, belligerent and refused to leave the premises. While searching Mr. Bell, Investigator Lucas stated Mr. Bell jammed his hand into his right pants pocket around an object he believed was a weapon. Investigator Lucas stated when Mr. Bell refused to identify the object or removed his hand slowly from his pocket, he took him to the ground. Investigator Lucas later discovered the object was a cell phone. Investigator Lucas stated Mr. Bell sustained a laceration to his left ear during the take down. Sergeant Schmidt and Officer River maintain Mr. Bell was intoxicated and used profanity directed towards Investigator Lucas. Command recommended APD.SOP.2010 / Employee Work Rule **4.2.50** (Maltreatment or Unnecessary Force) be ruled **Exonerated**.

I am **Sergeant W. T. Stallings** of the Atlanta Police Department. By your making this statement you are providing information in an investigation being conducted by the Atlanta Police Department. Please be advised that your statement and/or your testimony may be needed at a future time for use in a civil service hearing or court of law.

Ms. Williams, you have been identified as a possible witness to an incident that occurred on June 05 2005 around 0340 hours, at the International House of Pancakes located at 3122 Peachtree Road NE, involving Investigator Nathan L. Lucas and Mr. Dariun O. Bell. Please tell me what you witnessed on that day.

During the early morning hours of June 05, 2005, I received several complaints from patrons that they could not exit the parking lot, due to vehicles being double-parked, in addition to the large number of pedestrians standing around and refusing to clear the area. As I looked outside, I noticed the parking lot was crowed with people sitting on cars and congregating in large groups, socializing. Cars appeared to be stopped, prohibiting people from leaving the premises. It was apparent; all the people in the parking lot were not patrons. I asked Investigator Lucas if he could assist the patrons in leaving and if he could clear the premises of people not patronizing the business. Investigator Lucas immediately exited the establishment in an effort to assist the patrons in leaving the parking lot. I later learned through Investigator Lucas that he had arrested one person who was intoxicated and refused to leave the establishment. I did not witness the incident.

On June 05, 2005 around 0340 hours, you were involved in an incident at the International House of Pancakes, located at 3122 Peachtree Road NE, which led to Mr. Dariun O. Bell being arrested. Please tell me what happened on that day.

On June05, 2005 at or about 0340 hours, I was working a city approved extra job at 3122 Peachtree Road when I encountered Mr. Bell. He was standing in the parking lot with several other people. They were standing in the parking lot blocking parking spaces and making it impossible for patrons of the restaurant to park and go freely inside. To describe the scene in the parking lot it would appear that people, as well as Mr. Bell drove to the IHOP to socialize. The manager had received a complaint from a patron who had just finished dinning and could not get his car out to leave, because people would not move and cars where blocking him in. The manager then asked me to clear the parking lot of people who were not patronizing the business. I went outside and began the task of asking persons who were double-parked to move their perspective automobiles. I also requested persons who were not there for the purpose of eating at IHOP to leave the parking area. That is when Mr. Bell yelled out "we aint got to go nowhere, I aren't going no fucking where." Mr. Bell was standing in the parking lot with others who stated to him "hey man come on let's leave." Mr. Bell did not respond to them. After first ascertaining their reason for being there which by their account was to talk to girls, I then realized that they were not there for the purpose of conducting business at IHOP and I asked Mr.

Bell to leave the parking area. He again responded with profanity stating that "I aint going no fucking where." In speaking with Mr. Bell I could tell by his demeanor that he was very intoxicated. Mr. Bell had the strong odor of alcohol emitting from his breath, he also had slurred speech and was unsteady on his feet. I asked Mr. Bell again to leave the property and he stated, "Fuck you I know my rights. I am staying right here (the parking area). I then advised Mr. Bell that he needed to go inside the restaurant and be served or leave the parking lot, and he stated no. I then advised him that if he did not leave the property he can be arrested and he stated " man fuck you and if you try to lock me up I will kick your fucking ass." I then advised Mr. Bell that because of his refusal to leave the property, his verbal threat to do personal violence to me, and his interference with me doing my lawful occupation, he was under arrest. I was able to handcuff Mr. Bell and as I began to search him incidental to a lawful arrest he jerked away from me and jammed his handcuffed hand down into his pants pocket. Fearing that he was reaching for a weapon, I grabbed his hand while it was still inside his pocket and I felt a solid object in his grasp. I then asked him what he was reaching for and he replied, "fuck you." I then asked him to slowly remove his hand from his pocket and he again decline to comply with my verbal commands. Fearing that he had a weapon in his grasp, I kept control of his hand and conducted a takedown by using an arm bar. Once Mr. Bell was on the ground I was better able to control him and I safely removed the object from his pocket, which turned out to be a cellular phone. When I asked him why he did not advise me what he was reaching for he stated, "Fuck you, I will kill you." While the subject was on the ground, he was continuously moving around and struggling to prevent me from revealing what was in his pocket. Upon gaining complete control of him, I noticed a laceration to his left ear. Prior to effecting Mr. Bell's arrest, I requested that zone two units respond to assist me in clearing the parking area and Sergeant Schmidt acknowledged and responded to my location. When he arrived he noticed the abrasion to Mr. Bell's ear and he requested an ambulance for him. The suspect was then secured in the rear of the patrol vehicle driven by Officer Rivers. Sgt. Schmidt then asked what happened and I advised him of the situation and my use of force. Grady E.M.S. unit 7216 responded to the scene to treat the suspect but Mr. Bell cursed them out and acted hostile toward them, which made his treatment on the scene impossible. He also stated to them that he wanted to bleed to death. Mr. Bell was then transferred from the rear of the patrol unit to the wagon once it arrived. Mr. Bell continued to display hostile behavior. He was transported to Grady detention

I have read or had read to me the above statement and I swear or affirm that it is true to the best of my knowledge and belief.

Mr. Tanner advised me that he was trying to get Mr. Bell to leave but he (Mr. Bell) was to drunk to listen. Mr. Tanner also advised that Mr. Bell had been at the nightclub that he works at drinking non-stop and that is why he was inebriated prior to leaving the scene. Mr. Bell apologized to me for his actions and admitted that he only acted this way because he was drunk. When I appeared in court on the subpoenaed time, Mr. Bell pleaded guilty to the charges and was given a sentence of pre-trial intervention, which consisted of community service and an alcohol treatment program.

Question and Answer

Q: Can you describe the manner in which you placed Mr. Bell on the ground?
A: Yes, I used an arm bar by hooking the hand that was not holding his hand in his pocket through his arm and grabbed a hold of his arm and used a little of my weight to take him to the ground.

Q: Which hand did Mr. Bell place in his pants pocket?
A: His right hand.

Q: Can you describe the traffic and vehicular condition in the parking lot?
A: Yes, the parking lot was heavily congested with vehicles and pedestrians. It was so congested that I had to radio for units to assist me in clearing the lot. Unfortunately this has become an every weekend thing. I have requested from management they consider hiring addition officers.

Q: Is there anything else you would like to add to your statement?
A: No, not at this time.

I have read or had read to me the above statement and I swear or affirm that it is true to the best of my knowledge and belief.

Lucas and Mr. Dariun O. Bell. Please tell me what you witnessed on that day.

On June 05, 2005 around 0340 hours, I heard Officer Lucas request assistance from zone personnel to clear the parking lot at the I-HOP located at 3122 Peachtree Road NE. Upon arriving at the location, I observed the parking lot to be heavily congested with vehicular and pedestrian traffic. Upon locating Investigator Lucas, I noticed he had a person in custody. As he approached my vehicle, I noticed the suspect was Dariun Bell, a gentleman I had attended high school with. Although Mr. Bell was handcuffed, he was attempting to jerk away from Investigator Lucas, as well as using profanity. As I exited the patrol vehicle, I detected a very strong odor of alcohol on the breath and person of Mr. Bell. Investigator Lucas then leaned Mr. Bell against the rear of the patrol car and searched him thoroughly. Afterwards, he immediately placed Mr. Bell in the patrol car. As Mr. Bell recognized who I was, he attempted to explain to me what happened. As Mr. Bell started to use profanity again, I advised him to calm down. Upon noticing that Sergeant Schmidt had arrived, I advised him I would start clearing the parking lot. I walked away and attempted to clear the parking lot, which was heavily congested

Lucas and Mr. Dariun O. Bell. Please tell me what you witnessed on that day.

On June 05, 2005 between 0340 and 0400 hours, I responded to the International House of Pancakes after Investigator Lucas advised he needed assistance clearing the parking lot. Upon arriving at the scene, I noticed that the parking lot was extremely crowded with pedestrian and vehicular traffic. People were sitting on top of cars, people were attempting to double-park their vehicles and vehicles were still attempting to enter the parking lot. Upon locating Officer Rivers patrol vehicle, I observed Investigator Lucas standing at the rear of the vehicle searching a person he had in handcuffs. As Investigator Lucas placed the items removed from the suspect pants pockets onto the trunk of the patrol car, the suspect attempted to jerk away several times. The suspect, who was later identified, as Dariun Bell was very loud and boisterous. Mr. Bell was yelling, using profanity and kept saying " Guy you didn't have to do that." As I exited my vehicle and approached the suspect, I detected a strong odor of alcohol on his person. I also noticed that the suspect had blood on the left side of his face, which appeared to be coming from a cut on his left ear. Mr. Bell was then secured in the back seat of the patrol vehicle. After requesting an ambulance and a patty wagon, I spoke to Investigator Lucas concerning the

incident that occurred between he and Mr. Bell. Investigator Lucas said after he placed Mr. Bell under arrest and handcuffed him, Mr. Bell jammed his right hand into his right pants pocket, around an object he believed was a weapon. Investigator Lucas said when he grabbed Mr. Bell's hand and asked him to identify what the object was and to remove his hands slowly from his pants pocket, he responded by saying fuck you. Investigator Lucas said at that time he took Mr. Bell to the ground which allowed him to gain control and slowly remove his hand from his pants pocket. Investigator Lucas said the object he believed was a weapon was a cellular phone. Investigator Lucas said upon seeing a patrol vehicle, he helped Mr. Bell to his feet and escorted him to the Officer Rivers patrol vehicle. As I attempted to speak to Mr. Bell, he turned his head and refused to talk with me. When the ambulance arrived, the paramedics were only able to clean the face of Mr. Bell due to his unruly behavior. Upon the arrival of the police patty wagon, Mr. Bell was removed from the patrol car by Investigator Lucas and turned over to the wagon driver. Mr. Bell was searched by the wagon driver, placed in the wagon and transported to Grady Detention because of his injuries. I then assisted Investigator Lucas and Officer Rivers clear the parking lot.

RE: Phone or Personal Contact made with Witnesses who Provided Statements:

On July 19, 2005 at 1400 hours, I received the complaint filed by Mr. Dariun Octavious Bell. Mr. Bell alleged that Investigator Nathan L. Lucas used unnecessary force against him during an incident that occurred on June 05, 2005 between 0340 and 0400 hours at the International House of Pancakes, located at 3122 Peachtree Road, NE. I reviewed the statement of Mr. Bell on July 22, 2005.

On July 28, 2005 at 1435 hours, I contacted Officer Moss of the Office of Professional Standards and informed him of the incident concerning Mr. Bell's arrest and that the file sent over did not contain a medical report of his injuries. Officer Moss that information should have been included in the file and gave me instructions on how to obtain the information. Officer Moss faxed over the departments form authorizing the release of medical information, which he stated had to approved and signed by Mr. Bell. Officer Moss stated all the information received needed to be included in the completed file.

On July 28, 2005 at 1445 hours, I contacted Mr. Bell by phone and informed him that a medical release form needed to be signed in order to obtain a copy of the medical report for the treatment he received at Grady Hospital concerning this incident. Mr. Bell agreed to meet with me on July 29, 2005 at 1300 hours in front of Pre-Trial Detention.

On July 29, 2005 at 1310 hours, Investigator Holly Buchanan and I met Mr. Bell in front of Pre-Trial Detention. I introduced us to Mr. Bell and displayed department issued badge and police identification credentials. Prior to reading the entire medical release form to Mr. Bell, I asked if he could read and write and if he graduated from high school and he answered yes to all three questions. After Mr. Bell signed the document, I asked him if he would identify the area he was injured and he pointed to his left ear, which had a closed laceration to it. When asked if he knew of any other witnesses besides Mr. Tanner, he said no. I asked him if he or Mr. Tanner obtained the phone number of the females they were talking to when the incident occurred, he stated no. Investigator Buchanan and I then proceeded to Grady Hospital. We met with Laura Harison of the records department who took control of the original medical release form signed by Mr. Bell

P-11-1-2

and told us the medical record would be ready the early part of up coming week.

On August 03, 2005 at 1300 hours, Investigator Buchanan accompanied me to Grady Hospital where we picked up a copy of Mr. Bell's medical records.

On August 05, Investigator Nathan L. Lucas was informed of the complaint and provided a written statement of the incident without representation.

On August 06, 2005 at 013 hours, Ms. Stephanie Williams, the manager on duty at the International House of Pancakes provided a statement concerning the incident that occurred on June 05, 2005.

On August 08, 2005, I contacted Mr. Tanner by phone and advised him he had been identified as a witness to the incident that occurred at 3122 Peachtree Road NE, and asked him if he was willing to provide a statement. Mr. Tanner stated he would and agreed to meet me at 675 Ponce De Leon Avenue on the 7th Floor at 1200 hours on August 13, 2005. On August 13, 2005 at 1130 hours, I contacted Mr. Tanner by phone to see if he was going to make his appointment and he said yes, however he needed to change the time to 1300 hours. Upon agreeing on the change in time, I attempted to contact Mr. Tanner several times by phone after he failed to show up. On August 15, 2005, Mr. Tanner contacted me by cell phone and said an emergency came up on August 13, 2005 and he left his home without his phone and could not call me back. Mr. Tanner said he and Mr. Bell were together and that he had completed his statement. I advised Mr. Tanner I was off and would pick the statement on August 16, 2005, when I returned to work. On August 16, 200 at 1430 hours, I went to the residence of Mr. Tanner to pick up the statement. Again he failed to respond to the door or answer his cell phone. Several hours later Mr. Tanner contacted me by cell phone and asked if I had been to his residence. I advised him that I had and asked if he was home, which he replied yes. After completing the search warrant we were on, I proceeded to his residence with several members assigned to my narcotic team that was in the vehicle. After reading the statement, I noticed he stated a female had witnessed the incident. When I asked him if he could contact the female mentioned in his statement, he replied Oh, she did see anything. She came up after Mr. Bell was placed in the patrol car. I asked him again if he had a way of contacting her and he said no. This statement was witnessed by Investigator's Maurice Geurin, Gary A. Smith, Jason R. Smith and Holly Buchanan who was in the vehicle when I picked up Mr. Tanner's statement.

On August 16, 2005 at 2245 hours, Officer Joshua J. Rivers provided a statement concerning the incident that occurred at the 3122 Peachtree Road NE on June 05, 2005.

On August 18, 2005 at 2200 hours, Sergeant Craig Schmidt provided a statement concerning the incident that occurred at the 3122 Peachtree Road NE on June 05, 2005.

On August 19, 2005 at 2215 hours, Officer Alenta Jones provided a statement concerning the incident that occurred at the 3122 Peachtree Road NE on June 05, 2005.

RE: Summary of Command Investigation of OPS Complaint File: 05-C-0495-UAF

On June 05, 2005, between the 0340 and 0400 hours, Investigator Nathan L. Lucas stated he was working a city approved extra job at the International House of Pancakes located at 3122 Peachtree Road NE, when the manager, Ms. Stephanie Williams asked him assist several patrons with leaving the parking lot after the patrons had complained that they could not leave due to double-parked vehicles and pedestrians standing in the parking lot, refusing to leave. Ms. Williams confirmed this in her statement.

Investigator Lucas said as he began asking people who were double-parked to move their vehicles as well as people who were not at the business for the purpose of eating to leave the parking area. Lucas said at this time he encountered Mr. Bell who verbally said he was not going anywhere. Lucas said he could tell by Mr. Bell's demeanor he was intoxicated and detected a strong odor of alcohol on his breath, his eyes to blood shot red, his speech was slurred and he was unsteady on feet. Lucas said after he determined Mr. Bell was there for the purpose of talking to females, he asked him to leave again. Lucas said Mr. Bell responded by saying "I know my fucking rights, Fuck You." Lucas said when he informed Mr. Bell he would be arrested if he didn't leave, Mr. Bell responded by saying he would kick his ass if he tried to arrest him. Lucas said Mr. Bell's companion was attempting to get him to leave but he did not respond to him. Lucas said he then arrested and handcuffed Mr. Bell. Lucas said as he began to search Mr. Bell, he placed his right hand inside his right pants pocket around an object he believed was a weapon. Lucas said when he grabbed Mr. Bell's right hand the object he had felt solid. Lucas said when he asked Mr. Bell what the object was and to remove his hands slowly from his pants pocket, he refused and said, "fuck you, I will kill you." Lucas said he then took Mr. Bell to the ground. Lucas said Mr. Bell was continuously moving around and struggling to prevent him from revealing what was in his pants pocket. Lucas said upon gaining control of Mr. Bell, he slowly removed the object from his pants pocket and discovered it was a cellular phone. Lucas said he also observed a laceration to Mr. Bell's ear. Lucas said he then escorted Mr. Bell to the patrol vehicle being driven by Officer J. Rivers and secured him. Lucas said he had requested assistance from Zone Two personnel to help clear the parking lot before he encountered Mr. Bell. Sergeant C. Schmidt and Officer Rivers said they detected a strong odor of alcohol on the

P-12-1-2

person of Mr. Bell who was attempting to jerk away and was using profanity towards Investigator Lucas. Sergeant Schmidt and Investigator Lucas said Mr. Bell refused treatment from Grady E.M.S. personnel when they arrived. Mr. Bell was transported to Grady Detention where he received medical treatment for his injuries. All the officers present as well as the manager Ms. Stephanie Williams describe the parking lot as extremely congested with vehicular and pedestrian traffic.

Mr. Dariun Bell said he and Mr. Tanner left the club and went over to the parking lot of the IHOP to talk to some girls until Mr. Tanner girl arrived to the vehicle which was parked in the Bank of America parking lot. Mr. Tanner confirmed this statement. Mr. Bell said as Investigator Lucas was asking them to leave, he engaged in a verbal conversation with Investigator Lucas, which led to him being arrested. Mr. Tanner confirmed that Mr. Bell engaged in a verbal conversation with Investigator Lucas. Both Mr. Bell and Mr. Tanner stated, as Mr. Bell reached for phone, Investigator Lucas took Mr. Bell to the ground. Mr. Bell states he injured his left ear. Mr. Tanner claimed Investigator Lucas cut Mr. Bell's ear, broke his glasses and gave him a black eye.

Based on the information provided by all witnesses involved, I determined that Investigator Lucas was working a city approved extra job at 3122 Peachtree Road NE. Lucas proceeded to the parking lot when asked by the manager to assist several patrons in leaving when they complained of not being able to leave the parking lot due to double-parked vehicles and pedestrians standing around. Lucas said while clearing the parking lot he encountered Mr. Bell and Mr. Tanner whom admit they was there for purpose of talking to some girls. Mr. Bell's statement suggests he disapproved of the way Investigator Lucas spoke to them and engaged in verbal conversation with him. Investigator Lucas states he arrested and handcuffed Mr. Bell after he repeatedly refused to leave the property and used profanity towards him. Investigator Lucas said as he searched Mr. Bell, Bell jammed his right hand in his right pants pocket around an object he believed was a weapon. Investigator Lucas said after Mr. Bell refused to identify what the object was or to slowly remove his hand from his pants pocket, he placed Mr. Bell on the ground, where he was able to remove the object (cellular phone) from his pocket. Mr. Bell said the injury to his ear occurred when he was taken to the ground. Mr. Bell said he reached for his property and was taken to the ground. Mr. Tanner said Mr. Bell was reaching for his property when he was taken to the ground. At no time did Mr. Bell or Mr. Tanner say that Investigator Lucas used any type of force prior to arrest or after he was taken to the ground. Sergeant C. Schmidt and Officer J. Rivers said Mr. Bell was intoxicated, was using profanity and was attempting to jerk away from Investigator Lucas prior to being placed in the patrol car. Investigator Lucas did advise Sergeant Schmidt how the injury to Mr. Bell occurred and an ambulance was requested. Mr. Bell was later transported to Grady Detention where he received treatment for his injuries. Based on my investigation, I believe amount of force used by Investigator Lucas was reasonable and necessary to affect the arrest of Mr. Bell. Also to protect him against what he believed was a weapon, when Mr. Bell placed his right hand in his right pants pocket around a solid object and refused to identify what the object was. It is my opinion, this investigator be exonerated for his actions.

BELL DID NOT RESPONED TO THEM. I ASKED MR. BELL TO GO AHEAD AND LEAVE, I COULD SMELL THE ODOR OF ALCOHOL EMMITING FROM HIS BREATH AND HIS EYES WERE BLOOD SHOT RED, HIS SPEECH WAS SLURRED AND HIS FOOTING WAS UNSTEADY. I ASKED HIM AGAIN TO LEAVE THE PARKING LOT AND HE RESPONDED WITH PROFANITY STATING " I KNOW MY FUCKING RIGHTS FUCK YOU I AM STAYING RIGHT HERE" I ASKED HIM AGAIN TO EITHER GO INSIDE THE ESTABLISHMENT TO BE SERVED OR LEAVE AND HE STATED NO. I THEN ADVISED HIM THAT HE COULD BE ARRESTED AND HE STATED SO FUCK YOU AND IF YOU TRY TO LOCK ME UP I WILL KICK YOUR FUCKING ASS. I THEN ADVISED HIM THAT BECAUSE OF HIS REFUSAL TO LEAVE THE PROPERTY AND HIS VERBAL THREAT AND INTEFERENCE WITH ME DOING MY LAWFUL OCCUPATION HE WAS UNDER ARREST. I WAS ABLE TO HANDCUFF MR. BELL AND AS I BEGAN TO SEARCH HIM INCIDEN TO A LAWFUL ARREST HE JAMMED HIS HAND CUFFED HAND DOWN INSIDE HIS PANTS POCKET. I GRABBED HIS HAND AND ASKED HIM WHAT WAS HE REACHING FOR AND HE STATED MAN FUCK YOU. I COULD FEEL THAT HE HAD IN HIS GRASP A SOLID OBJECT WHICH I BELIEVED TO BE A WEAPON , FOR MY SAFETY I ASKED HIM TO SLOWLY REMOVE HIS HAND AND HE REFUSED. I THEN KEPT CONTROL OF HIS HAND AND CONDUCTED A TAKE DOWN TECHNIQUE WHICH PLACED THE SUSPECT ON THE GROUND. I WAS THEN ABLE TO SLOWLY TAKE HIS HAND OUT OF POCKET TO REVEAL THAT THE SOLID OBJECT WAS A CELLULAR PHONE IN WHICH HE DECLINE TO REVEAL. WHEN I ASKED HIM WHY HE DID NOT LET ME KNOW THAT HE WAS REACHING FOR A CELL PHONE HE STATED AGAIN FUCK YOU, I WILL KILL YOU. PRIOR TO THIS INCIDENT I REQEUSTED FOR ZONE TO UNITS TO RESPOND TO HELP ME CLEAR THE PARKING LOT, SGT. SCHMIDT ACKNOWLEGED AND RESPONDED TO THE SCENE. DURING THE TAKEDOWN THE SUSPECT RECEIVED A LACERATION TO HIS EAR. SGT. SCHMIDT REQEUSTED AN AMBULANCE TO TREAT THE SUSPECT. GRADYU E.M.S. #7216 RESPONDED AND THE SUSPECT REFUSED TREATMENT. HE STATED TO THEM THAT HE WANTED TO BLEED TO DEATH. HE WAS ALSO HOSTILE WITH THEM SO TREATMENT BY THEM WAS NOT POSSIBLE. THE SUSPECT CONTINUED HIS HOSTILE ACTIONS TOWARDS ME. THE SUSPECT WAS THEN TRANSPORTED TO GRADY DETENTION CENTER BY ZONE TWO WAGON. PRIOR TO LEAVING MR. BELL STATED THAT HE WANTED HIS FRIEND TO TAKE HIS PHONE AND KEYS. MR. BELL RENDERED HIS PROPERTY TO MR. JOHNNY LEE TANNER JR. (10-08-1982) WHO IS A SECURITY AT A LOCAL NIGHT CLUB. MR. TANNER ADVISED ME THAT HIS FRIEND (MR. BELL) WAS AT HIS JOB TONIGHT AND HAD WAY TO MUCH ALCOHOL TO DRINK. HE WENT ON TO STATE THAT HE WAS TRYING TO GET MR. BELL TO LEAVE BUT HE IS SO DRUNK THAT HE WOULD NOT LISTEN. SGT. SCHMIDT WAS ADVISED OF MY USE OF FORCE. MR. BELL WAS THEN TRANSPORTED. PRIOR TO MR. BELL LEAVING HE ADMITED TO ME THAT HE WAS DRUNK AND HE APOLOGIZED FOR HIS BEHAVIOR.

ATLANTA POLICE DEPARTMENT
INVESTIGATION DISPOSITION FORM

EMPLOYEE: LUCAS, Nathan L. OPS CONTROL #: 05-C-0495-UAF

I. FINDING OF FACT: *(LIST FACTS IN SIMPLE SENTENCES; DO NOT INCLUDE DISCIPLINARY ACTION RECOMMENDATIONS.*

On June 05, 2005 around 0340 hours, Investigator Nathan L. Lucas said he was working a city approved extra job at the International House of Pancakes, located at 3122 Peachtree Road NE, when he was asked by the manager, Ms. Stephanie Williams to assist several patrons in leaving after they complained of being blocked in by pedestrians standing around and vehicles double-parked. Lucas said as he was asking people double-parked, as well as people who were not there for the purpose of eating at the business to clear the parking lot, he encountered Mr. Bell who refused to leave. Lucas said he could smell the odor of alcohol on the breath of Mr. Bell, his eyes to be blood shot red, his speech was slurred and he was unsteady on his feet. Lucas said as he asked Mr. Bell to leave, he responded by saying, "I know my fucking rights, Fuck You." Lucas said Mr. Bell was eventually arrested and handcuffed. Lucas said as he began to search Mr. Bell, he jammed his right hand in his right pants pocket around an object he believed was a weapon. Lucas said when Mr. Bell refused to identify what the object was, or to remove his hand from his pants pocket slowly, he took Mr. Bell to the ground. Lucas said when he removed Mr. Bell's hand from the pants pocket he observed the object to be a cellular phone. Lucas said during the takedown, Mr. Bell received a laceration to his left ear. Both Sergeant Schmidt and Officer Rivers stated Mr. Bell was intoxicated and used profanity towards Investigator Lucas. Mr. Dariun Bell stated he and Mr. Johnny Lee Tanner Jr. had left the club when they decided to go over to the IHOP to talk to some girls until Tanner's girl returned to the Bank of American parking lot where he was parked.

RE: INVESTIGATION AND DISPOSITION OF COMPLAINT NUMBER 06-C-0531-UAF

An Investigation of the allegations of this complaint and any other allegations, which arose during the investigation, have been completed. **The following represents the findings of this investigation:**

1. INVESTIGATIVE DISPOSITION

a.	of the Complaint against	Investigator Nathan L. Lucas	
	[X]Not Sustained	**4.2.50 (Maltreatment or Unnecessary Force)**	

11. **POLICY OR PROCEDURAL CHANGES, TRAINING, RECOMMENDATIONS, AND/OR COMMENTS**

On July 2, 2006, Mr. Jarrell Ingram alleges that Investigator Nathan L. Lucas used unnecessary force against him.

A review of the complaint file indicates the following:

On July 2, 2006, Investigator Nathan Lucas worked an approved extra-job at the IHOP, located at 3122 Peachtree Road, and was notified by Ms. Taniya McDonald that Mr. Jody Hamlett had thrown a napkin in her plate of food.

Investigator Lucas spoke to all involved parties and then asked Mr. Hamlett to leave the premises. A few minutes later, Mr. Jarell Ingram, Mr. Hamlett's friend, asked Investigator Lucas did he kick his friend out of the restaurant. Mr. Ingram said Investigator Lucas then began to push him out of the door.

Investigator Lucas stated that Mr. Ingram confronted him about Mr. Hamlett, stating, "Fuck you, why my boy got to leave?" "Fuck that Bitch!" (Referring to Ms. Taniya McDonald.) Investigator Lucas said that Mr. Ingram was yelling and spitting saliva in his face and he asked Mr. Ingram to step away from him and stop using profanities. Investigator Lucas said that Mr. Ingram turned, facing him and struck him in the chest with a closed fist then took a fighting stance.

Mr. Ingram advised that once he and Investigator Lucas got outside of the door, he asked Investigator Lucas for his badge number, turned and began to walk away when he was struck in the head with a baton.

Investigator Lucas stated that he removed his ASP baton and yelled for Mr. Ingram to leave, but Mr. Ingram refused and lunged at him. Investigator Lucas said that he used a clearance strike of a 45 degree angle to Mr. Ingram's arm but Mr. Ingram continued to come at him aggressively. Investigator Lucas then used another strike against Mr. Ingram, which had no effect on him. Investigator Lucas stated that Mr. Ingram raised his arm and dropped his head, which caused him to strike Mr. Ingram on the head unintentionally. Mr. Ingram suffered a laceration to the head and medical personnel responded to the scene.

Mrs. Charlotte Smith-Haynie, the manager of the IHOP, stated that she observed Mr. Ingram approach Investigator Lucas and get up in his face waving his arm in an

aggressive manner. Other witnesses, Ms. Cassandra Barnett and Ms. Charlotte Carter both stated that they witness Mr. Ingram in Investigator Lucas' face.

Mr. Hamlett stated that Investigator Lucas began swinging his baton, striking Mr. Ingram on his forearm, as Mr. Ingram was attempting to block the strikes. Mr. Hamlett also stated that Mr. Ingram raised his arm and dropped his head and was struck at least two times in the head with the baton.

Based on my review of this case, I recommend that **4.2.50 (Maltreatment or Unnecessary Force)** be Not Sustained against Investigator Nathan L. Lucas. Mr. Ingram struck Investigator Lucas in his chest area and subsequently resisted arrest. Investigator Lucas admitted to using escalating force up to and including his ASP baton. Investigator Lucas advised that at he was using clearance strikes against Mr. Ingram to defend himself; Mr. Ingram raised his head and was struck unintentionally in the head.

.Q: Please explain in detail the events that took place on July 2, 2006, involving Mr. Jarell Ingram at 3122 Peachtree Street at the IHOP?

A: On July 02, 2006, I was working a city approved extra job at 3122 Peachtree Street N.E at the International House Of Pancakes when I was notified by the restaurants staff that there was an altercation in the dinning room. I went to the area where the commotion was coming from and I met Ms. Taniya McDonald who advised me that while she was eating a group of males that were sitting across the dinning room from her threw a waded up napkin in her face and food. Ms. McDonald then advised me that the males began to laugh at her and use profanity towards her. Ms. McDonald also advised me that the males were not apologetic about the incident. I then spoke with the manager, Sandy Barnett and she agreed to pay for Ms. McDonald's food, but advised me that the male that threw the Napkin needs to leave the restaurant. I went over and spoke with Mr. Hamlett who admitted to throwing the napkin. I the asked Mr. Hamlett to leave. Mr. Hamlett was hesitant at first, but left the restaurant. After escorting Mr. Hamlett out, I returned to my post at the front of the restaurant. Moments later, I was confronted by Mr. Jarell Ingram who was very hostile and got into my face. Mr. Ingram was yelling profanities at me stating, "Fuck you, why my boy got to leave!" Mr. Ingram also yelled, " Fuck that Bitch! (Referring to Ms. McDonald) As Mr. Ingram was yelling he was spitting saliva in my face and I asked him to step away from me and stop using profanity. Mr. Ingam replied with, " Fuck you!" I then advised Mr. Ingram that he had to leave the restaurant. I then began to escort Mr. Ingram out of the restaurant. As we got to the front door, Mr. Ingram turned facing me, and struck me in the chest with a closed fist. Mr. Ingram

then took up a fighting stance and pushed me again. I removed my city issued ASP Baton and yelled for Mr. Ingram to get back and he refused. Mr. Ingram then lunged at me in a threatening manner and I used my city issued ASP Baton to create distance between the suspect and me. I struck at his arm to get the suspect under control, all the while I was yelling verbal commands to the suspect to place his hands behind his back so that I could affect his arrest. Mr. Ingram continued to physically resist arrest and offer violence to me by swinging his fist at me. I was able to strike the subject with my ASP Baton on the left leg, which brought the suspect to his knees. I continued to yell verbal commands and the subject continued to fight. The subject kicked at me as I was continuing to take him into custody. I used the ASP Baton to strike the leg that he was kicking at me with. It was at that point that Mr. Ingram began to comply with my verbal commands. I was able to handcuff him. I immediately called for an ambulance and a supervisor. Grady EMS # 224 responded to the scene as well as zone two morning watch supervisor Sergeant Boyd (#1294). I advised Sergeant Boyd of the situation and my use of force. Mr. Ingram was transported by Grady EMS # 224 to Grady Detention. Mr. Hamlett was arrested for his actions in the restaurant and Mr. Ingram was charged with felony obstruction. Q: Please explain the events that occurred on July 2, 2006, involving Mr. Jarell Ingram?

A: Jarell Ingram, Kevin Mair and Adrienne Mair and I were in the IHOP on July 2, 2006, approximately 4:00a.m. sitting at the table and about to order food. I took a napkin from the table and balled it into a ball and I shot it at the table across from me. The napkin went into a patron's plate across our table. The officer that was standing up front went over to talk with the female whose plate the napkin landed in. The officer went back into the kitchen and then came back in a couple minutes and at that point signaled for me to come to the front. Once I got to the officer, he asked me to leave the restaurant and I did. Since I was driving I waited out front, waiting for them to get done eating. Ten minutes later, I seen Jarell come up to the entrance of the IHOP talking to the officer. I observed the officer push Jarell out of the restaurant. Once they were outside, I hear Jarell ask for the officer's badge number. At that point the officer pulled out his baton and started swinging it at Jarell. Jarell tried blocking the baton with his arm. The officer was swinging the baton and striking Jarell on the forearm as Jarell was attempting to block the strikes. At some point as Jarell was blocking the baton he bent his head down and raised his arm up and was struck to the head at least two times. I observed the officer strike Jarell several times in the legs also. Once Jarell was on the ground and on his side the officer handcuffed him. Kevin and I witnessed the entire incident while outside. Other officers arrived on the scene and the officer that beat Jarell put Kevin in the police car because Kevin would not back up when he was asked to by the officer. At that point the

I was in the police car for at least ten minutes when I saw the ambulance and the paddywagon. Then, Kevin was talking to the officers' right outside the police car and let me out of the police car and handcuffed me. I gave Kevin my keys and wallet and the officer that beat Jarell handed me a ticket. The officer told me that he appreciates that I left the restaurant when he asked me to, but I started the whole incident and that was why I had to go to jail. I was then placed in a paddywagon.

A: Yes.

Q: Did you witness the altercation between Investigator Nathan Lucas and Mr. Jarell Ingram?

A: Yes, I saw a party of males sitting in the rear of the restaurant. I noticed that there was a commotion. Inv. Lucas talked to the parties involved. Investigator Lucas advised me of the situation. One of the patrons named Jody was told to leave the property. Moments later, Mr. Jarrell got up in investigator Lucas face and started yelling," What's the Fucking problem, why does my friend have to leave!" Investigator Lucas said to Mr. Ingram that this does not concern him and for him to stand down. Investigator Lucas was backing away as he said that. Mr. Jarell kept getting in investigator Lucas face and Investigator Lucas told Mr. Ingram to leave the restaurant. Investigator Lucas was walking in front of Mr. Ingram sort of when Mr. Ingram pushed Investigator in his back. Investigator Lucas pulled out his ASP Baton without engaging it. They were outside at this time. I told my employees to come back in the restaurant for their safety. There was a large crowd outside full of drunk people. I was concerned for Investigator Lucas safety as well as my employee's safety. Moments later, I walked outside to check on Investigator Lucas and I saw Mr. Ingram on the ground with handcuffs on and there was a lot of blood on the ground. Mr. Ingram was yelling for his friend to call his attorney and yelled foul-play. People in the crowd were yelling, "Rodney King" and "Dead man walking." I went back inside for a moment then walked back outside. Grady ambulance was outside and Mr. Jarell was yelling something. His eyes were open and when the paramedics were tending to him. Mr. Ingram acted as if he could not move and he was played as if he was out of it. The paramedics took Mr. Ingram away in the ambulance. My employees cleaned up the blood in the parking lot.

Judging from Mr. Ingrams body motions, he appeared to be quite animated about his associate being asked to leave. Mr. Ingram was seen on the system getting into Inv. Lucas' face and waving his arm in an agitated manner. Some words appeared to be exchanged between them, and then they were seen from a different camera as Inv. Lucas followed behind Mr. Ingram as he was exiting the business. Mr. Ingram was seen stopping and turning around in front of Inv. Lucas, causing Inv. Lucas to bump him in the back, placing his hand in Mr. Ingram's back area. The two walked out the entrance door and out of camera view (no outside cameras). I spoke to the manager and she agreed to pay for Ms. Mcdonalds food but advised that Mr. Hamlett needed to leave. I walked over and asked Mr. Hamlett to leave. Mr. Hamlett put up resistance but after explaining to him the situation he agreed to leave. I could tell that Mr. Hamlett was

intoxicated because of his bloodshot eyes, slurred speech, and smell coming from his breath. As I escorted Mr. Hamlett [illegible] and returned to my post I was approached by another male (Mr. Ingram) who got into my face (face to face) and began yelling curse words at me. Mr. Ingram yelled Fuck you, why do we have to leave he was very hostile and was spitting saliva in my face. I asked him not to curse at me and use that profanity at me and he stated "fuck you" I then escorted him out of the establishment and as we were walking out he turned around and hit me with a closed fist to the chest in my body area. He also took up a lighty pole and pushed me again. I then took out my City issued A.S.P baton and yelled for the suspect to get back. Mr. Ingram refused and he was very close to me and lunged toward me in a threatening manner. I used a straight-strike at a 45 Degree angle to the suspect arm to create distance and he deflected the strike, I continued to yell verbal commands at the suspect to put his hands behind his back, the suspect refuse. I then issued a strike to the suspects leg and he fell to the ground. the suspect pushed at me and I used another strike to his leg and yelled more verbal commds. After that the suspect began to comply. I was then able to handcuff him. I then advised radio to start a ambulance and a supervisor and Unit 1294 responded to the scene. After the scene was made safe I charged Mr. Hamlett for his actions in the restaurant and he was taken by wagon to City Jail. Mr. Hamlett had a wallet, car keys, watch, and Jewelry that he gave to his friend (name, Kevin B. Ga. Lic# 053947353). Mr. Ingram had lacerations to his head and was transported to Grady Hospital by Unit # 224. During the altercation with at provocation or cause Mr. Ingram offered violence to Detective Lucas By hitting him with a close fist and resisty arrest By physical resistance. He was Charged with the listed charges. Sgt. Boyd was advised of the use of force. O.C. Spray was not used because of the close proximity of the officer to suspect, there was also a large crowd of people who would have been affected by the O.C. Spray.

The injuries to the suspect head was a result of the suspect using his arm to deflect the strike, as he did this he ducked his head and the asp baton struck him there. The Suspect was agitated and aggressive and was clearly under the influence. This was determined By the suspect agitated state, slurred speech, Blood shot red eyes and the smell of alcohol comming from his Breath.

Investigating Supervisor's Findings:

Investigator N.L. Lucas was working an extra-job as Unit 2230X at the IHOP Restaurant, 3122 Peachtree Rd NW. The officer was attempting to escort intoxicated and unruly patrons out of the business. The patrons had thrown a foreign object across the restaurant , over other tables and into another patron's food. The person who threw the object was asked to leave. Another male in his group, also very intoxicated, became beligerant as his friend was told to leave. He got in the officer's face and started a verbal disturbance with the officer, and was subsequently asked to leave also (originally the officer had no dealings with him). Once outside, the second male turned on the officer, and struck the officer in the chest with a closed fist. The officer removed his ASP baton, ordered the subject to step back to maintain a reactionary distance. The subject continued to advance toward the officer, who viewed this as an attempt to further assault the officer, and defended himself. The officer then struck the subject in a 45 degree angle across the left arm, which went up as his head dipped down in a defensive manner, causing the ASP baton to deflect off the subject's arm and also strike him in the head. The subject was struck again, this time in the legs, by the officer after he refused to comply with verbal commands. The subject finally complied and was handcuffed. An EMS and an APD supervisor were requested. The subject sustained lacerations to the left side and rear of his head, was conscious, alert and talking when I arrived, and was transported to Grady Detention for treatment of his injuries (none to the officer) and booked on Felony Obstruction charges.

POLICY OR PROCEDURAL CHANGES, TRAINING, RECOMMENDATIONS, AND/OR COMMENTS

The Department requires an investigation into the shooting death of Ms. Kathryn Johnston, during the execution of a search warrant at 933 Neal Street on November 21, 2006.

A review of the complaint file indicates the following:

On November 21, 2006, Team 1 Narcotics Unit executed a search warrant at 933 Neal Street that resulted in the death of Ms. Kathryn Johnston. Subsequently, an investigation was conducted by the Federal Bureau of Investigation and their findings concluded that Investigator Greg Junnier, Investigator Jason Smith and Investigator Arthur Tessler fabricated information included in the affidavit for the search warrant for 933 Neal Street S. W., Atlanta, Georgia 30315, which lead to the death of Ms. Kathryn Johnston. The Federal Bureau of Investigations also discovered these investigators acted inappropriately by planting drugs in Ms. Kathryn Johnston's home and then came up with an elaborate plan to cover up their egregious errors in judgment.

The FBI investigations lead to the indictments and guilty pleas of Investigator Greg Junnier, Investigator Jason Smith and Arthur Tesler. Investigator Arthur Tesler was also tried and convicted for false statement charges in Fulton County Court. All are currently serving Federal and or State punishments for their role in the death of Ms. Kathryn Johnston.

The FBI investigation also brought forth the indictments of Team 1 Sergeant Wilbert Stallings and Zone One Officer Daniel Betts, for unrelated violations not associated with the death of Ms. Kathryn Johnston. Sergeant Stallings was convicted of conspiring to violate civil rights, by breaking into a private residence to search for drugs without a warrant.

Officer Daniel Betts plead guilty to one count of interfering with interstate commerce by means of extortion under color of official right, taking payoffs to perform his normal duties as a police officer while on duty.

The FBI report indicated the Federal government would not be pursuing federal criminal charges against any other Atlanta Police Department officers as a result of their investigation. However, the FBI report brought forth other allegations that Atlanta police officers violated other Departmental policies and procedures, not related to the shooting death of Ms. Kathryn Johnston.

This internal investigation focused on the criminal acts and misconduct prior to, during and after the shooting death of Ms. Johnston.

The FBI and Atlanta Police Department investigations found no evidence to support any other officer, investigator or supervisor that knew the warrant was falsified prior to, during thereafter, the execution of it. It was also concluded there was no "Cover Up" by any officer, investigator or commanding officer other than Greg Junnier, Arthur Tesler and Jason Smith. Investigator Greg Junnier, Jason Smith and Arthur Tesler co-conspired to falsify the warrant and participated in the fabrication of facts and circumstances to cover up their mistakes.

Unbeknownst to all other officers who participated in execution of the search warrant at Ms. Kathryn Johnston's home, the search warrant was obtained by falsified testimony fabricated by Investigator Greg Junnier, Investigator Arthur Tesler and Investigator Jason Smith. The information on the probable cause was presented to them as true and accurate at the search warrant briefing. There was no evidence found that they knew of the fabricated testimony prior to the execution of the search warrant.

Based on this review of this file and the facts and circumstances surrounding the shooting death of Ms. Kathryn, I recommend that **APD.SOP. 2010 Work Rules 4.6.09 (Use of Firearms)** be **exonerated** against Investigators Cary Bond, Gary Smith and Nathan Lucas. During the execution of the search warrant at 933 Neal Street the door was breached and Ms. Kathryn discharged her weapon at the entry team. Investigators Bond, Gary Smith and Nathan Lucas all discharged their service weapon because they believed Ms. Kathryn Johnston posed an immediate threat of physical violence to the officers. It was found that Ms. Kathryn Johnston had fired her weapon once the officer breached the front door of her home. I find these officer actions were proper, justified and within Departmental policies and procedures. This investigation did not find any evidence that they discharged their weapons inappropriately after being fired upon by Ms. Kathryn Johnston.

Furthermore, I recommend that all violations against Investigators Greg Junnier, Arthur Tesler and Jason Smith be **Exceptionally Closed** even though there was sufficient evidence to sustain multiple violations against them. Either they had retired or resigned prior to the completion of this investigation and were convicted in State and Federal court.

As a result of the death of Ms. Kathryn Johnston, convictions of Narcotics investigators and allegations of policy/procedures violations by other members of the Narcotics Unit, changes have been made to policies/procedures as it relates to Confidential Informants, Affidavits, Drug Buys, Search Warrants and Training.

All personnel assigned to Narcotics at the time of the Neal Street incident have been reassigned to various units within the Department. Narcotics supervisors and investigators are required to complete several hours of narcotics related training in the classroom and field, conducted by Federal and State agencies.

Internal investigation 09-I-0206-SOP will focus on the misconduct by Atlanta Police officer as it relates to affidavits, quotas, extra jobs, training and management oversight.

Comments: _____

4.1.01 Appropriate Action Required

Employees will respond in an appropriate manner to all situations by:

A. Being considerate of the rights, feelings, and interests of all persons.

B. Taking action in each situation to provide the necessary and appropriate service and insuring the proper notification of supervisors when appropriate.

C. Requesting the assistance of supervisors when the appropriate action required is unclear, not possible given circumstances, or not within the scope of authority of the employee of whom such action was requested.

D. Performing official acts in a lawful, restrained, dignified, impartial, and reasonable manner.

4.1.03 Truthfulness

Employees will be truthful in their written and spoken words at all times.

4.1.04 Conduct

Employees will not act in an official or private capacity in a manner that will bring discredit upon the Department or themselves.

4.1.05 Obey the Law

Employees will uphold the Constitutions of the United States and the State of Georgia, obey all applicable federal, state, and local laws, and comply with all applicable court decisions and orders of the courts.

.2.21 Submitting Reports

Employees will submit all reports which are required of them as promptly, correctly and completely as possible

4.2.30 Recovered Property

Employees will be responsible for all property coming into their possession. Employees will handle all property in accordance with Department policy and procedure.

4.2.33 Conformance to Directives

Employees are required to familiarize themselves with, and conform to, the rules, regulations, directives, and standard operating procedures of the Department.

4.2.37 Unsatisfactory Performance

A. Employees will maintain sufficient competency to perform their duties and assume the responsibilities of their position. Employees will perform their duties in a manner which will establish and maintain the highest standards of efficiency in carrying out the functions and objectives of the Department.

B. Unsatisfactory performance may be demonstrated by a lack of knowledge of the application of the laws required to be enforced; an unwillingness or inability to perform assigned tasks; the failure to conform to work standards established for the employee's rank, grade, or position; the failure to take appropriate action on the occasion of a situation or incident deserving a public safety employee's attention; absence without leave; or unexcused absence from a duty assignment during a tour of duty.

C. In addition to other indications of unsatisfactory performance, repeated poor evaluations and/or repeated infractions of Department directives will be considered prima facie evidence of unsatisfactory performance of duty:

4.2.39 Understanding Directives

Employees who do not understand an official Department directive or procedure will seek the advice of their supervisor.

4.2.49 Abuse of Authority

Employees will not use their authority to abuse, harass, oppress, or persecute any person.

4.2.50 Maltreatment or Unnecessary Force

A. Employees are expressly prohibited from the unnecessary or unreasonable use of force against any person or property

B. Employees will only use that force which is reasonable and necessary to affect an arrest, prevent an escape, necessarily restrict the movement of a prisoner, defend himself or another from physical assault, or to accomplish other lawful objectives. The reasonableness inquiry refers to whether the employees actions are "objectively reasonable" in light of the facts and circumstances confronting him or her, without regard to their underlying intent or motivation. The "reasonableness" of a particular use of force must be judged from the perspective of a reasonable officer on the scene, and its calculus must embody an allowance for the fact that police officers are often forced to make split second decisions about the amount of force necessary in a particular situation (Graham v. Connor, 490 U.S. 386 (1989) pp. 396-397).

.2.65 Contraband

Employees will not be negligent in the control of contraband.

4.6.09 Use of Firearms

A. Employee will only use deadly force to apprehend a suspected felon when: (a) he or she reasonably believes that the suspect possesses a deadly weapon or any object, device, or instrument which, when used offensively against a person, is likely to or actually does result in serious bodily injury; (b) when he or she reasonably believes that the suspect poses an immediate threat of physical violence to the officer or others; (c) or when there is probable cause to believe that the suspect has committed a crime involving the infliction or threatened infliction of serious physical harm (O.C.G.A. Section 17-4-20) if the employee reasonably believes that the suspect's escape would create a continuing danger of serious physical harm to any person.

B. Employees will not point firearms at persons in circumstances unless the discharge of that firearm would be justifiable. Employees who find it necessary to point a firearm at a person should not interpret this necessity as an obligation to discharge the weapon.

C. The firing of "warning shots" is generally prohibited due to their potential for harm.

D. An employee may discharge a firearm at a dog or other animal only when no other means to bring the animal under control exists.

III. INVESTIGATIVE SUMMARY:

A. COMPLAINT ALLEGATION:

The Department requires an investigation into the shooting death of Ms. Kathryn Johnston, during the execution of a search warrant at 933 Neal St. on November 21, 2006.

B. ACCUSED EMPLOYEE'S RESPONSE:

Investigator Cary Bond

Investigator Cary Bond stated that he was present for the warrant briefing for 933 Neal St. given by Investigator Jason Smith. Investigator Bond said he remembered hearing J.R. Smith state he had a buy from 933 Neal St but does not recall any specifics as in who

made the buy. Investigator Bond stated that he believed the information given out was about a kilo of cocaine at the location along with a description of somebody. Investigator Bond said that after the briefing he did not know that a buy had not been made and that the warrant was no good for 933 Neal St. Investigator Bond stated that after the burglar bar door had been opened the main door was rammed open as he and others yelled, "Atlanta Police...search warrant." Investigator Bond said that he and Investigator Junnier started to move up the stairway and he saw a silhouette of a person holding a revolver aimed toward the entry team. Investigator Bond stated that he saw a muzzle flash from where the person was standing and believing he was in imminent danger and being fired upon he discharged his weapon twice. Investigator Bond said that when the team restacked and went inside he saw Ms. Johnston on the floor, visibly injured with a firearm in close proximity next to her. Investigator Bond stated when he was transported to the hospital for minor injuries he sustained from shrapnel he did not hear Investigator Junnier say anything about there not being a buy at 933 Neal St. Investigator Bond stated that after his team shot and killed Ms. Johnston he did not hear anyone on the team state, nor did he have knowledge of that a buy was not made at this location. Investigator Bond said he did not hear any discussions from any police personnel on the scene mentioning the planting of drugs and covering up the shooting. Investigator Bond stated that on the day he made his statement to homicide, November 24, 2006, Confidential Informant Alex White called him, stating that he did not make the buy at 933 Neal St. Investigator Bond said that Alex White called him in a panic about someone trying to kidnap him and said Junnier and JR tried to convince him to say he made the buy from 933 Neal St. Investigator Bond stated he told Sgt. Stallings what Alex White had said that same day and Sgt. Stallings replied Alex White had called him with the same information, which he passed on to Lt. Gibbs. Investigator Bond said the only time before the actual truth came out he had any knowledge there may have been an attempt to cover up the shooting death of Ms. Johnston is when Alex White called him.

Investigator Gary Smith

Investigator Gary Smith said he was present for the warrant briefing for 933 Neal St. given by Investigator J.R. Smith and he did not recall what information may have been given as to who had possibly made a buy. Investigator Smith stated that information given out at the briefing included the possibility of a kilo of cocaine being at the location and a suspect inside known as "Sam". Investigator Smith said that after the warrant briefing he did not know that a buy had not been made and that the warrant was no good. Investigator Smith stated that during the entry he was assigned the shield and after entering about three feet he saw in his right peripheral vision a person, and as he turned he saw this person was pointing a gun towards him. Investigator Smith said he heard gunfire and he began firing at the subject as he went backward into the door frame and then held his position at the door with the shield. Investigator Smith stated he could see the feet of the subject and knew that they were now on their back and after a quick peek the team moved forward and he kicked a handgun from the proximity of the downed individual's right hand. Investigator Smith said that after the rest of the home was cleared he went outside to have his injured leg attended to. Investigator Smith stated that after he and his team shot and killed Ms. Johnston he did not hear anyone from the team state nor did he have any knowledge that there was never a buy made from this location. Investigator Smith said he did not hear any discussions from any police personnel on the scene mentioning planting drugs and covering up the shooting. Investigator Smith stated that during the transport to the hospital Investigator Junnier did not speak of a buy not being made or having to cover up the shooting death of Ms. Johnston. Investigator Smith said that days after the incident and before the truth came out Investigators Junnier, JR Smith and Tesler never contacted him and told him that there was no buy made at 933 Neal St. and that drugs were planted to cover up the death of Ms. Johnston. Investigator Smith stated that he first learned that a buy was not made from 933 Neal St. and drugs were planted from watching the news and that no APD employee, regardless of rank, has spoken to him stating they had knowledge of a cover up attempt.

Investigator Nathan Lucas

Investigator Nathan Lucas said that he thought it was JR Smith who conducted the warrant briefing for 933 Neal St. and that he thought he was told that the suspect who was also present was Fabian Sheets. Investigator Lucas stated that during the briefing he heard that Fabian Sheats was there because he had information about a kilo of cocaine at 933 Neal St. were a Confidential Informant was allegedly sent. Investigator Lucas said that during the briefing they were advised that Alex White made the buy to get the warrant for 933 Neal St. and that a suspect named "Sam" may be inside. Investigator Lucas stated that after the briefing he did not know a buy had not been made from 933 Neal St. and the warrant was no good and he had no reason to question their warrant. Investigator Lucas said that when the door was breached he was in the rear of the stack and heard gun fire come from inside and then officers returned fire. Investigator Lucas stated he took cover behind the rear of the porch and saw other investigators coming off the porch stating they were hit so he discharged his weapon towards the threat, cleared a malfunction and got back on target. Investigator Lucas said the team restacked and entered into the home where he saw a body down with a black gun next to it. Investigator Lucas stated that after the rest of the house was cleared and secured his team went to the hospital with their injured members and he did not hear anyone on the team state nor did he have any knowledge that a buy was never made from 933 Neal St. Investigator Lucas said that after he and his team shot and killed Ms. Johnston he did not hear any discussions from any police personnel that responded to the scene that drugs were going to be planted to cover up the shooting. Investigator Lucas stated that if he did speak with Investigators Junnier, JR Smith and Tesler after the incident it was just to check up on them and that he did not hear from them anything about a buy not being made or drugs being planted in an attempt to cover up the shooting of Ms. Johnston. Investigator Lucas said that after the shooting incident no APD personnel contacted him and told him they had knowledge of that a buy was not made at 933

Neal St. and that there was a cover up attempt and the first time he heard about it was through the media.

Investigator Greg Junnier

Investigator Greg Junnier did not make a statement to the administrative investigation. The information before and after the shooting is from the FBI File and the description of the shooting is from his APD Homicide statement.

Investigator Greg Junnier stated that he was riding with Investigators JR Smith and Tesler on November 21, 2006, when they were given information that Fabian Sheats was selling drugs. Investigator Junnier said they confronted Sheats at a location on Simpson St. and called for a drug dog. Investigator Junnier stated K-9 officers Sperl and Carson arrived at their location where JR Smith located some marijuana and cocaine. Investigator Junnier said that Fabian Sheats admitted the marijuana was his but not the cocaine and asked to be given a break saying he could get the investigators a kilo of cocaine inside a house. Investigator Junnier stated that they drove Fabian Sheats around where he showed them a house at 933 Neal St. and he described a subject named "Sam" who may be inside. Investigator Junnier said he called confidential informant Alex White asking if he was free to make a buy and White said "yes" but he had no transportation and Junnier told him he would get back with him. Investigator Junnier said he and Investigators JR Smith and Tesler briefly discussed getting a warrant or trying a "knock and talk" technique. Investigator Junnier stated he had a conversation with JR in the car in front of Tesler and Sheats and stated he felt that they should get a warrant and needed to get a buy when JR chimed in, "or not." Investigator Junnier said they drove to the Fulton County Jail where JR Smith volunteered to write the affidavit for the warrant. Investigator Junnier stated that he and Tesler stayed in the car with Fabian Sheats and Junnier knew his CI Alex White had not made a buy from 933 Neal St. and he knew JR Smith was going to swear to an affidavit that would say that a drug buy occurred at 933 Neal St. when in fact it had not. Investigator Junnier

said that when JR was conducting the tactical briefing for the narcotics team prior to the raid at 933 Neal St., Junnier heard JR tell the team that a buy had been made at 933 Neal St. Investigator Junnier stated that after the briefing the team relocated to 933 Neal St. and started the warrant execution and after the burglar bar was breached he checked and found the front door was locked. Investigator Junnier said Investigator Geurin rammed the front door and it opened as he was yelling "Atlanta Police search warrant", and he immediately saw a person with a gun in their hand firing directly at him. Investigator Junnier stated that he returned fire at the suspect, backing away, where he fell down the stairs and then noticed he was bleeding and then he reloaded his weapon and fired again towards the suspect, until he could not see the suspect no more. Investigator Junnier said the team regrouped and entered the house where he noticed Ms. Johnston lying in a hallway next to the front door with a pistol near her hand. Investigator Junnier stated some of the team continued to clear the other rooms while others checked the condition of Ms. Johnston and once the house was secured he exited to evaluate his injuries and he saw JR Smith and told him that he better hope there is some dope in the house. Investigator Junnier said that he was transported to the hospital in the same ambulance with Investigator Bond and Investigator Gary Smith and while in the trauma room he learned that it was a woman they had killed and he realized he needed to either tell someone what happened or continue with the lie. Investigator Junnier stated that at the hospital JR Smith told him that they needed to talk and when Junnier asked JR if any drugs were found in the house JR replied that it was "taken care of." Investigator Junnier said later he took a phone call from JR Smith who told him he had called Alex White and Alex was good with everything and that he, Alex, was going to say he made the buy. Investigator Junnier stated that on the day after the shooting he and Investigator Tesler went to make their statements to homicide at the same time, and Tesler told him that Sgt. Stallings asked him more than once if Alex White made the buy, and Tesler said he told him "yes." Investigator Junnier said that in the days after the shooting, JR, Tesler, and he had about three meetings where

all three of them were present and where all three were fully involved in discussions of a cover up.

Investigator Jason Smith

Investigator Jason Smith did not make a statement to the administrative investigation. The information before and after the shooting is from the FBI File and the description of the shooting is from his APD Homicide statement.

Investigator Jason Smith stated that at 1143 Simpson Rd. on the day of the shooting, Investigator Junnier told him to take "INS" drugs (drugs that they recovered from another location; "INS" stands for insurance) behind 1143 Simpson and let the K-9 unit find it. Investigator Smith said he did this as it was used as a rouse to pressure Fabian Sheats and that the K-9 unit also found some marijuana and three bags of crack cocaine which he had not planted. Investigator Smith said when he went to the Fulton County Jail to do an electronic search warrant application for the search of 933 Neal St., he pulled up an old warrant which had been saved in the system and he began to cut and paste and he called Investigator Junnier to get the type of drugs and amount and description of "Sam". Investigator Smith stated that at the briefing before the raid at 933 Neal St., he told his teammates that a drug buy had been done at 933 Neal St. even though he knew that Alex White had not done a buy at that address. Investigator Smith said that once the burglar bar door was breached he turned around to drop the halogen tool and heard team members yelling "Atlanta Police search warrant." Investigator Smith stated that as he turned back he heard a gunshot and felt some type of blowback on his face and when he looked over Investigator Gary Smith's shield, he saw a person standing in the doorway facing him with a gun in their hand, so he fired his weapon at the suspect. Investigator Smith said that he was not sure how many times he fired his weapon but he did reload and may have fired again until he determined that the threat was gone. Investigator Smith said the team made entry into the house and he saw Ms. Johnston laying face up and she was still moving and there was a gun

on the floor near one of her hands. Investigator Smith stated he handcuffed Ms. Johnston in the front and continued to clear the location finding no additional suspects. Investigator Smith said that after the shooting Investigator Junnier told him that dope needs to be in the house and JR interpreted that to mean he needed to plant dope in the house. Investigator Smith stated he went to the trunk of his patrol car and took some marijuana from some he had earlier retrieved from 350 Lanier St. Investigator Smith said that he went into the house and went down into the basement from the kitchen where he then planted some marijuana in the basement, stating Investigator Tesler saw him. Investigator Smith stated he stepped out into the backyard where Sgt. Stallings met him and he telephoned Alex White and described the back of the house, creating the lie how Alex White made a buy, putting a false story together. Investigator Smith said the first report he made on the incident was an oral report at the hospital to Lt. Stacie Gibbs and Major C.J. Davis, where he told them Investigators Junnier and Tesler watched the drug buy at 933 Neal St. Investigator Smith stated he spoke with Investigator Junnier at the hospital and reported what he had told Lt. Gibbs and Major Davis, where Investigator Junnier then told JR he had to tell them what was in the warrant affidavit, that Tesler and JR watched the buy from 933 Neal St. Investigator Smith stated that on November 22, 2006, he went to his office where Sgt. Stallings told him and Tesler to, "work this out", and JR met with Tesler and later joined by Junnier, and they got their fictitious story together and work to perfect the cover up.

C. WITNESSES:

Investigator Maurice Geurin

Investigator Maurice Geurin said that he was present when JR Smith conducted the briefing for the warrant for 933 Neal St. and he heard that the subject also present at the briefing, Fabian Sheats,

had pointed out 933 Neal St as having a kilo of cocaine. Investigator Geurin stated that he believed JR said that a buy was made at the location and that there was a suspect named "Sam" inside. Investigator Geurin said that after the briefing he did not know that a buy had not been made and the warrant was no good for 933 Neal St. Investigator Geurin stated that after the burglar bar door finally came open Investigator Junnier checked the door handle to the main door and it was locked so he, Geurin, stepped up and swung the ram forcing the door open. Investigator Geurin said that when the door came open he saw a black gun and a figure wearing blue clothing and heard gunshots. Investigator Geurin stated he was standing right in the doorway with the ram and all he could think about was getting into cover so he dropped the ram and hopped off the porch, taking cover against a wall. Investigator Geurin said after the gunshots stopped the team restacked and went inside where he saw Ms. Johnston down on the floor, trying to breathe, with a gun next to her. Investigator Geurin stated the rest of the home was cleared and then he took the shield from Investigator Gary Smith and cleared the basement with Investigator Tesler and a Red Dog Team. Investigator Geurin said that after the home was secured he hung out in front and there was a lot of commotion with units arriving and his teammates preparing to go to the hospital. Investigator Geuirin stated that right after his team shot and killed Ms. Johnston he did not hear any of his team state nor did he have knowledge of that there was never a buy made from 933 Neal St. Investigator Geurin said that after his team had shot and killed Ms. Johnston he did not hear any discussions or have any knowledge of any APD personnel that responded to the scene mentioning planting drugs and covering up the shooting. Investigator Geurin stated that when he visited his teammates at the hospital nobody informed him that there was not a buy made from 933 Neal St. Investigator Geurin said that on the day after the shooting when most of Team 1 assembled at City Hall East there was no discussion about any cover up of the shooting. Investigator Geurin stated that Investigator Junnier called him a couple days later to say "Hello" and wish him Happy Thanksgiving but there

was no discussion about the shooting. Investigator Geurin said that after the shooting none of his teammates or any other APD personnel contacted him and told him that they had knowledge that there was no buy made from 933 Neal St. and that there was a cover up attempt. Investigator Geurin stated that he first heard that there was no buy from 933 Neal St. and that drugs were planted in a cover up attempt from the news.

Officer Richard Sperl

Officer Richard Sperl stated that earlier in the day on November 21, 2006, he accompanied SPO Constance Carson on a K-9 request from Investigators Junnier, JR Smith and Tesler at 1143 Simpson Rd. Officer Sperl said that the investigators had a subject detained in their vehicle and Officer Carson and her dog found drugs in two locations. Officer Sperl stated that he did not hear JR or any of the Investigators tell the detained subject that "today" the drugs found are his and he has never been told by anyone else nor did he have any knowledge that members of Team 1 may on occasion plant drugs for a K-9 to find. Officer Sperl stated that Investigator Junnier mentioned the subject detained may have some information on a large amount of cocaine. Officer Sperl said he was at the warrant briefing given by JR and he mentioned something about surveillance cameras and a large amount of cocaine and that the subject's name inside was known as "Sam". Officer Sperl stated that he did not recall anything mentioned at the briefing about the buy and afterwards he had no concerns about what he heard about the warrant. Officer Sperl said that on arrival at 933 Neal St. he waited outside close the van with the detainee and he could not see the front porch and could not see anybody from the entry team from his location. Officer Sperl stated that after the shooting stopped he walked towards the driveway to see if everyone was ok while he could still keep an eye on the van with the detainee. Officer Sperl said that he did not go inside the house but he did assist in breaching the basement door and clearing the basement with other officers. Officer Sperl stated that while still on the scene

he did not hear anyone on Team 1 state that there was no buy made at 933 Neal St. nor did he hear from any other APD personnel on the scene that drugs were planted to cover up the shooting death of Ms. Johnston. Officer Sperl said he learned that there was no buy made at 933 Neal St. and that drugs had been planted to cover the shooting death of Ms. Kathryn Johnston when it came over the media.

Investigator Arthur Tesler

Investigator Arthur Tesler did not make a statement to the administrative investigation. The information listed is from Investigator Tesler's APD Homicide statement and the FBI File.

Investigator Arthur Tesler said that earlier on November 21, 2006, Investigators Junnier, JR Smith and he drove to a business at 1143 Simpson Rd. on a tip about some individual selling drugs. Investigator Tesler stated that they recognized the subject as Fabian Sheats and Tesler confronted Sheets as Junnier remained close and Smith walked off somewhere. Investigator Tesler said that JR located a scale and some empty drug bags in a wood line and someone called for a K-9 unit to come to the scene. Investigator Tesler stated that K-9 officers Sperl and Carson arrived and went in the back with JR and returned shortly indicating drugs had been found. Investigator Tesler said that while at 1143 Simpson, JR showed him approximately 45 blue bags of marijuana, 10 yellow bags of marijuana and 2 bags containing about $15-$25 of crack cocaine. Investigator Tesler stated that Junnier was encouraging Sheats to help himself and Sheats volunteered that some of the drugs found at 1143 Simpson belonged to him and he said he knew of a house where more weight could be found and he would take them there. Investigator Tesler said that Sheats told them that earlier in the day he saw a shoe box containing a kilo of cocaine at a house on Neal St. and he described "Sam" as being the individual who was in possession of the kilo. Investigator Tesler stated that Sheats directed them to 933 Neal St. and they drove around to the

front and the back having Sheats verify that this was the right location. Investigator Tesler said that they briefly discussed doing a knock and talk or getting an undercover vehicle however time was an issue and Sheats was in the patrol car with them and the rest of Team 1 was working on a warrant in another part of town. Investigator Tesler stated they went to the Fulton County Jail and there was a discussion on who was going to get the warrant and JR exited the vehicle and went inside to apply for the search warrant and Tesler suspected that when JR went inside he was going to take a shortcut to get the warrant. Investigator Tesler said that JR pretty much read the warrant at the tactical briefing in front of the rest of the team and Tesler absolutely did not believe a buy had been done as JR briefed but it was not the first time he had been briefed and he knew something had not happened. Investigator Tesler stated that he and Sgt. Stallings covered the rear of the house during the initiation of the raid and about a minute after getting into the back yard he heard gunfire and also a scream. Investigator Tesler said he heard multiple gunshots and Sgt. Stallings radioed for help and when the gunfire ceased Sgt. Stallings went to the front to assess the situation. Investigator Tesler stated that after the shooting he along with Investigator Geurin, Officer Sperl and some Red Dog Officers cleared the basement. Investigator Tesler stated JR met with him in the front of the house and asked him to go back to the rear where JR rolled up one of his sleeves displaying more than one clear bag of marijuana as JR asked, "what do you think?" Investigator Tesler said he understood JR's question as meaning planting drugs in the house so he walked away and stated that he did not observe JR planting dope in the basement. Investigator Tesler said that sometime on the night of the shooting JR told him that his name was on the warrant and Alex made a buy and Tesler understood that was what the story was going to be. Investigator Tesler stated that on the day after the shooting on the seventh floor at City Hall East, JR told him the details of the false story about Alex White making a buy at 933 Neal St, which included a diagram that showed where they met Alex and where they parked their cars.

Investigator Tesler said that he and JR went back to the crime scene at 933 Neal St. and retrieved some marijuana they had in the patrol car from the day of the shooting, and went to a side street off of Glen Iris and threw away the baggies of marijuana that looked like the ones planted at 933 Neal St. Investigator Tesler stated that over several days after the shooting he met with Investigator Junnier and Smith discussing, planning, and agreeing that they needed to stand by the false story regarding Alex making the buy.

Sergeant William Stallings

Sergeant William Stallings did not make a statement for the administrative investigation and the information listed is from the FBI File.

Sergeant William Stallings said that on November 21, 2006, before the shooting, he had asked Investigators JR Smith and Junnier to be on standby for a possible warrant that Investigator Lucas was trying to obtain and that he was with Investigator Lucas at the District Attorney's office trying to obtain the warrant when Junnier called him stating he had a warrant for 933 Neal St. Sergeant Stallings stated that JR Smith did not have an operational plan prepared for the search warrant that he received for 933 Neal St. Sergeant Stallings was in the back of the house with Investigator Tesler during the shooting and after the shooting occurred he ordered JR Smith to place Ms. Johnston in handcuffs and when JR explained that Ms. Johnston had blood coming out of her back JR Smith handcuffed her in the front. Sergeant Stallings stated that after the basement was cleared he went to the rear of the house and saw JR and Tesler talking with each other but he did not see either of them enter the basement. Sergeant Stallings said that on the day after the shooting he received a call from Tesler stating that he still had drugs that needed to be turned in as evidence. Sergeant Stallings stated that he thought Tesler should have turned the drugs in the night before and Stallings became suspicious and asked Tesler if "they had planted dope" at 933 Neal St. and Tesler replied

they had not. Sergeant Stallings said that afterward, when Tesler had submitted the drugs and returned to the squad area, he again asked Tesler if he planted drugs at 933 Neal St. and again Tesler replied he had not and would not have done something like that. Sergeant Stallings stated that Junnier told him that he was going to give Alex White $150.00 to leave town and Stallings later received a phone call from White explaining that he did not make the buy at 933 Neal St. and Stallings said he passed this information on to Lt. Gibbs. Sergeant Stallings said that he was never informed by Junnier, Tesler or JR Smith or any other members of the narcotics team that the search warrant for 933 Neal St. contained falsified information.

Fabian Sheats

Fabian Sheats stated that he was arrested on November 21, 2006, at 1155 Simpson Rd. when APD Narcotics investigators found some marijuana in some woods and said it belong to him. Fabian Sheats said he was alone on Simpson Rd. selling crack cocaine for thirty minutes prior to being arrested by Tesler, JR Smith and Junnier. Fabian Sheats said when he was being detained a K-9 unit arrived and searched a wooded area and JR Smith came back holding some marijuana and Sheats denied it was his, but JR Smith said , "today it is." Fabian Sheats stated that Junnier, Tesler and JR Smith drove him to the Fulton County Jail where JR Smith got out and went inside and when he returned he told Junnier and Tesler, "I told you I would get it." Fabian Sheats said that when they left the jail they went to a fire station on Flowers St. and a black van pulled up with four or five other APD officers, some wearing masks, and the officers got together and had a meeting. Fabian Sheats said that when the meeting was over he was taken out of the patrol car and put in the black van where he had his legs secured with flex cuffs and told to lie down. Fabian Sheats stated he was in the van with several officers and after a five minute drive the van stopped and all the officers jumped out and about two minutes later Sheets said he heard a rapid group of gunshots. Fabian Sheats stated that he

was in the van for about 30 minutes after the shooting had stopped when an officer removed him from that van and put him in a white minivan where he remained for about 2-3 hours before being taken to the Fulton County Jail. Fabian Sheats stated that after he was arrested he did not point out a house on Neal St. as being the house he purchased drugs from and that he did not provide any information to narcotics officers that led them to believe drugs were being sold or stored at 933 Neal St.

D. INTERVIEWED:

Deputy Chief Peter Andresen

Deputy Chief Peter Andresen said he can't remember if he heard about the shooting at 933 Neal St. on the radio or that he got a phone call, but on his way to the scene he spoke on the telephone with Lt. Gibbs, who was at the scene and Assistant Chief Dreher, who was going to Grady Hospital. Chief Andresen stated that while at the scene he was speaking with a lot of folks coordinating the investigation and Lt. Gibbs briefed him telling him that Team 1 had made an arrest in Zone 1 and the person they arrested told them that there were drugs at 933 Neal St. and a confirmation buy was made. Chief Andresen said he was told Team 1 had got a warrant and as the Team was making entry they had been shot at and returned fire killing Ms. Johnston and she was dead on the scene on his arrival. Chief Andresen stated that while at the scene he did not learn that a buy was made and he did not receive and order or give an order to have drugs planted in the basement of 933 Neal St. Chief Andresen said that while at the scene he was briefed by several different individuals and all the information he gathered he passed on to Chief Dreher and when he went to Grady Hospital he spoke with Team 1 members Gary Smith and Cary Bond just about how they were doing. Chief Andresen stated that on the day after the shooting he was given information, probably from Lt. Gibbs, that marijuana was found during a search at 933 Neal St. and that it was discussed among Major Davis, Lt. Gibbs and he that Alex White

be picked up to identify " Sam", the person who Alex had supposedly made the buy from. Chief Andresen said the decision to have Alex White picked up was to identify the person that Alex White had allegedly made a buy from, not to have Alex White "disappear" to cover the truth and, at that time they were under the impression that a buy had been made and it was not that they suspected that anything was wrong with the warrant. Chief Andresen stated that after Alex White was picked up he later jumped out of the narcotics car and went to the ATF and later that night he was brought to Internal Affairs, were Chief Andresen learned that Alex White was making allegations that he hadn't made a buy, and at that time Chief Andresen stated that he had no communication or direction from any APD personnel that this incident needed to be covered up. Chief Andresen stated he spoke with ATF Agent Vanessa McClemoore and that is when he first had knowledge that the incident at 933 Neal St. may have been tainted and he passed it on to Chief Dreher and that it was Chief Pennington's decision to turn the investigation over to the FBI. Chief Andresen stated that before the ATF informed APD that Alex White said he did not make a buy from 933 Neal St. there was nobody in the department that confided in him the known facts that a buy was not made and that drugs had been planted.

Lieutenant Stacie Gibbs

Lieutenant Stacie Gibbs said that she found out about the shooting at 933 Neal St. over the police radio and started over to the scene with Investigator Smart. Lieutenant Gibbs stated that on arrival she went to the ambulance and inquired with the three injured investigators about how they were and she spoke with Sergeant Stallings who told her JR Smith and Junnier had come up with this warrant. Lieutenant Gibbs said that while on the scene she probably spoke with Chief Andresen and may have told him how the warrant came about and she spoke with Sergeant Guerucci offering any assistance he may need and could have spoken to others, but she did not have any specific details about the shooting. Lieutenant Gibbs stated that while on the scene no APD personnel told her that a buy was not made nor did she receive any

orders to plant drugs at 933 Neal St. Lieutenant Gibbs said that at Grady Hospital she spoke with JR Smith who basically said that they had made an arrest on a guy who said he knew where a kilo of cocaine was so they picked up Alex White and took him to 933 Neal St., where Alex White made a buy. Lieutenant Gibbs stated she spoke with other members of the team while at the hospital only to ask how they were and not about details of the warrant and that JR Smith told her that Alex White made a buy from 933 Neal St. and he and Tesler watched it. Lieutenant Gibbs said that at no time on November 21, 2006, did any members of Narcotics Team 1 nor any other APD personnel tell her that there was no buy made and drugs should be planted at 933 Neal St. Lieutenant Gibbs said that she received a phone call from JR Smith on November 23, 2006, and he said he picked up Alex White and took him to City Hall East to look at some pictures that Fugitive may have had on "Sam" and she did not know at that time a buy had not been made at 933 Neal St. and that JR was "prepping" Alex White for a cover up. Lieutenant Gibbs stated that as a group in Narcotics, along with Chief Andresen and Major Davis, they discussed and agreed to have Alex White picked up so they could possibly find the person "Sam" in the warrant because they did not know him or have a good description. Lieutenant Gibbs said that when Alex White bailed out of a car with Investigator Duncan en route to look at some mug shots at City Hall East she thought it was because he did not want to have to testify about the homicide and she had no knowledge of or gave any order to have Alex White "disappear." Lieutenant Gibbs stated that Sgt. Stallings never told her that Alex White called him stating that he did not make a buy from 933 Neal St. and she did not know the truth about no buy made and drugs planted until the FBI released the truth.

Lieutenant Cerelyn Davis

Lieutenant Cerelyn Davis said she found out about the shooting at 933 Neal St. while on an off day through a text message generated from communications that mentioned a shooting involving Narcotics Investigators. Lieutenant Davis stated she contacted Chief Andresen

who told her one of the narcotics teams was out on a warrant and a shooting occurred and that he was still gathering information and the officers injured were being prepared to be transported to the hospital. Lieutenant Davis said she went to Grady Hospital and she spoke with Sergeant Stallings and he made a strange comment like, "we should not have gone out on that warrant", which she understood meaning to be a reference to the way Junnier and his team notified Sgt. Stallings about the warrant and then went out on it rather quickly. Lieutenant Davis stated that while at the hospital she did not remember what JR Smith said in regards to who witnessed the buy as JR actually spoke more with Lieutenant Gibbs. Lieutenant Davis said that while at the hospital she did not receive any communication from any APD personnel at the hospital, or at the scene, that a buy was not made from 933 Neal St. Lieutenant Davis stated that she was not present during the next day early morning search of 933 Neal St., that yielded a small amount of marijuana, and she had no knowledge that the drugs found had been planted in a cover up attempt. Lieutenant Davis stated Lt. Gibbs may have directed Investigator Duncan to pick up Alex White after there was a meeting among command staff because it was conveyed that there was critical information Alex White may have to determine what happened at 933 Neal St. Lieutenant Dais stated that on the evening that Alex White bailed out from APD investigators en route to City Hall East, she received a phone call from an agent with the ATF who told her Alex White was in their custody and they needed to talk, because White had given the ATF a different account of what happened at 933 Neal St. Lieutenant Davis said that after she and Chief Andresen followed up with the ATF's call and information they stopped everything and Chief Pennington later indicated that the investigation would be handled by the FBI. Lieutenant Davis stated that she did not have knowledge that there was no buy made from 933 Neal St. and that there was only a suspicion based on what the ATF confided what Alex White had told them and at that point the FBI was receiving all additional information about the case which they were not privileged to at the time. Lieutenant Davis said that she had no knowledge of any plan, was not ordered and did not participate in any

way, with any actions or inactions on her part, in any attempt to cover up the shooting death of Ms. Kathryn Johnston.

Sergeant Sparwath said he went back to 933 Neal St. when he left the hospital and was the supervisor on the scene for the early morning search with a K-9 unit that found some marijuana in the basement. Sergeant Sparwath stated he had heard that Alex White had fled from APD investigators and at that time he did not know a buy had not been made from 933 Neal St. and he had no knowledge of any plan to have Alex White "disappear." Sergeant Sparwath said he learned there was no buy made from 933 Neal St. when Alex White was on the news saying he made no buy and he had no knowledge of any APD personnel that knew before the truth came out that there was no buy and that drugs had been planted in an attempt to cover up the shooting death of Ms. Kathryn Johnston.

Gibbs ordered him to watch him and not talk with him. Investigator Griffin said that he along with two other investigators watched over Fabian Sheats in the van for maybe more than two hours and there were no conversations about a buy at 933 Neal St. Investigator Griffin said he was part of the search of 933 Neal St. where he along with Investigator Schiffbauer found some marijuana that the K-9 dog alerted on in the basement near a door leading out towards the backyard. Lieutenant Guerrucci stated that he walked down to the house and began the process of securing the scene and having the responding officers clear the scene as he made phone calls to the Medical Examiner's office. Lieutenant Guerucci said he began the process of inventorying the Investigator's involved equipment and coordinating with the ID section and continued the

process of taking control of the scene and briefed other supervisors on the scene what he had learned at that point. Lieutenant Guerrucci stated that Ms. Johnston had already been removed from the house and placed on a gurney in the drive way by EMS and he did not receive any information from any APD personnel that a buy had not been made or that drugs had been planted. Lieutenant Guerrucci said that while at the crime scene he did not receive any special instructions or orders from any APD supervisors above his rank to conceal evidence, omit information or conduct the investigation in a manner that would be unorthodox to SOP when investigating a homicide that involved Atlanta Police personnel. Lieutenant Guerrucci stated that when information came back that a search of 933 Neal St. only yielded a small amount of marijuana, and not a kilo of cocaine, he did not have knowledge that a buy had not been made and that drugs had been planted. pick up Alex White to see if he could identify the suspect who allegedly sold him drugs. Investigator Duncan said that he was instructed to have someone go with him and he picked up a car and chose Investigator Feliberty and he contacted J R Smith to get a number for Alex White but JR did not say Alex did not make the buy from 933 Neal St. Investigator Duncan stated they were instructed to pick up Alex White and take him by 933 Neal St. to see if he could identify anyone in the crowd as the subject who sold him drugs at 933 Neal St. Investigator Duncan said that they drove White to a towing business where he felt safer from being seen with the police and they talked about the buy made at 933 Neal St. where White told him that Tesler and JR Smith rode with him in his own car and were crouched down when he made the buy from 933 Neal St. Investigator Duncan stated that Alex said he made the buy at 933 Neal St. and described the subject who sold to him as "Sam" who was a black male, heavy set, muscular, 6'6 with a low hair cut and neat beard. Investigator Duncan said that when they were driving White around, he was on his cell phone speaking with ATF Agent Degree and Duncan said he spoke with Agent Degree, who said they were using White for a purchase, and Duncan told him that they were going to show White a lineup and that he would bring him to his location when they finished. Investigator Duncan stated that Alex White got out of the car in traffic and he asked him what he was doing and White said that Agent Degree was on the phone and wanted him to get out and White went into the Varsity where Duncan looked but did not find White. Investigator Duncan said that he called White's phone several times and when he answered he asked what does this have to do with me and Duncan said he told him that he was the only one that could identify "Sam". Investigator Duncan stated he called Agent Degree several times but he did not answer and he did not know at the time Lt. Gibbs directed him to pick up White that White had not made a buy from 933 Neal St. Investigator Duncan said he does not know why White called 911 expressing fear he was being taken to an unknown location and he did not have any orders or knew of any, directly or

indirectly, to "dispose of" Alex White. Investigator Duncan stated he learned that Alex White had not made a buy from 933 Neal St. when it came out on the news that Junnier was cooperating with the FBI ant that he did not have any knowledge of a plan by anyone in the department that was attempting to cover up the shooting death of Ms. Johnston.

Gibbs. Investigator Feliberty said that he understood that they were to pick up Alex White drive him around hopefully to locate the seller and then take him to Sgt. Kreher who was putting together a photo lineup for White to look at. Investigator Feliberty stated that they picked up White and drove to a wrecker service yard, where Duncan was speaking with White about the incident on Neal St. and then drove past Neal St., where it was real busy, and White did not want to go there. Investigator Feliberty said he was not paying much attention to the conversation Duncan and White were having but he believes he heard that White said he made a buy from 933 Neal St. Investigator Feliberty said Sgt. Kreher informed them that the lineup was ready and they were to meet at the gas pumps at City Hall East and White was talking with an Agent from the ATF stating he had to meet him to assist in making a buy. Investigator Feliberty said that when White jumped out of the car White said that Agent Degree was behind them and wanted to meet and then he ran straight into the Varsity and Investigator Duncan tried to speak on the phone with White and Agent Degree. Investigator Feliberty said that Investigator Duncan did speak on the phone with White attempting to get him to relocate to their location and that there were no threats made towards White and no order to "dispose of" Alex White. Investigator Feliberty

stated that he did not participate in nor has any knowledge of a directed cover up of the death of Ms. Kathryn Johnston.

Senior Patrol Officer Constance Carson

SPO Carson stated that at this request maybe 53 or 58 grams of marijuana was found, packaged in dark blue bags found in a hole with rocks on top of it and they also found some cocaine and some, marijuana packaged in lighter colored bags, under a door or hood of a car on the ground. SPO Carson said she noticed that Team 1 had a subject detained in a vehicle but he did not speak and she was not sure if the drugs found belonged to him. SPO Carson said that while she was on Simpson she did not hear from any of the Narcotics Investigators that the subject in their custody may have information about a location with a large amount of drugs. SPO Carson stated that she was not present for the warrant briefing and did not know Team 1 had a warrant for 933 Neal St. before the shooting and when the help call came over the radio she went to the location. SPO Carson stated that when Red Dog officers were breaching the door in the rear of the house to the basement she was in the front of the house and after the house was cleared she did not go through the house with her K-9 dog. SPO Carson said that while on the scene she was not told by any APD personnel that a buy had not been made and that drugs had been planted in the basement. SPO Carson stated she was present with other Narcotics Investigators for the later search of 933 Neal St. where marijuana was found by the dog in the back basement area. SPO Carson said she had no knowledge of any conspiracy to have Alex White disappear and that when he came on the news saying he did not make a buy she thought it might be possible but she did not exactly find out until she spoke with the FBI. SPO Carson stated that she did not participate in any way and had no knowledge of any directed cover up attempt of the shooting death of Ms. Johnston.

Confidential Informant Alex White

Confidential Informant Alex White said that on November 21, 2006, at about a little after 5p.m. he received a call from Investigator Greg Junnier who asked if he was available to make a drug purchase and White said yes. CI White stated that after an hour had gone by and Junnier did not call back he called him and Junnier told him don't worry about it we got you covered.CI White said that at about 6:40 p.m., he received a call from Investigator JR Smith who said to White that we (Team 1) needed him to cover their asses and that they had fucked up as Smith told White that it was real important that he listened to Smith. CI White stated that JR Smith then went over a very detailed scenario which included; the location he allegedly met up with the investigators, 1125 Donald Lee Hollowell Pkwy, a description of "Sam" the alleged person that sold drugs to White, and that it was Tesler and Smith that met up with him and they watched White meet with "Sam" at 933 Neal St. and then go to the back of the house where White allegedly purchased two baggies of crack cocaine for $50. CI White said during the phone call from JR Smith, Investigator Burchfield called and when White called him back Burchfield inquired if White was or had been with Junnier and then informed him about Team 1 being involved in a shooting. CI White stated that he had several more phone conversations with JR Smith as Smith went over details of the property at 933 Neal St. and asked White if he had got the story down. CI White said that when he watched the news that evening the shooting at 933 Neal St. was on and when he heard that an

elderly female was killed during entry he figured that there was no dope at the location and now knew why JR Smith was asking him to go along with his story. CI White stated on the day after the shooting he received phone calls from Junnier, JR Smith and Tesler in which the discussions were about going along with the plan and asking if he had the story down and that they would be by later to pick him up so they could drive around to rehearse the story as they wanted it to be told. CI White said that he called Special Agent Eric Degree of the ATF (White was a CI for the ATF) and he told him that the shooting at 933 Neal St. did not occur as described and Agent Degree and another agent picked White up and spoke with him about the incident. CI White stated that APD Investigator Duncan and another officer (APD Investigator Feliberty) called him and arranged to pick him up to look at some photos to try to identify and get more information on "Sam", the alleged person that allegedly White purchased drugs from at 933 Neal St. CI White stated that while he was being driven around by Duncan he was on the phone with Agent Degree who told him he should not be with any APD personnel and White became nervous of Duncan and bolted out of the car from him and ran and hid until Agent Degree picked him up. CI White stated that was taken to the ATF office for about an hour, and then was taken to the APD Internal Affairs where he gave a videotaped interview and told the story how Investigators JR Smith, Junnier and Tesler called him and asked him to go along with a story that they contacted him and he made a buy from 933 Neal St., so they could get their warrant. CI White said he received calls from Junnier and Tesler that night and he called the FBI and the next day, November 23, 2006, JR Smith pick him up and they went to City Hall East, where he was paid $100 and they went by 933 Neal St. and worked on the story of how White made a buy.

E. PHYSICAL EVIDENCE:

Video Tape Interview from Fabian Sheets
Audio Tapes from phone calls to Alex White

F. INVESTIGATIVE FINDINGS:

This investigation finds that on November 21, 2006, Ms. Kathryn Johnston was shot to death by members of Narcotics Team 1 while serving a search warrant and the use of deadly force was justified as it pertains to the requirements outlined in the APD.SOP.2010, Work Rules, Section, 4.6.09 (A.)

This investigation also finds that the life of Ms. Kathryn Johnston was taken unnecessarily and tragically because three members of Narcotics Team 1 traded in their integrity for the promise of finding a kilo of cocaine.

On November 21, 2006, Investigators Greg Junnier, JR Smith and Arthur Tesler planted drugs and arrested drug dealer Fabian Sheats on Simpson Rd. Trying to not go to jail, Fabian Sheats told the three investigators of witnessing a kilo of cocaine at a house on Neal St. Fabian Sheets pointed out 933 Neal St. and gave the investigators the name of a male inside as "Sam" and gave his description. The three investigators then chose not to follow protocol and ignored what they knew was the right thing to do, to have a controlled purchase made from 933 Neal St. The investigators lied to a Judge in securing a warrant for 933 Neal St., even though Investigator JR Smith is the one who secured the warrant with his lies, Investigators Junnier and Tesler had known that a buy had not made from 933 Neal St. and did nothing to stop the process. In the lie, Confidential Informant Alex White's name was used as the one who made the controlled buy. None of the other members of Narcotics Team 1 knew when they were making entry at 933 Neal St. that a controlled purchase of drugs had not been made. When Narcotics Team 1 served the warrant and made a forceful entry they were met by a frightened Kathryn Johnston, who probably thought she was being burglarized or worse. As Narcotics Team 1 entered Ms. Johnston pointed and fired a handgun for her protection and then she was shot and killed by return fire from members of Narcotics Team 1. When Investigator JR Smith realized an elderly

female had been killed and that it did not look like a drug house he became afraid and he called CI Alex White and attempted to talk him into going along with the story that he White made the controlled buy from 933 Neal St. Investigator Smith also planted drugs in the basement of 933 Neal St. in an effort to cover up the bad warrant.

This investigation also finds that during the investigation of the shooting the Atlanta Police Department did not attempt to cover up the shooting death of Ms. Kathryn Johnston.

C I White received several phone calls from the three investigators as they instructed him on the story they wanted to tell and promised him that he was going to be taken care of and that they needed him to cover them on this. C I White had his conscious bothering him and he did not want to play a part in the fabrication the investigators had written him in to, so he spoke with agents of the ATF. The Atlanta Police Department was told about the actions of the investigators and their attempt to cover up the bad warrant by Alex White on the day after the shooting when he was brought to the Internal Affairs office. Based on the information coming forward from the ATF and Alex White, Chief Richard Pennington turned the investigation over to the FBI where it was determined there was no cover up attempt by the Atlanta Police Department in the shooting death of Ms. Kathryn Johnston. Ultimately, the death of Ms. Kathryn Johnson brought four members of the Atlanta Police Department prison terms and further information that caused a revamping of the Narcotics Unit and the way they conduct their operations.

SUMMARY:

On November 21, 2006 at 7:20 p.m., I called Communications regarding several officers being shot on a search warrant. I was advised that APD Narcotics Enforcement Unit was attempting to execute a search warrant at 933 Neal Street when three investigators were shot. While speaking to Communications, Lieutenant A. McCommons called and advised that he was enroute to the scene.

Once I arrived on the scene, Lieutenant McCommons advised that Narcotics Sergeant P. Stalling's team had purchased illegal narcotics from a suspect and a search warrant was obtained for the dwelling at 933 Neal Street, NW. Lieutenant McCommons indicated that the information he received was that once the door was breached, a black female fired several shot at the investigators, and the investigators shot back, thus striking the female. The female was deceased, and the wounded investigators had been transported to Grady Hospital for medical attention.

I drove to Grady Hospital and was told that Investigators Junnier, Bond and Smith were in stable condition. Their injuries were not life threatening. I returned to the scene and advised Major Harris and Lieutenant McCommons of the officers' condition.

At the time of this report, the name of the deceased is unknown.

This investigation continues…

06-325-1687	Investigator C. Bond	11/21/06

On Tuesday, November 21, 2006, between 18:30 and 18:40 hours, we left the briefing area enroute to the warrant location. I knew the location was on Neal Street but I did not know the house numbers at the time. I knew from the briefing the building had burglar bars on it, a handicapped ramp and it was the second or third house off Joseph P. Lowery Blvd.

I rode in the raid van with G. Junnier, N. Lucas, J Smith, M. Geurin, and G. Smith. There was a suspect in the raid van but I don't know who he was. Sgt. Stallings and A. Tesler followed us in the patrol car. K-9 Unit Sprel followed behind the patrol car in his marked K-9 unit vehicle.

I was dressed in my raid uniform that consisted of the black tactical ballistic vest with large white letters identifying it as "POLICE". I had on khaki colored pants, a black and green gortex jacket, and a green and black fleece jacket. The green fleece jacket was underneath my gortex jacket and could not be seen. I wore a black skullcap on my head, and a gun belt and web gear around my waist. I had my Atlanta Police Investigators badge and ID card displayed on the outside around my neck.

I think we arrived at the location at about 18:45, but I am not sure of the exact time. The van stopped near the front of the house. We exited the van and formed into a stack. We went up to the right side stairway that led to the porch of the house.

G. Smith and the breach team, consisting of J. Smith, M. Geurin, went to the top of the stairs. G. Junnier and I took support positions on the stairs. I am not sure where Sergeant Stallings, Sperl, or N. Lucas were positioned. A Tesler went to the back of the house to cover the rear.

J. Smith was using the halogen to breech the burglar bar door. He was having difficulty getting the door open, so Geurin tapped in the halogen with the ram. About that time, someone near the door yelled "Atlanta Police". After a delay, they opened the burglar bar door, and Geurin used the ram to open the main door.

Upon ramming the door, several of us including myself, announced "Atlanta Police… Search Warrant". At that point the door opened G. Junnier and I started moving up the stairway. I saw a silhouette of a person in the open doorway. The person was standing toward the right side with about two thirds of their body in the doorway. I noticed that the person was holding a revolver aimed toward the entry team.

I observed the muzzle flash from the revolver in the person's hand. At this point things began to happen rapidly. I am not sure of the order but I recall G. Junnier falling past me on my left side. About the same time he moved past me, I was struck in my left arm and on my face under my nose. The person was still standing in the doorway. I recall

firing at least one round as I began moving backwards on the stairs. After getting to the bottom of the stairs, I moved around the corner for cover.

I recall Junnier was crouched around the corner and appeared to be injured. He was bleeding from the face and said that his eyes hurt. He called in an Officer Help Call on the radio, and transitioned his magazines.

I could then hear someone say, "The shooter was down". I came back around the corner, and proceeded up the steps where we entered the house and cleared the house of other threats.

While clearing the house I noticed the revolver near the subject's right side. She was still breathing and moving slightly so I picked up the revolver by the bottom of the grip and moved it into a bedroom where I placed it on the bed.

As I cleared the far side of the house, my left arm became more painful and I could feel blood flowing into my jacket. After the house was cleared, I returned outside to check on my injuries.

Question and answer session conducted by Investigator D. Wilson…

Q. What kind of firearm or firearms were you carrying during the incident?
A. The only weapon I was carrying was the city issued 40 caliber Smith and Wesson, Model 4003 TSW.

Q. How many rounds did you have with you when you arrived on the scene?
A. I had one handgun with one round in the chamber and the magazine holding 11 rounds. I also had two additional magazines holding 11 rounds each. I had 34 rounds total.

Q. Were you wearing any type of mask during the service of the warrant?
A: No.

Q: Describe the lighting conditions at the time of the incident.
A. I do not recall but there was enough light to see all of our people.

Q. Is there anything you would like to add to your statement at this time?
A. No.

On November 21st, 2006 I arrived at the office around 1:30 P.M. and began doing paper work. I called Sergeant Stallings to see where they were located and advised them that an arrest warrant I had out on a subject and that fugitive had picked him up. Sergeant Stallings then said that they were on their way to the office and that Det. Lucas had a case that he was working on and that we were going to investigate further. Sergeant Stallings, Lucas, Det. Bond arrived at the office and they started working on some information they received in reference to a drug deal. I was continuing with my paperwork and they were putting that together. At some point Sergeant Stallings told me that we were going to execute a search warrant and asked me to get my gear and meet him and the rest of the team at the fire station located at Flowers Place and Simpson Rd. Detective Lucas and myself rode down there together and met the team there. Once there, I put on my gear and we briefed at the parking lot of the fire station by the black raid van. It was myself, G.A Smith, Greg Junnier, C. A. Bond, A. Teslar, J.R. Smith, N.L. Lucas, R. Sperl and Sergeant Stallings. J.R. Smith STATED in the briefing that they made a drug arrest on a suspect and that the suspect lead them to a house that allegedly had a kilo or more of cocaine in it. J.R Smith continued with the briefing by telling us that as a result of drugs being bought from the location, he was able to obtain a narcotics search warrant.

Later I learned that a confidential informant was contacted and was able to verify the previous suspect's information by purchasing two bags of cocaine from within the residence located at 933 Neal St N.W.

J.R Smith and Sergeant Stallings told us what our positions would be on the execution of the warrant. My position was going to be the ram, J.R. was to be on the Halogen tool, Gary Smith was to be on the shield, G. Junnier was to be first cover, C. Bond was to be second cover, Teslar, Sgt. Stallings and R. Sperl were to be perimeter. Teslar and Sgt. Stallings were going to be in the back and Sperl was going to be in the front yard. Lucas's job was to be on the arrest team. J.R Smith advised us that the suspect who sold the drugs to the Confidential Informant was named "Sam". J.R Smith also advised us that the warrant was a No Knock Warrant.

We got our tools ready to make the execution and then headed to the location in the raid van. When we arrived we stopped just short of the target house. We exited the van and went up on the porch. I came up the stairs and J.R Smith and Junnier were working on the burglar bar door. They didn't get the door on the first pop so they were going up and down the door trying to find a spot to find more leverage. J.R. asked for the tool to be tapped in so since I had the ram, I tapped the tool with the ram to seat the halogen. Everyone was at their assigned positions.

After tapping the tool, J.R pulled on the tool and the burglar bar door finally came open. Junnier checked the door handle to the main door and it was locked. That's when I stepped up and utilized the ram to gain entry. I swung the ram one time hitting the door behind the burglar bar door. The door came open and I saw a black gun and a figure wearing blue clothing. At the same time, I heard the gunshots. I was standing right in the doorway with the ram. All I could think about was getting cover so I dropped the ram and hopped off the porch and took cover against the wall of the porch. As all this is going on, I could hear gunshots. The gunshots stopped and I saw Lucas was on my right by the wall also. I don't know where Bond was when I hit the door with the ram, but after the shots started and I took cover against the wall of the porch, I saw him take cover on the side of the house. Gary Smith and J.R Smith were taking cover on the side of the doorway while on the porch. I saw Gary Smith enter the doorway covering himself with the shield. He didn't go all the way into the house but looked inside and said person down. We then restacked and entered the house and cleared it. We cleared the inside of the house and once the house was cleared I heard my team mates saying they were hit. I heard Junnier say he was hit. I heard Bond say he was hit. Gary Smith said I've been hit Moe and wanted me to see if I could see the wound to his leg. He wanted me to see if there was a

bullet wound in his leg. Gary Smith took off his jump suit. I saw a hole in his jumpsuit and in his jeans but didn't see any blood at that time. He was in pain and was limping when he walked. By that time, Red Dog had arrived and there still was the basement area that needed to be cleared, so I took the shield from Gary and they stayed up front so they could get medical treatment. Myself, Teslar and a Red Dog team then cleared the basement.

Everyone arrived after that and my team mates were transported to the hospital. Afterwards, I stayed on the scene for a while, then I went to Grady to check on them.....

EMPLOYEE: OPS # 06-I-0877-PS

A. Officer Carson and her dog found drugs in two locations. I believe the first was a larger freezer type bag containing smaller bags of marijuana in which I believe they were blue. The second was another freezer type bag that had small individual baggies of marijuana that I think were orange in color. Also in the second bag, there were a couple hits of packaged hits of crack cocaine.

Q. While on Simpson, did the members of Team 1 have a subject detained in a vehicle?

A. Yes.

Q. Did any of the investigators say anything about the subject in their custody?

A. The only conversation I remember having is when Junnier mentioned that the subject they had detained may have some information on a large amount of cocaine.

Q. Did you know at the time who the subject was?

A. No.

Q. Did the subject say anything?

A. Not that I am aware of.

Q. Did the drugs found by the K-9 dog belong to the subject in the back seat of Junnier's car?

A. I assume they were.

Q. Did you hear the detained subject protest that the drugs were not his?

A. No.

Q: Other than at this time did you ever loose sight of these officers?

A: When we go to the fire station they were talking to other officers at the fire station at Simpson and Flowers. Other than this I never lost sight of the officer until they got out of the black van. After they switched me over to the mini van I didn't see none of the officers any more.

Q: Did you supply the narcotic officers with any information that led them to believe drugs were being sold or stored at 933 Neal Street?

A: No, they never asked me anything about no drug house, they just kept riding me around until they jumped out of the van. They have asked me before when they arrested me if I would tell them where I got my drugs from, bit I told them no I don't roll like that. And if I wanted to help them I wouldn't because they treat folks so dirty. I would never help them.

Q: Are you willing to voluntarily submit to a CVSA test pertaining to your statement?

A: Yes

Q: Do you currently have an attorney?

A: No not now, I think I'm going to have a public defender but I don't know how it is.

I have read or had read to me the above statement and I swear or affirm that it is true to the best of my knowledge and belief.

Q. What was your assignment on November 21, 2006?

A. I was the deputy Chief of the Criminal investigations Division for the Atlanta Police Department.

Q. How did you find out about the incident at 933 Neal Street?

A. I can't remember if I heard it on the radio or if I got a phone call, but I remember responding to the scene. I was still at work and I was aware that the Narcotics Unit was out serving search warrants that night. I didn't know of the exact locations, but I responded to the scene over on Neal Street.

Q. When you received the initial information, did you go directly to the scene?

A. I went to the scene. I was in conversation with Lieutenant Gibbs, who was at the scene and I spoke with Assistant Chief Dreher, who advised he was going to go to Grady.

Q. While in route to the scene, did you speak with any of Narcotics Team 1 on the phone? (Anybody from that specific team)?

A. No, the only ones I remember speaking with is Lieutenant Gibbs. Although I don't know who was all on the scene, but I don't remember speaking to any of the team members.

Q. While in route to the scene did you speak on the phone with any APD personnel that were already on the scene? (If so, who and what did they tell you?)

A. I'm not sure. There were several other people on the scene. Lieutenant Mitchell of Red Dog was on the scene, so I might have spoken to someone else that was on the scene.

Q. While at the scene, what APD personnel directly told you what happened at 933 Neal Street?

A. I talked with Lieutenant Mitchell, who was the Red Dog Commander. His units were assisting. I spoke with Lieutenant Gibbs; her narcotics team had served the warrant. I spoke with Sergeant Gueruccci, who was in Homicide and his unit was conducting the investigation. I spoke on the phone numerous times with Chief Dreher relaying information back and forth with him. I'm not sure who else I spoke with; of course I was speaking with a lot of folks at that time coordinating the investigation, the scene and relaying information back and forth with the officers that we had shot, the status of the warrant and the information that we were getting from Homicide as to what had occurred.

Q. What were you exactly told that happened at 933 Neal Street on the scene?

A I was told that Narcotics had gone to the location to serve a narcotics warrant and from talking to Lieutenant Gibbs on the scene, she briefed me and then she went to the hospital to personally brief Chief Dreher, so she told that they had made an arrest over in Zone 1 and I can't remember the exact name of the street right now, but then the informant had told them that…that the person that they arrested told them that there was drugs on Neal Street at Neal Street…at 933 Neal Street and they made a confirmation buy and that they got the

information; they met up at the fire station and they had another deal going that she was working with Assistant District Attorney Leigh Dupree that night and I was under the understanding that they were going to hit that warrant or do that detail prior to this one. She said they changed their plans; they did hit the Neal Street warrant and they … while out there, I found out there was a prisoner in the wagon. I think it was Fabian Sheets; anyway one of the informants that had given the information was in the wagon at the scene and when they hit the warrant of course she explained to what had happened that they …the entry team was making entry had been shot at; Greg Junnier said that he had been shot in the chest and at that time they returned fire striking and killing Ms. Johnston, who was dead on the scene when I arrived and then I talked with Lieutenant Mitchell his team….his unit had been on scene as a uniform in the area. I don't believe he was on the scene at the time the warrant was served; he arrived later and was coordinating the scene security as other people on the team were leaving to go make statements, Red Dog stood by and then …and when I spoke with Sergeant Guerucci; he was explaining what they had as far as the investigation goes; how many times that…roughly how many shots had been fired ….how many times they thought many Johnston had been hit based on what they had got from the ME's Office from Grady medical personnel.

Q. While you were at the scene did you learn that a buy was not made from 933 Neal Street and or that Narcotics Team 1 had hit the wrong house and, since there was an elderly female shot to death, did you order or did you receive an order to have drugs planted in the basement?

A. No.

Q. While at the scene, were you told by any APD personnel that a buy was not made from 933 Neal Street?

A. No. He had ….there was some conversation about him denying having said anything to them, but not about them hitting the wrong house.

Q. And that was on the scene?

A. That was reported to me at the scene.

Q. Do you know who reported it to you?

A. No I can't remember.

Q. Once you heard that, did you relay it to anybody else or did you have a conversation with anyone else about that?

A. I can't recall exactly I… whoever I got it from and I discussed it whether it was …which ever commander it was.

Q. While at the scene did you have knowledge that drugs were planted in the basement?

A. No.

Q. While at the scene, after you had been briefed about what happened, who was the first APD personnel you relayed the information to?

A. I got briefed by several different individuals at the scene, but I spoke with Chief Dreher; he's my immediate supervisor, so all the information I gathered, I passed on Chief Dreher, who was standing by at Grady; to give him an update.

Q. Did you go to Grady Hospital and speak with any of Narcotics Team 1? (If so, what were the conversations about)?

A. Yes, after I left Neal Street, I went to Grady. I spoke....some of them had already left Grady. Greg Junnier was not at Grady. I spoke with Cary Bond. I spoke with Gary Smith; there were some issues with the treatment of Gary Smith and a nurse that had made some despairingly comments about the raid and the fact that Ms. Johnston had gotten killed and so we talked with the nurse's supervisor there to make sure that since Officer Smith had gotten shot that he got proper care and the nurse wasn't going to hold anything against him based on her personal feelings she exhibited at the time.

Q. With this dealing with nurse, you think it was more...she was just ...she had heard about the shooting and was just pretty much upset that it was an elderly female?

A. Yes. Those are the two that I remember talking to at the scene. At Grady, it was Bond and Gary Smith. I might have talked to more, but I can't remember.

Q. Do you remember what the conversation consisted of as far what you talked to them about?

A. Just how they were doing and the fact that they were alright. I didn't want to ask them anything specific because they hadn't talked to Homicide yet and so I wasn't going to get into any of the facts of the investigation or anything that you know occurred.

Q. In early morning hours of November 22, 2006, were you present for a search of 933 Neal Street that turned up only a few baggies of marijuana in the basement? (If not, when and by who were you told)?

house and I wasn't present or that I remember when they came out with drugs. I was informed that there were drugs found in the basement.

Q. Do you know who informed you?

A. I can't remember who informed me. I would imagine it was Lieutenant Gibbs; she was the one that I was directly conversing about with most of the Narcotics information.

Q. Were you told by any APD personnel that a buy was not made from 933 Neal Street?

A. Not the night of the incident.

Q. When did you learn of it?

A. I had …the next day we were trying to pick up the informant Alex White and get him to do follow up because the allegation was a guy named "Sam" was selling drugs from the location and that's who he had bought from and then Alex White had jumped out of the narcotics car that was taking him around trying to get him to identify who "Sam" was because at that time we were under the impression that a buy had been made; that he had made the undercover buy since he was the informant that supposedly made the purchase. When he jumped out of the car, he went over to the ATF office and later on that night I came to the Internal Affairs office where Alex White had been brought and Alex White and was doing a CVSA to see if he was truthful or not and at that time the Office of Professional Standards was conducting a CVSA with him and at that time he made allegations that he hadn't mad a buy there and he made some other allegations and then the information that I got at that time from OPS; that a lot of what he was saying wasn't truthful. I didn't get complete report on what was truthful; what wasn't, but I was in contact with Assistant Chief Dreher with the information that I had and Major Welcome Harris was here and of course he was running the section.

Q. Were you told by any APD personnel that the marijuana had been planted?

A. No.

A. No.

Q. On November 22, 2006, there was a "meeting" involving Command Staff in which you were present along with Narcotics Commander Lt. Gibbs and SES Commander Major Davis. Can you tell me what other APD personnel of the rank of Major or above were present?

ATLANTA POLICE DEPARTMENT

EMPLOYEE: OPS # 06-I-0877-PS

A. I don't recall the specific meeting, but at the time in the days after the incident we were trying to find out if in fact there was a "Sam" and Lieutenant Gibbs had secured a search warrant at the same time we were running the homicide investigation or the police shooting investigation into the incident, so we were meeting on both sides; from the SES side and the Major Crime side.

Q. Was the meeting called because there was knowledge among APD personnel that a buy had not been made from 933 Neal Street?

A. I discussed that with Chief Dreher as far as there not having been a buy; whether or not …but the police shooting while we were still investigating that was somewhat separate because that was just dealing with the police shooting at the scene from a special investigation side. The investigation on… if there had not been a buy wasn't really brought into play. We were going we were still dealing with the fact that if and fact there had been drugs there and then OPS of course would have had the issue of the officers and the integrity issue.

Q. So it's pretty much fair to say that a meeting that took place within your chain of command was directed at the Neal Street shooting itself and not the portion of the buy not being made, so there was a separation?

A. Right.

Q. Was the meeting called because there was knowledge among APD personnel that the marijuana located in the search had been planted?

A. See at that time we didn't know that the marijuana had been planted. There were allegations from Alex that he hadn't made a buy, but I wasn't privy to all the information that he had talked with the OPS investigators about his interview and everything was separate. I was here outside the office and I spoke with Major Harris about it, but I wasn't privy to everything that was given to OPS at the time.

EMPLOYEE: OPS # 06-I-0877-PS

Q. Was the meeting called because agents of the ATF contacted APD and stated that CI Alex White had told them that he did not make a buy at 933 Neal Street?

A. Yes. Well the meeting…you mean the coming over to OPS; I came over to OPS that night after talking with Major Harris because Alex White was here, but at that time Alex White was an informant for the ATF as well as for APD and evidently that's why he went to them with the information.

Q. Who made the decision to have Alex White picked up?

A. That was Major Davis. That was probably the next day the meeting we had with Major Davis. Lieutenant Gibbs and I at that time we were unaware anything going on with the warrant, so in order to get additional information on the scene and everything… identify the person "Sam" we had to go pick up Alex White. At that time, the officers involved were of course on FURA and not going to be directly involved.

Q. Can you tell me the reason(s) why it was decided to have CI Alex White picked up by APD personnel?

A. It was to identify "Sam", the person who he had supposedly made the buy from. At that time, it wasn't known that he would not be a cooperating informant. He had been a long time APD informant from what I was told and had been cooperating and then the fact that he didn't want to cooperate at first was credited to the fact that he was told have to testify in court and so at first I think the reluctance for him to come forward and assist us and figuring out who was selling dope was because he would have to testify and far as we found out he never had to go forth and testify. It wasn't at first that anything was wrong with the warrant and then later on that next we found out that there were the allegations of him not making a buy and all the other improprieties that came forward.

Q. Was Alex White picked up because APD personnel had knowledge that he did not make a buy from Neal Street?

A. No, he was picked so that he could identify the person that he supposedly made the buy from and we could continue the investigation.

Q. Was Alex White picked up because APD personnel had knowledge he had spoken with the ATF about 933 Neal Street, stating that he did not make a buy?

A. No I think he was picked up, to my knowledge, prior to him ever talking with …I don't know when he talked to the ATF other then when he hopped out of the car. That to my understanding was that ….the investigator that we had that went and picked him up was the first law enforcement officer to talk to him after the … warrant, but I don't know that for sure. That was just my thought at the time. I had never been contacted by the ATF prior to then …for them to say that he had not made a buy.

Alex White stated that he received phone calls, just after the shooting, from members of Narcotics Team 1 prepping him with information to say he made the buy at 933 Neal Street. On November 22, 2006, Alex White said he called the ATF and told them that the incident that occurred was not as described and the ATF picked him up and spoke with him. Later Alex White said he was picked up by APD investigators Feliberty and Duncan and driven around past Neal Street and then to a wrecker yard and to another location near the Fulton County Jail. During this time, both Investigators Duncan and Feliberty were on their phones at different times, outside the vehicle. Then Alex White is told that he is being transported to City Hall East to look at a photo lineup. Alex White had been talking on his cell phone with agents from the ATF, who told him that he is not to be with anyone from APD. Alex White bails from the vehicle with APD and hides, while calling 911 stating he was in fear for his life. Alex White then lets ATF pick him up and take him away……

Q. Was the decision to pick up Alex White in any way a plan, devised and known, directly or indirectly, by APD personnel, to silence or make Alex White "disappear" in order to cover up the facts that, no purchase of drugs were made for the warrant at 933 Neal Street and to cover over up the shooting death of Ms. Kathryn Johnston, perpetrated by the Atlanta Police Department?

A. No, as mentioned he was picked up for the purpose of identifying the person that he supposedly bought drugs from and that was the purpose of showing the photo line up and us getting together down at City Hall East the day after the shooting…you know to devise a plan to come up with how we were going to indentify that person.

Q. Were you contacted by any one from the ATF? (If so, when and what did they share with you)?

A. I talked with Vanessa McClemoore, the special agent in charge that evening of the next day when they had Alex White and that's when we made the arrangement for him to come….for Alex White to come to the Office of Professional Standards and make the complaint. She felt it would…well I guess during the discussion felt it would be good that if we came over hear and talked to him and got the information first hand and so when I got hear, he was already hear.

Q. When did you have knowledge that Alex White told the ATF that the Neal Street incident was tainted?

A. When I talked to the special agent in charge Vanessa McClemoore that second day or the day after. I guess that would be November 22.

Q. When you had the information from the ATF that Alex White claimed he did not make a buy from 933 Neal Street, what did you do with it? (Passed it on to whom)?

Q. What were the determining factors in deciding to turn the investigation over to the FBI and who made that decision and what date was the investigation turned over to the FBI?

A. From my knowledge, it was Chief Pennington's decision and I don't know at what point he began speaking directly with the FBI or the ATF. I know he was out of town at the time and Chief Dreher was in charge.

Q. Prior to the ATF informing APD that Alex White said he did not make a buy from 933 Neal Street, did any APD personnel, regardless of rank or position; confide in you that a buy was not made and that the drugs found had been planted?

A. No.

Q. Did Lt. Gibbs or Major Davis mention to you that Sgt. Stallings told them that Alex White called him stating he did not make a buy for 933 Neal Street?

At the close of November 21, 2006, you had an elderly female, who was obviously not a dope dealer or keeping a residence for selling drugs, dead, from being shot numerous times, by Narcotics Team 1, while executing a warrant looking for a kilo of cocaine at 933 Neal Street. The media was broadcasting it all over the news and local residents, who don't have a lot of trust in the police, were in shock, angry and very suspicious.

Q. Did you at anytime on November 21, 2006, have any knowledge that APD Narcotics Team 1 had not made a buy from 933 Neal Street and that drugs had been planted in the basement to attempt to cover up the shooting death of Ms. Kathryn Johnston?

A. Yes, as mentioned the next day and I was present here at OPS when he made the allegations.

Q. Can you tell me what you did after you heard about the shooting?

A. I started over to the scene with Inv. Smart. On arrival, I went to the ambulance and just checked on Investigators Bond, Junnier, and Gary Smith.

Q. While on the scene at 933 Neal St. did you speak with any of Team 1?

A. I just inquired with the three injured Investigators in the ambulance about how they were. I spoke with Sgt. Stallings and asked how this warrant came about and he said JR and Junnier came up with this and he said that they were going to help out with this one (warrant) before executing the one they had originally scheduled. I did not ask him about details for he was very upset and they were bringing out Ms. Johnston at that time. It was a homicide scene and I felt it was not the time to question Sgt. Stallings about details that minute. I spoke with JR and inquired about how he was and I do not remember asking for details.

Q. While on the scene at 933 Neal St. did any other APD employees come speak to you about the shooting?

A. Not in detail about the shooting. I believed everyone was just talking about the condition of the injured officers.

Q. While on the scene did you read the warrant?

A. I do not remember.

Q. Do you know who Alex White is?

A. Yes, I knew he was an informant but had not met him.

Q. Have you ever spoken with Alex White?

I have read or had read to me the above statement and I swear or affirm that it is true to the best of my knowledge and belief.

A. I had not known who he was at the time but I do now.

Q. Have you ever spoken with Fabian Sheets?

A. No.

Q. While on the scene did you see, speak with, or have knowledge that Fabian Sheets was detained in a vehicle?

A. At some point I knew he was there but I did not speak with him.

Q. What other APD employees did you speak with at the scene?

A. I probably spoke with Chief Andresen and I think I may have told him what I knew as to how the warrant came about. I spoke with Sgt. Guerucci basically about offering him any assistance he may need. I could have spoken to others but I did not have any specific details.

Q. While at the scene did you know that Alex White's name was in the warrant affidavit as the one who made a buy from 933 Neal St?

A. I was told by JR or Sgt. Stallings either at the scene or at Grady Hospital that Alex White's name was in the warrant.

Q. While on the scene did JR tell you that there was no buy made at 933 Neal St. and you then ordered him to plant drugs so they could be found?

Q. On November 21, 2006, after one of your Narcotics Teams shot and killed Ms. Kathryn Johnston at 933 Neal St. did you receive instructions from or discuss with any APD employee(s), regardless of rank and position, that drugs should be planted to cover the shooting?

A. No.

…On Wednesday November 22, 2006, the day after your Narcotics Team 1 killed Ms. Johnston, Team 1, with Sgt. Stallings met at City Hall East where Sgt. Stallings allegedly ordered JR and Tesler to "work this out." (i.e. formulate a cover up story)

Q. Did you order this meeting?

A. No.

Q. Were you present for this meeting?

A. No.

Q. Did you know about this meeting?

A. No.

Q. On November 22, 2006, you typed a memo to the attention of Chief Dreher in which you said that, "Chief Andresen advised that information concerning the probable cause for the warrant should be provided in person." Does this mean that Chief Andresen had knowledge of a warrant containing false information, which would mean you also did? Please explain.

A. No, it just meant that if he, Chief Dreher, wanted to view this, I would bring it to his attention, take him the warrant to view.

Q. On November 22, 2006, you directed Sgt. Keeble and Investigator Duncan to go back to 933 Neal St. to re-search the home for any "relevant documents or other evidence." Was this re-search ordered because only a minor amount of marijuana was found, and not a kilo of cocaine, as listed in the warrant.

A. No it was just a document warrant.

Q. Was a re-search ordered by you or someone else because you had knowledge that your Narcotics team lied about a buy at 933 Neal St. and their lack of integrity killed Ms. Johnston, and you attempted to find something to cover their deception?

A. I did not know my narcotics team lied until the FBI discovered the truth and at no time have I ordered any type of actions in an attempt to cover up their lies.

Q. Did you know at this time of the re-search that a buy was not made and the drugs found by Team 2 earlier had been planted in the basement?

A. I did not know a buy was not made until Junnier admitted to it sometime in December 2006.

Q. On November 22, 206, you instructed Investigator Duncan to contact JR Smith's CI, Alex White, why?

A. We were going to see if we could find the person identified as "Sam" in the warrant, we did not know him or have a good description.

Q. Is it a common practice when a search warrant for a sizeable amount of cocaine is executed and, only a small amount of marijuana is found, to pick up the CI listed in the warrant to ID a photo of the alleged seller?

A. It is not a common practice to my knowledge but we needed a description and a last name to put together a line up.

Q. Was an order given to you to have Alex White picked up?

A. We as a group in Narcotics, along with Chief Andresen and Major Davis discussed this and agreed and made the decision. It was not an order but more of a decision made among us.

Q. At this time did you have knowledge that Alex White did not make a buy from 933 Neal St?

A. I never knew this until December 2006.

Q. At the time Alex White was picked up on November 22, 2006, did you have any knowledge of talk of a "conspiracy" or an "order", to have Alex White "disappear?"

A. No.

.....Sample from audio tape of phone conversation with Junnier talking to Alex White on November 22, 2006.

Q. On the tape you just heard, what does Junnier mean when he said that, "Lieutenant" said, that, "If he (Alex) does not come through on this one, he is done with us."

A. It means that he would not be an informant for Atlanta anymore.

Q. Does this tape of a phone conversation between Alex White and Junnier mean that you knew at that time that a buy was not made for the warrant at 933 Neal St?

A. No.

Q. In this phone call did JR Smith tell you that he had CI Alex White and he was going to take him by City Hall East to look at some photos of suspects that fit the description of "Sam?"

…Tesler stated that on Friday November 24, 2006, you called him and instructed him to, "not talk to Alex White anymore because he was acting strange."

Q. What does that statement mean, referring to Alex White as "acting strange"?

A. Alex had jumped out of the car he was in with Investigator Duncan, when he was picked up to view a lineup, and I thought it was because he did not want to testify and this investigation was a homicide now and the drug part of it was no longer as important.

Q. Did Alex White speak with you?

FROM: Lieutenant S. Gibbs

DATE: November 22, 2006

RE: **933 Neal Street NW**

Attached is a brief summary of the events leading up to the warrant at 933 Neal Street NW. The information is limited because as of 0400 Homicide Units had verified the name of the suspect but had not verified her age. They are still in the process of identifying family members and/or witnesses and that information will be forwarded to you as soon as it becomes available. Chief Andresen advised that the information concerning the probable cause for the warrant should be provided in person. I will be in your office no later than 0900, but will call you on my way in. I have bulleted the significant information:

- On 11-21-06 at 1849 hours Narcotics Team 1 executed a search warrant at 933 Neal Street NW.
- The house was secured with a medal burglar bar door and a standard wooden frame door.
- Narcotics Units breeched both doors.
- Upon breeching the wooden door, Narcotics Units encountered a black female who opened fire on the entry team
- Three Narcotics Investigators were shot: Investigator Gregg Junnier was shot in the face and thigh, Investigator Cary Bond was shot in the arm, and Investigator Gary Smith was shot in the leg.
- Narcotics Investigators shot the suspect and cleared the location.
- The suspect was transported to Grady Hospital and pronounced dead at approximately 2000 hours.
- The suspect has been identified as Katherine Johnston (DOB not known).

- Three bags of marijuana were seized from the location after being alerted on by the Canine Unit.

- The narcotics were turned in to property as evidence.

****CJIS is showing two (2) calls for service. The first is a prostitution case from 1998 and the most recent is a VGCSA from 2006 (report attached).

A. She should.

Q. What did you do after receiving the text?

A. I contacted Chief Andresen.

Q. What did Chief Andresen tell you about the incident?

A. That one of the Narcotics Teams was out on warrant and a shooting occurred and that he was still gathering information about the incident and that the officers injured were being prepared to be transported to the hospital.

Q. After you heard about the incident did you respond to the scene first or to Grady Hospital?

A. I responded to Grady Hospital.

Q. Before you arrived at the hospital, did you have any form of communication with any of Narcotics Team 1?

A. No.

Q. Before you arrived at the hospital, did you have any form of communication with Sgt. Stallings?

A. No.

Q. While at the hospital did you have any communication with any of Narcotics Team 1 about the warrant?

A. Only Sgt. Stallings and he made a strange comment like, "we should not have gone out on that warrant." I understood Sgt. Stallings comment as to be in reference to the way Junnier and his team notified him about the warrant and they went out on it rather quickly.

….JR Smith stated that while at Grady hospital he made an oral report to you and Lt. Gibbs about the incident at 933 Neal St.

A. I think he said it was the CI Alex White.

Q. Who did JR Smith say witnessed the buy from 933 Neal St?

A. I do not remember him saying who witnessed the buy from 933 Neal St. JR actually spoke more with Lt. Gibbs than he did with me.

Q. Why in the FBI file would JR Smith state that when asked about the buy from 933 Neal St. he told Lt. Gibbs and you that Junnier and Tesler watched the buy (in contrast to what was in the warrant) and in Lt. Gibbs statement to OPS **she said that JR Smith told her that JR said he and Tesler watched the buy?**

A. In my presence I do not remember what was said about who watched this buy. This was not an appropriate time to obtain too many details because of it being an ongoing investigation and I treated JR as an injured officer at that time.

Q. When did you see the warrant?

A. I think it may have been one or two days later.

… You were allegedly told at the hospital by JR Smith that **Junnier and Tesler witnessed** the buy at 933 Neal t. and, when you read the warrant it stated **that JR Smith and Tesler witnessed** the buy…..

Q. Did you recognize or have a concern about the discrepancy in this information?

A. I did not feel there was a discrepancy with the information because I don't remember him discussing who witnessed the buy.

Q. Was any discrepancy brought to your attention by Lt. Gibbs or by any other APD personnel?

A. Only when the CI came out and said that the buy never occurred .That's when we started looking at the officers and the warrant. One of the homicide investigators mentioned about trying to make sense of the events that occurred.

I have read or had read to me the above statement and I swear or affirm that it is true to the best of my knowledge and belief.

A. No. I did receive a call from the ATF. A. I am not sure why that additional search was done unless they felt they did not get everything that they needed for the investigation.

Q. Was a re-search ordered by you or someone else because you had knowledge that your Narcotics team lied about a buy at 933 Neal St. and their lack of integrity killed Ms. Johnston and another search was to find something to cover their deception?

A. No.

Q. Did you know at the time of the re-search that a buy was not made and the drugs found by Team 2 earlier had been planted in the basement?

Q. Who ordered for CI Alex White to be picked up by Investigator Duncan?

A. I do not know who directed him it may have been Lt. Gibbs. White was talking with agents of the ATF and wound up in their custody.

Q. So, looking at these facts, at that time was there any concern about the legitimacy of the warrant, was there any discussion into looking at the Investigators who secured the warrant?

Q. On November 22, 2006, did you have knowledge that there was no buy made at 933 Neal St?

Q. Can you give me an explanation why Lt. Gibbs would not tell you?

On November 27, 2006, Lt. Gibbs telephoned JR Smith stating he needed to work on the incident report. On that same day, Junnier calls JR and tells him that Alex White was on the TV news saying that he never did a buy at 933 Neal St. JR came to City Hall East and wrote another incident report where he stated you made him add more information about the buy at 933 Neal St. before you OK'd it.

Q. What information about the buy did you direct JR to place in his incident report?

A. I did not direct JR to place any additional information in his report other than information about his injury.

A. No. I advised him to be sure that his report was accurate and true and to mention the information about his injury.

A. Upon arriving at the scene I stopped by the ambulances and briefly saw the officers and they did not appear to have any major injuries and then I walked down to the house and began the process of securing the scene and having the responding officers clear the scene. I started making phone calls to the ME's office. I began the process of inventorying the officer's involved equipment and coordinating with the ID section. As other Supervisors arrived I briefed them on what I had learned at that point. The information that I passed on was that approximately five officers had received minor injuries while serving a search warrant, and that one female victim had been shot multiple times and transported to Grady hospital in critical condition. Homicide continued the process of taking control of the scene.

Q. While on the scene did you see Ms. Johnston laying on the floor with critical injuries from being shot?

A. No. Ms. Johnston had already been removed from the house. She was on a gurney in the driveway being attended to by EMS.

Q. While at the crime scene did you receive any information from any APD personnel that a buy was not made from 933 Neal St?

A. No.

Q. While at the crime scene did you receive any information from any APD personnel that drugs had been planted in the basement at 933 Neal St?

A. No.

Q. While at the crime scene did you receive any special instructions or orders from any APD supervisors above your rank to conceal evidence, omit information, or to conduct the investigation in a manner that would be unorthodox to SOP when investigating a homicide that involved Atlanta Police personnel?

Q. A search of 933 Neal St. was conducted by Narcotics Team 2 in which a small amount of marijuana, not a kilo of cocaine, was recovered. When this information came out did you at that time have knowledge that a buy was not made and that the marijuana had been planted?

A. No.

JR Smith stated in the FBI file that, "another report had to be done about the execution of the search warrant at 933 Neal St. The report was done and APD Sergeant Guerrucci told JR that more detail about the drug buy at 933 Neal St. was needed. Lt Gibbs typed the revised version of that report and JR signed it."

Q. Can you explain what does this mean when it was said that you told JR that more detail about the drug buy was needed?

A. I recall reading the initial report and felt that it did not have enough detail pertaining to the elements leading up to the warrant and the execution of the warrant.

Q. At this time did you have knowledge that a buy was not made from 933 Neal St?

A. No. I had speculated that they did not document the incident accurately.

Q. At that time were you ordered to fabricate any information to be included in the report?

A. No.

Q. Did you and or any of Homicide speak with ATF agents in regards to Alex White?

A. Not that I recall.

I have read or had read to me the above statement and I swear or affirm that it is true to the best of my knowledge and belief.

Q. Was it a known fact among APD, before picking up Alex White on November 22, 2006, that Alex White had told the ATF that he did not make a buy from 933 Neal St?

A. Not based on my investigation.

Q. Were you and or Homicide involved in the decision to pick up Alex White?

A. No, I did not make the decision.

Q. What role did you and or Homicide have in picking up CI Alex White on the day after the shooting when he was told he was being taken to City Hall East to look at a photo lineup?

A. I was not part of that.

Q. Was there a photo lineup prepared by Homicide at City Hall East waiting for Alex White to look at?

A. Not that I was part of organizing or setting up. It is my understanding that Fugitive and Narcotics were working on identifying the person that Alex White had allegedly made a buy from at 933 Neal St.

Q. Do you have knowledge that there were any discussions or plans among APD personnel to "silence" Alex White?

A. No.

Q. I have a copy of the Homicide report from 933 Neal St.(from the FBI) On the first page, titled the File Index, I see several boxes checked under "Pending", does this mean they were not done, not included, or Homicide still has them?

I have read or had read to me the above statement and I swear or affirm that it is true to the best of my knowledge and belief.

A. Pending means work that is still in process.

Q. On the next page, Supervisor's Review Checklist, it shows columns for documents, dates in file, and Supervisor's initials. Would the initial P.G. be yours?

A. Yes.

Q. On the third page, Supervisor's Review Checklist, page 2, it shows columns for review dates. This appears to have been reviewed by you, dated 11/28/2006, with the comment, "Additional work pending." It also appears that the last date I saw on any document was 11/28/2006. Does this mean that no other work on the homicide file was done and that whatever was done was turned over to the FBI?

A. The investigation was halted and the file was turned over to the FBI.

Q. So, are we saying at this time the Homicide file on 933 Neal St. is not finished, not closed?

A. I do not know the answer to that.

Q. In your work with the Homicide investigation, was there anything that you discovered (evidence) or that another APD personnel confided in you that would really tell a different story about the shooting?

A. Other than the vague police reports no one provided to me any testimony regarding wrong doing.

Q. While investigating this Homicide did you receive or do you have knowledge of, orders from higher ranking APD personnel that instructed Homicide investigators to omit, conceal, and or destroy any evidence and or information pertaining to what was discovered initially at the scene?

NARRATIVE

I, Investigator J.D. Patterson of the Atlanta Police Intelligence/Organized Crime Unit was working a Street Heat overtime detail lead by Sgt. J. Fagler on 11-21-06. At approximately 1845 hours radio dispatch advised all units of a signal 63, advising several police officers were injured. Sgt. Fagler, Inv. M Condland, Inv. H. Nowell and I proceeded to Grady Hospital to assist at the hospital scene. After arriving at the hospital Sgt. Fagler assigned me to assist Homicide Investigators with the arrival of the suspect at the ambulance arrival location. While awaiting the arrival of the shooting suspect Grady Ambulance 240 arrived at approximately 1917 hours, transporting the injured officers. Upon their arrival, Inv. Smart who had been on the scene, handed me Inv. G. Junnier's badge holder which I later gave to Investigator Quinn of the Homicide Unit.

At approximately 1928 hours Grady ambulance 198 arrived delivering the suspect. Grady EMT's D. Jones, T. Arnold, N. Knoe, N. Guardo, transported the subject into Trauma Room 1. The attending physician Byron Thompson pronounced the subjects time of death at 1931 hours. Grady EMT D. Jones advised me that Atlanta Fire Rescue Unit 16 had arrived on the scene prior to their arrival...

Approximately 30 minutes later Dr. Anu Subrananian approached Sgt. Fagler and advised him that she had recovered what she thought was a "bullet fragment" from the floor of Trauma Room 3. I took custody of the fragment and placed it in a plastic bag which I turned over to Homicide Investigator Quinn on the scene.

SUPPLEMENT INCIDENT REPORT
(NARRATIVE ONLY) **ATLANTA POLICE DEPARTMENT**

1. Incident / CICA No.	2. Complainant Name: (L,F,M, Suffix / Business)	3. Date of Incident:
06-325-1687	Investigator G. A. Smith	11/21/06

On Tuesday, November 21, 2006, between 18:00 or 18:15, Investigator Bond, Sergeant Stallings and I went to the fire station located at Simpson and Flowers. We were traveling in the black surveillance / raid van. We met with Investigator Junnier, Investigator J. R. Smith, and Investigator A. Tesler who were already at the location. They had a suspect in the patrol car that was under arrest.

Someone moved the person who was under arrest from the patrol car to the van. I was asked to watch him. He was restrained with either handcuffs or flex cuffs on his hands and he had flex cuffs on his legs.

Sergeant Stallings got out of the van and spoke with Junnier, and the rest of team that was at the fire station. Moments later, they came to the door of the van and J.R Smith briefed the team on the search warrant that we were about to serve.

J.R. Smith gave us the location, on Neal Street. He told us that the house possibly had surveillance equipment and the subject should have a kilo or more of cocaine inside the house. He told us that the buy came from a side door, and that is where we would make our entry. Smith advised that we did have a "No Knock Clause" on the warrant. He gave the order of the stack, which is as follows, I was on the shield, Junnier was first cover, Bond was on second cover, J Smith was on the halogen and Geurin was on the ram. There were other Investigators involved in serving the warrant but I do not know what their assignments were. There was also a K-9 Unit assisting with the warrant.

We then left the fire station in the raid van. The marked patrol car followed the raid van to Neal Street. We arrived at the warrant location, formed our stack formation and proceeded to the door where we were going to make our entrance.

I went up the steps and placed the shield in front of the window. Investigator J. Smith began using the halogen on the burglar door. We had some difficulty breaching the door with the halogen so Geurin used the ram to strike the halogen and wedge it in the door. The burglar door was successfully opened.

Junnier went up to the front door and checked it to see if it was locked. I recall someone yelling "Atlanta Police, Search Warrant" at least twice. I am not sure of the exact sequence but it was during the time that the burglar door was opened and before Guerin hit the front door with the ram.

I moved to the left side of the door as Geurin used the ram on the door in an effort to open it. He struck it at least twice before it opened. The door opened and I started to position myself with the shield in front of the door. At the same time, Geurin moved away from the door and went towards the window.

As I moved to the door, I heard someone yell "Atlanta Police, Search Warrant". About the same time, I heard what sounded like gunfire. I heard gunfire to my right and saw Junnier go back towards the steps. I looked up and saw a subject standing in the doorway with a weapon pointed at me.

I felt a burning sensation in my right leg and as I was looking down at my leg, I noticed that my gun was empty. I don't recall firing it but at that point reloaded my weapon. After reloading, I continued to hear gunfire and perceived the threat was still coming from inside the house, so I fired several more rounds, I don't recall how many.

When I stopped hearing gunfire, I looked into the hallway and noticed a subject lying on the floor. I said "the subject is down" or "the threat is down." I noticed that the gun, a black revolver, was lying on the floor near the subject's hand. The subject was still moving so I kicked the gun away from the subject's right hand.

We reformed the stack and proceeded to clear the house.

On November 21, 2006, around mid afternoon myself, Investigator Tesler and Inv. J.R. Smith were acting on information received by J. R. Smith that a male was selling drugs at 1143 Simpson Road. We relocated to the location to investigate the lead and located a suspect matching the description provided to J. R. Smith. The suspect was detained at the scene by Inv. Tesler and placed in the back of the patrol car. I called for a K-9 unit to respond to the location and conduct a search of the area for drugs. Inv. J.R. Smith and the responding K-9 officer located marijuana, a scale and packaging bags. The suspect admitted that the marijuana was his and during our debriefing the suspect offered information regarding a location where a kilo of cocaine was currently being held. The suspect further cooperated by offering to take us to the location and point the house out. We drove past the location under the direction of the suspect and the suspect pointed out the house as 933 Neal Street. I confirmed the location of the house by asking the suspect directly if it was the house with the green shutters and by pointing at the house. The suspect looked directly at the house that I had pointed to and stated, "Yeah". After that, we drove to the next block and verified the location from the rear of the house.

Based on the information provided by this suspect, I called one of our Confidential Informants and setup a meeting in order to make a control purchase at 933 Neal Street. Inv. Tesler and Inv. J.R. Smith met with the informant to complete the transaction. Once the buy was completed by the informant, we relocated to Fulton County Jail, where J.R. Smith obtained a search warrant for 933 Neal Street. After obtaining the warrant, the team met at the fire station located at Flower Street at Simpson Road where we were briefed regarding the warrant execution.

After the briefing, the team relocated to 933 Neal Street and started the warrant execution. The team approached the door and I assisted by grabbing the burglar bar door and securing it while J.R. applied the halogen tool. We were having trouble breaching the burglar bar door, which took longer than

it normally does. At the point, my main focus as first cover is to provide officer safety and control of the entry. Once the burglar bar door was breached, I checked to see if the front door was unlocked by attempting to turn the door handle. The door was locked and I called for the ram. Inv. Geurin rammed the door and the door opened as I was yelling "Atlanta Police Search Warrant".

Immediately upon the door being breached, I saw a person with a gun in their hand firing directly at me. The person came from the right side of the door way with the gun extended pointed in my direction. I saw the muzzle flash when the gun was fired. Fearing for my safety and that of my team mates I returned fire at the suspect. As I was firing my city issued weapon, I was backing away from the threat and fell down the stairs. At this point, I felt blood running down my face and on to my hands. I feared that I may be critically injured; however, the person was still armed in the doorway. I reloaded my weapon and fired at the suspect until the suspect disappeared from my line of sight.

In an effort to ensure that there were no other threats in the house and check for any injured parties, the team regrouped a made entry into the house. As I entered the house behind Inv. Smith, I noticed the suspect lying in the hallway next to the front door with a pistol near their hand. We continued into the house and cleared the adjacent rooms, while I noticed other investigators check on the condition of the suspect. We did not locate any additional suspects during this search. Once the house was secured, I exited the house and tried to evaluate my injuries.

I then noticed that I had been shot in the chest and received additional injuries to my face, my left eye, left leg, right ankle and left arm. I was escorted to an ambulance and then transported to Grady Hospital for treatment.

On November 21, 2006, at about 1530 hours, I received a call from an informant who provided information regarding a suspect selling marijuana in the area Simpson Road and Mayson Turner Avenue. Investigator Tesler, Investigator G. Junnier and I relocated to the location and identified the possible suspect. During our investigation, I recovered 55 bags of suspected marijuana, which the suspect claimed ownership. During follow-up investigation, the suspect provided information regarding his suppler and stated that the suppler had an additional kilo of cocaine at the location. The suspect continued to cooperate with our investigation and agreed to show us the location of his supplier. We relocated to Neal Street under the direction of the suspect where he pointed out the house, which I saw the number of 933 on the front of the house. The suspect further provided me with a description of his supplier. I took this information and contacted one of our units Confidential Informants and briefed the informant of what I needed the informant to do, which included the controlled purchase of narcotics at 933 Neal Street. I witnessed the informant approach the house by walking down the driveway to the right side of the house. The informant completed the transaction and reported back to me with two small bags of suspected crack cocaine, costing fifty dollars of city funds. I debriefed the informant at which time the informant told me that the supplier entered the house and returned a short time later with the suspected crack. The informant provided a description of the supplier which matched the description provided by my initial suspect. I obtained a search warrant for 933 Neal Street based on my investigation and served the warrant at approximately 18:45 hours.

The entry team consisted of Investigator G. Smith with the shield, Investigator G. Junnier who was first cover, Investigator C. Bond who was second cover, Investigator N. 06-325-1687	Investigator C. Bond	11/22/06

On Tuesday, November 21, 2006, between 18:30 and 18:40 hours, we left the briefing area enroute to the warrant location. I knew the location was on Neal Street but I did not know the house numbers at the time. I knew from the briefing the building had burglar bars on it, a handicapped ramp and it was the second or third house off Joseph P. Lowery Blvd.

I rode in the raid van with G. Junnier, N. Lucas, J Smith, M. Geurin, and G. Smith. There was a suspect in the raid van but I don't know who he was. Sgt. Stallings and A. Tesler followed us in the patrol car. K-9 Unit Sprel followed behind the patrol car in his marked K-9 unit vehicle.

I was dressed in my raid uniform that consisted of the black tactical ballistic vest with large white letters identifying it as "POLICE". I had on khaki colored pants, a black and green gortex jacket, and a green and black fleece jacket. The green fleece jacket was underneath my gortex jacket and could not be seen. I wore a black skullcap on my head, and a gun belt and web gear around my waist. I had my Atlanta Police Investigators badge and ID card displayed on the outside around my neck.

I think we arrived at the location at about 18:45, but I am not sure of the exact time. The van stopped near the front of the house. We exited the van and formed into a stack. We went up to the right side stairway that led to the porch of the house.

G. Smith and the breach team, consisting of J. Smith, M. Geurin, went to the top of the stairs. G. Junnier and I took support positions on the stairs. I am not sure where Sergeant Stallings, Sperl, or N. Lucas were positioned. A Tesler went to the back of the house to cover the rear.

J. Smith was using the halogen to breech the burglar bar door. He was having difficulty getting the door open, so Geurin tapped in the halogen with the ram. About that time, someone near the door yelled "Atlanta Police". After a delay, they opened the burglar bar door, and Geurin used the ram to open the main door.

Upon ramming the door, several of us including myself, announced "Atlanta Police… Search Warrant". At that point the door opened G. Junnier and I started moving up the stairway. I saw a silhouette of a person in the open doorway. The person was standing toward the right side with about two thirds of their body in the doorway. I noticed that the person was holding a revolver aimed toward the entry team.

I observed the muzzle flash from the revolver in the person's hand. At this point things began to happen rapidly. I am not sure of the order but I recall G. Junnier falling past me on my left side. About the same time he moved past me, I was struck in my left arm and on my face under my nose. The person was still standing in the doorway. I recall

firing at least one round as I began moving backwards on the stairs. After getting to the bottom of the stairs, I moved around the corner for cover.

I recall Junnier was crouched around the corner and appeared to be injured. He was bleeding from the face and said that his eyes hurt. He called in an Officer Help Call on the radio, and transitioned his magazines.

I could then hear someone say, "The shooter was down". I came back around the corner, and proceeded up the steps where we entered the house and cleared the house of other threats.

While clearing the house I noticed the revolver near the subject's right side. She was still breathing and moving slightly so I picked up the revolver by the bottom of the grip and moved it into a bedroom where I placed it on the bed.

As I cleared the far side of the house, my left arm became more painful and I could feel blood flowing into my jacket. After the house was cleared, I returned outside to check on my injuries.

Question and answer session conducted by Investigator D. Wilson…

Q. What kind of firearm or firearms were you carrying during the incident?
A. The only weapon I was carrying was the city issued 40 caliber Smith and Wesson, Model 4003 TSW.

Q. How many rounds did you have with you when you arrived on the scene?
A. I had one handgun with one round in the chamber and the magazine holding 11 rounds. I also had two additional magazines holding 11 rounds each. I had 34 rounds total.

Q. Were you wearing any type of mask during the service of the warrant?
A: No.

Q: Describe the lighting conditions at the time of the incident.
A. I do not recall but there was enough light to see all of our people.

Q. Is there anything you would like to add to your statement at this time?

On Tuesday, November 21, 2006, at about 18:45 hours, the Narcotics Team-1 met at the fire station located Flowers Place NW and Simpson Road to receive a briefing on the execution of a search warrant.

After Detective J. R. Smith briefed us, we went to our assigned vehicles and proceeded to the warrant location. Once at the warrant location at 933 Neal Street, we exited the vehicle and got into our "Stack". We are trained to use the "Stack formation" to safely approach a target location and for executing a warrant. We were dressed in authorized raid gear with Atlanta Police clearly displayed.

Our "Stack" consisted of the following Detectives in the listed positions:

- G. A. Smith as "Shield"
- Gregg Junnier as "First Cover"
- Cary Bond as "Second Cover"
- Maurice Geurin as "Ram"
- J. R. Smith as "Halogen"
- Myself at the rear of the stack as "Arrest"

Sergeant Stallings and Detective Tessler were assigned as rear perimeter on the house. Spruel, the K-9 officer stood by at the raid van.

As we approached the house, the breeching team, which consisted of the Shield, the First and Second Cover, and the Halogen and the Ram, went up the steps to the front door. Detective Junnier pulled on the burglar door, which was locked. I heard someone yell several times, "Atlanta Police, Search Warrant". J. R. Smith opened the burglar door with the Halogen, and M. Geurin used the ram to hit the door. The door popped open and I immediately heard gunshots.

I saw Geurin fall back and run across the porch. Junnier and Bond went down the steps past me. As they went past me, I heard someone yell several times, "I'm hit!" I also saw blood on Junnier's face, as he went past me.

As Junnier and Bond came down the steps, I moved from the end of the stairs to the point where the porch and steps meet. I moved to this location because it provided me better cover and a vantage point so that I could cover my teams retreat. I knew the shots came from the door because I saw the muzzle flash and the smoke. I focused on the gun; I cannot recall or describe the person holding the gun but I did at that time see a gun.

I identified where the threat was, and I was afraid that the person or persons inside the house were still attempting to shoot at us. I began firing my city issued weapon at the threat. I do not recall how many times I fired. My weapon jammed and I stripped the magazine out of the weapon and replaced it with a fresh magazine. I aimed back at the target and assessed the threat. I did not perceive any danger at that point but I maintained a cover position. I heard someone say that the suspect was down and relayed that information to Bond and Junnier.

J. R. Smith, G. Smith and I entered the house to check on the condition of the suspect and to see if there were any other threats. As we entered the house, I observed a subject lying on the floor in the doorway. The subject had a gun lying on the floor near her hand. The gun appeared to be a black, short-barreled revolver.

I noticed that the subject was injured and still breathing. I started an ambulance to the scene by yelling, "start a 4 code 3". I also yelled, "Start Fire Rescue."

J. R. Smith, G. Smith and I cleared the house. There was someone behind me but I do not recall who it was. After we cleared the house, we returned to the front to check on the suspect and my teammates.

Question and answer session conducted by Investigator D. Wilson…

Q: At the time that you were photographed by the crime scene unit on the scene, were you wearing the same clothing or raid gear that you were wearing at the time of the shooting?
A: Yes.

Q: Is there anything you would like to add to your statement at this time?
A: No.

On Tuesday, November 21, 2006, at about 18:49 hours, I was with Narcotics Team-1 when we executed a warrant on a house located at 933 Neal Street N.W. I drove the marked patrol car to the location and parked directly behind the raid van.

I was tasked with going to the rear of the house and covering the back door. Sergeant Stallings came with me to the back. Approximately one minute after getting into the back yard, I heard gunfire. I also heard a scream, I could not tell what the person was yelling but it sounded like it came from one of our team members. I heard the scream at about the same time I heard the gunfire.

I heard multiple gunshots. At about that time Sergeant Stallings radioed for help. We stayed in the back to cover the rear until the gunfire ceased. Sergeant Stallings then went to the front to assess the situation. I stayed in the back yard covering the rear door until several other officers arrived at the back door to assist me.

After these officers arrived in the back and was able to cover the rear of the house, I went up to the front of the house to check on my team members. I went onto the porch and looked into the house. I did not enter the house through the front door. A few of my teammates were up at the ambulance.

I had been watching the rear and did not know if anyone had cleared the basement. I knew that the basement needed to be cleared so Investigator M. Geurin and I along with several other officers made entry into the basement door in the rear of the house and cleared the basement. The basement was cleared without incident and I then returned to the front and cooperated in the investigation.

Question and answer session conducted by Investigator D. Wilson…

Q. The Id unit took a photograph of you on the night of the shooting. Is the clothing that you were wearing at the time of the photograph the same clothing that you wore during the time of the shooting?
A. Yes.

Q. Did you fire your weapon at anytime during this incident?
A. No.

it normally does. At the point, my main focus as first cover is to provide officer safety and control of the entry. Once the burglar bar door was breached, I checked to see if the front door was unlocked by attempting to turn the door handle. The door was locked and I called for the ram. Inv. Geurin rammed the door and the door opened as I was yelling "Atlanta Police Search Warrant".

Immediately upon the door being breached, I saw a person with a gun in their hand firing directly at me. The person came from the right side of the door way with the gun extended pointed in my direction. I saw the muzzle flash when the gun was fired. Fearing for my safety and that of my team mates I returned fire at the suspect. As I was firing my city issued weapon, I was backing away from the threat and fell down the stairs. At this point, I felt blood running down my face and on to my hands. I feared that I may be critically injured; however, the person was still armed in the doorway. I reloaded my weapon and fired at the suspect until the suspect disappeared from my line of sight.

In an effort to ensure that there were no other threats in the house and check for any injured parties, the team regrouped a made entry into the house. As I entered the house behind Inv. Smith, I noticed the suspect lying in the hallway next to the front door with a pistol near their hand. We continued into the house and cleared the adjacent rooms, while I noticed other investigators check on the condition of the suspect. We did not locate any additional suspects during this search. Once the house was secured, I exited the house and tried to evaluate my injuries.

I then noticed that I had been shot in the chest and received additional injuries to my face, my left eye, left leg, right ankle and left arm. I was escorted to an ambulance and then transported to Grady Hospital for treatment.

On November 21, 2006, around mid afternoon myself, Investigator Tesler and Inv. J.R. Smith were acting on information received by J. R. Smith that a male was selling drugs at 1143 Simpson Road. We relocated to the location to investigate the lead and located a suspect matching the description provided to J. R. Smith. The suspect was detained at the scene by Inv. Tesler and placed in the back of the patrol car. I called for a K-9 unit to respond to the location and conduct a search of the area for drugs. Inv. J.R. Smith and the responding K-9 officer located marijuana, a scale and packaging bags. The suspect admitted that the marijuana was his and during our debriefing the suspect offered information regarding a location where a kilo of cocaine was currently being held. The suspect further cooperated by offering to take us to the location and point the house out. We drove past the location under the direction of the suspect and the suspect pointed out the house as 933 Neal Street. I confirmed the location of the house by asking the suspect directly if it was the house with the green shutters and by pointing at the house. The suspect looked directly at the house that I had pointed to and stated, "Yeah". After that, we drove to the next block and verified the location from the rear of the house.

Based on the information provided by this suspect, I called one of our Confidential Informants and setup a meeting in order to make a control purchase at 933 Neal Street. Inv. Tesler and Inv. J.R. Smith met with the informant to complete the transaction. Once the buy was completed by the informant, we relocated to Fulton County Jail, where J.R. Smith obtained a search warrant for 933 Neal Street. After obtaining the warrant, the team met at the fire station located at Flower Street at Simpson Road where we were briefed regarding the warrant execution.

After the briefing, the team relocated to 933 Neal Street and started the warrant execution. The team approached the door and I assisted by grabbing the burglar bar door and securing it while J.R. applied the halogen tool. We were having trouble breaching the burglar bar door, which took longer than

forms of police identification on our clothing. I was wearing the full narcotics raid jumpsuit and I had my badge displayed on my chest. We proceeded to the front door at which time, it was determined that the door was locked. I advanced forward with the halogen tool and began the process of breaching the front door. It took me approximately a minute and a half to two minutes to breach the burglary bar door. It was more difficult than most doors that I have breached in the past and took me a longer time to make entry. Since the breaching was taking so long, I proceeded to announce our presences by yelling out, "Police Search Warrant" numerous times during this process.

Once the burglary bar door was breached, I turned around and dropped the halogen tool on the ground. During this process, I heard my team members' state, "Atlanta Police search warrant" numerous times. While turning back around, I heard a gunshot and felt some type blowback on my face, which came from the direction of the now open front door. Immediately following the gunshot, I started hearing my team members yelling, "I'm hit". I also heard one of my team members put up a "63 officer down". At that point, I'm still on the porch with Inv. Smith who still had the shield. I got behind him and the shield and I continued the hear gunshots. I noticed that Inv. Smith's weapon had the slide in the lock back position and knew he needed to reload his weapon. I looked up over the shield and looked into the doorway of the house and saw a person standing in the doorway. The person was facing me with a gun in their hand. Because I heard a gunshot coming from the exact area of where this person was standing and the fact that I saw a gun in hand and was in fear of being shot along with my teammates being shot, I fired my city issued firearm at the suspect.

Shots were still being fired, so returned fire at the suspect. I'm not sure how many times I fired, but I did reload my weapon and may have fired again. On November 21, 2006, at about 1530 hours, I received a call from an informant who provided information regarding a suspect selling marijuana in the area Simpson Road and Mayson Turner Avenue. Investigator Tesler, Investigator G. Junnier and I relocated to the location and identified the possible suspect. During our investigation, I recovered 55 bags of suspected marijuana, which the suspect claimed ownership. During follow-up investigation, the suspect provided information regarding his suppler and stated that the suppler had an additional kilo of cocaine at the location. The suspect continued to cooperate with our investigation and agreed to show us the location of his supplier. We relocated to Neal Street under the direction of the suspect where he pointed out the house, which I saw the number of 933 on the front of the house. The suspect further provided me with a description of his supplier. I took this information and contacted one of our units Confidential informants and briefed the informant of what I needed the informant to do, which included the controlled purchase of narcotics at 933 Neal Street. I witnessed the informant approach the house by walking down the driveway to the right side of the house. The informant completed the transaction and reported back to me with two small bags of suspected crack cocaine, costing fifty dollars of city funds. I debriefed the informant at which time the informant told me that the supplier entered the house and returned a short time later with the suspected crack. The informant provided a description of the supplier which matched the description provided by my initial suspect. I obtained a search warrant for 933 Neal Street based on my investigation and served the warrant at approximately 18:45 hours.

The entry team consisted of Investigator G. Smith with the shield, Investigator G. Junnier who was first cover, Investigator C. Bond who was second cover, Investigator N. my weapon again. Inv. Smith and I made entry into the house and found the suspect lying face up on the floor in the doorway area. There was smoke in the house as the result of firearms discharge and I was still concerned about other possible suspects in the house. During this entry, I started hearing my team members stating where they had received gunshot injuries. I checked myself for injuries and I found that my face was bleeding, but I did not know the extent of my injuries. At this point, I was extremely concerned about my team members' injuries; however, the suspect was down but was still moving. I saw the gun on the floor inches from the suspect hand, so I handcuffed the suspect from the front and proceeded to gain control of the scene.

After clearing the dining room and kitchen and finding no additional suspects, I relocated outside to check on my team members and myself. Additional officers began arriving on scene along with EMS. EMS treated me on scene; three of my team members received gunshot wounds and were transported to Grady. The suspect was treated by EMS and transported from the scene. Business name/address:

Q: Mr. Sheats, I brought you here today to speak with you about the incident that occurred on Tuesday, November 21, 2006 at about 6:30 PM. could you explain your involvement.

It was about dark. I do not know what time it was, we pulled up at the fire station. I was in the back of the narcotics squad car and we sat there for about 20 to 30 minutes before other cars started pulling up. Then all the policemen got out and got into a huddle. That carried on for about 10 minutes. Then they got me out of the squad car, put me in the black van.

They told me to lie down on the floor. We dove off. We were in motion for about three or four minutes at the most. Then we came to a stop. All of the policemen jumped out of the black van and I didn't see the other policemen. Then they slammed the door and left me alone in there. Then about a minute or two later I heard gunshots. I stayed in the van for about 30 to 45 minutes unattended. Then they removed me from the black van, and put me in a white minivan with four officers. Then from that point on, we sat there for about two hours.

Then they took me to Simpson and Joseph P. Lowery and put me in the paddy wagon. From there the paddy wagon took me to Pretrial to the City Jail.

Question and answer session conducted by Investigator D. Wilson…

Q: Did you at any time get out of the van after they told you to lie down, until you heard the shooting?
A: No, not at all.

Q: How many shots did you hear?
A: I don't even know. There were so many.

Q: Did you look out of the van to see where the shots were coming from?
A: No sir, I wasn't sure whether they were coming my way so I just curled up in the back of the van.

I have read / have had read to me the above statement, and it is true to the best of my belief and knowledge and has been given freely and voluntarily by me.

forms of police identification on our clothing. I was wearing the full narcotics raid jumpsuit and I had my badge displayed on my chest. We proceeded to the front door at which time, it was determined that the door was locked. I advanced forward with the halogen tool and began the process of breaching the front door. It took me approximately a minute and a half to two minutes to breach the burglary bar door. It was more difficult than most doors that I have breached in the past and took me a longer time to make entry. Since the breaching was taking so long, I proceeded to announce our presences by yelling out, "Police Search Warrant" numerous times during this process.

Once the burglary bar door was breached, I turned around and dropped the halogen tool on the ground. During this process, I heard my team members' state, "Atlanta Police search warrant" numerous times. While turning back around, I heard a gunshot and felt some type blowback on my face, which came from the direction of the now open front door. Immediately following the gunshot, I started hearing my team members yelling, "I'm hit". I also heard one of my team members put up a "63 officer down". At that point, I'm still on the porch with Inv. Smith who still had the shield. I got behind him and the shield and I continued the hear gunshots. I noticed that Inv. Smith's weapon had the slide in the lock back position and knew he needed to reload his weapon. I looked up over the shield and looked into the doorway of the house and saw a person standing in the doorway. The person was facing me with a gun in their hand. Because I heard a gunshot coming from the exact area of where this person was standing and the fact that I saw a gun in hand and was in fear of being shot along with my teammates being shot, I fired my city issued firearm at the suspect.

Shots were still being fired, so returned fire at the suspect. I'm not sure how many times I fired, but I did reload my weapon and may have fired again. At this point, I'm not sure how many times I fired my weapon. Once I determined that the threat was gone and no more shots were being fired, I did not fire

On November 21st, 2006 I arrived at the office around 1:30 P.M. and began doing paper work. I called Sergeant Stallings to see where they were located and advised them that an arrest warrant I had out on a subject and that fugitive had picked him up. Sergeant Stallings then said that they were on their way to the office and that Det. Lucas had a case that he was working on and that we were going to investigate further. Sergeant Stallings, Lucas, Det. Bond arrived at the office and they started working on some information they received in reference to a drug deal. I was continuing with my paperwork and they were putting that together. At some point Sergeant Stallings told me that we were going to execute a search warrant and asked me to get my gear and meet him and the rest of the team at the fire station located at Flowers Place and Simpson Rd. Detective Lucas and myself rode down there together and met the team there. Once there, I put on my gear and we briefed at the parking lot of the fire station by the black raid van. It was myself, G.A Smith, Greg Junnier, C. A. Bond, A. Teslar, J.R. Smith, N.L. Lucas, R. Sperl and Sergeant Stallings. J.R. Smith STATED in the briefing that they made a drug arrest on a suspect and that the suspect lead them to a house that allegedly had a kilo or more of cocaine in it. J.R Smith continued with the briefing by telling us that as a result of drugs being bought from the location, he was able to obtain a narcotics search warrant.

I HAVE READ / HAVE HAD READ TO ME THE ABOVE STATEMENT AND IT IS TRUE TO THE BEST OF MY BELIEF AND KNOWLEDGE AND HAS BEEN GIVEN FREELY AND VOLUNTARILY BY ME.

Later I learned that a confidential informant was contacted and was able to verify the previous suspect's information by purchasing two bags of cocaine from within the residence located at 933 Neal St N.W.

J.R Smith and Sergeant Stallings told us what our positions would be on the execution of the warrant. My position was going to be the ram, J.R. was to be on the Halogen tool, Gary Smith was to be on the shield, G. Junnier was to be first cover, C. Bond was to be second cover, Teslar, Sgt. Stallings and R. Sperl were to be perimeter. Teslar and Sgt. Stallings were going to be in the back and Sperl was going to be in the front yard. Lucas's job was to be on the arrest team. J.R Smith advised us that the suspect who sold the drugs to the Confidential Informant was named "Sam". J.R Smith also advised us that the warrant was a No Knock Warrant.

We got our tools ready to make the execution and then headed to the location in the raid van. When we arrived we stopped just short of the target house. We exited the van and went up on the porch. I came up the stairs and J.R Smith and Junnier were working on the burglar bar door. They didn't get the door on the first pop so they were going up and down the door trying to find a spot to find more leverage. J.R. asked for the tool to be tapped in so since I had the ram, I tapped the tool with the ram to seat the halogen. Everyone was at their assigned positions.

After tapping the tool, J.R pulled on the tool and the burglar bar door finally came open. Junnier checked the door handle to the main door and it was locked. That's when I stepped up and utilized the ram to gain entry. I swung the ram one time hitting the door behind the burglar bar door. The door came open and I saw a black gun and a figure wearing blue clothing. At the same time, I heard the gunshots. I was standing right in the doorway with the ram. All I could think about was getting cover so I dropped the ram and hopped off the porch and took cover against the wall of the porch. As all this is going on, I could hear gunshots. The gunshots stopped and I saw Lucas was on my right by the wall also. I don't know where Bond was when I hit the door with the ram, but after the shots started and I took cover against the wall of the porch, I saw him take cover on the side of the house. Gary Smith and J.R Smith were taking cover on the side of the doorway while on the porch. I saw Gary Smith enter the doorway covering himself with the shield. He didn't go all the way into the house but looked inside and said person down. We then restacked and entered the house and cleared it. We cleared the inside of the house and once the house was cleared I heard my team mates saying they were hit. I heard Junnier say he was hit. I heard Bond say he was hit. Gary Smith said I've been hit Moe and wanted me to see if I could see the wound to his leg. He wanted me to see if there was a

bullet wound in his leg. Gary Smith took off his jump suit. I saw a hole in his jumpsuit and in his jeans but didn't see any blood at that time. He was in pain and was limping when he walked. By that time, Red Dog had arrived and there still was the basement area that needed to be cleared, so I took the shield from Gary and they stayed up front so they could get medical treatment. Myself, Teslar and a Red Dog team then cleared the basement.

Everyone arrived after that and my team mates were transported to the hospital. Afterwards, I stayed on the scene for a while, then I went to Grady to check on them.....

NARRATIVE

66. On the listed date and time I was waved down by S.Timmons at Proctor - Lindsay St NW. She entered my vehicle and asked what I was looking for. I told her "A Dime". S. Timmons said she could get me "Rocks" or "Weed". S. Timmons directed me to a space approximately 15 yards further down Lindsay St and told me to park. Once there I gave her $30.00 of city money which she took and approached R. FAMBRO (she said I'd "Fuck" for a rock). Both conversed briefly where upon S. Timmons handed R. Fambro the city money. Both crossed the street and briefly left my view. Within moments they reappeared, stood momentarily in the street where R. FAMBRO handed something to S. Timmons. She turned and walked directly to my

vehicle and got in. S. Timmons then directed me to a location on 98OCT-7 AM 10:19
NEAL ST. NW where she demanded to know if I was "THE FOLK" (street slang for Police), telling me she would not show me what she bought until I convinced her I was not (the Folk).

I told her to give me what I paid for whereupon she said for me to park by some apartments. At that I.W. A.G. SMITH pulled up by us and we secured the female. Initially she told me she kept my money, not having purchased any drugs. Moments later she admitted she did and gave them to me. (We unsecured her) - 3 bits of crack cocaine. S Timmons said "REGGIE" sold them to her.

The takedown units were able to secure R. FAMBRO. He did not have the city on his person at the time of his arrest. Both were charged as listed. The crack cocaine was turned in to A.P.D. property.

While patrolling the area I observed Mr. Eric Matthews standing in the middle of the roadway attempting to stop a White Grand Prix. As I approached Mr. Matthews in my patrol vehicle, he quickly walked away from the Grand Prix and continued to walk West bound on Neal St. While walking on Neal St, I then saw Mr. Matthews throw a small little clear baggie to the ground. From my training and experience I suspected that the baggie may have contain crack cocaine. I then immediately exited my patrol car and detained Mr. Matthews. While Mr. Matthews was detained I recovered the small clear baggie which contained (1) $20.00 bill of crack cocaine. Mr. Matthews was then taken into custody and charged with the above listed charges. Mr. Matthews was then taken into Custody and charged with the above listed charges. Results: **Deception Indicated**

Subject: Alexis White

Date: November 28, 2006

PREDICATION

This Truth verification examination was predicated upon a request from Major Welcome Harris, commander of the Office of Professional Standards with this agency.

SCOPE

The scope of this truth verification examination shall be limited to the subject's honesty as it relates to an Internal Affairs investigation.

PRETEST INTERVIEW

During the pretest interview, the subject made no admissions.

REPORT

On November 22, 2006, this agency extended an interview to Alexis White relevant to an internal affairs investigation. During the pretest interview, we formulated eleven questions to be used in a General Series testing sequence. I conducted the interview, and hereby submit the results to you. There were three relevant questions interspersed with irrelevant and control questions.

#4. Have you ever bought drugs at 933 Neal Street for Investigators J. Smith and Tessler? The subject answered No, and deception was indicated.

P-42-23-140

#6. Did Investigators Tessier and Smith tell you to lie and say you did buy drugs at 933 Neal Street? The subject answered Yes, and deception was indicated.

#10. Did you talk to anyone by the name of Sam at 933 Neal Street? The subject answered No, and deception was indicated.

POST-TEST INTERVIEW

Following the initial examination, a second examination was conducted utilizing the same format as the initial examination as well as the same relevant questions. The results of the second examination were the same as the initial examination showing Deception Indicated (DI) on the questions.

CONCLUSION

Based upon my training and experience, it is my opinion that the subject did not respond truthfully to the relevant questions on chart two. A second opinion was requested from Chief Bill Endler, Certified Voice Stress Analyst / Instructor with the National Institute for Truth Verification. The evaluation of the charts was done 'in the blind'. The conclusions drawn by Chief Bill Endler were the same as those of this examiner that the subject did not respond truthfully to the relevant questions on chart two. I am maintaining a copy of this report on file.

REPORT

On November 27, 2006, this agency extended an interview to Mr. Fabian Sheets relevant to an internal affair investigation. During the pretest interview, we formulated fifteen questions to be used in General Series testing sequence. I conducted the interview, and hereby submit the results to you. There were five relevant questions interspersed with irrelevant and control questions.

#4 Do you know anyone named Sam that sells illegal drugs on Neal Street? The subject answered no, and no deception was indicated.

#6 Have you ever purchased illegal drugs from anyone at 933 Neal Street? The subject answered no, and no deception was indicated.

P-42-28-140

#10 Did you tell narcotics officers that 933 Neal Street was an illegal drugs stash house? The subject answered no, and deception was indicated.

#12 Have you ever purchased illegal drugs from any residence on Neal Street? The subject answered no, and no deception was indicated.

#14 Did you tell the narcotics officers that you purchased illegal drugs from someone named Sam? The subject answered no, and deception was indicated.

POST-TEST INTERVIEW

Following the initial examination, a second examination was conducted utilizing the same format as the initial examination as well as the same relevant questions. The results of the second examination were the same as the initial examination showing Deception Indicated (DI) to the questions relating to the internal affairs investigation. I showed the applicant his test charts and we discussed the questions that showed deception. The applicant did not make any additional omissions.

CONCLUSION

Based upon my training and experience, it is my opinion that the subject did not respond truthfully to the relevant questions on chart two. A second opinion was requested from Chief Endler, Certified Voice Stress Analyst/ Instructor with the National Institute for Truth Verification. The evaluation of the charts was done 'in the blind'. The conclusions drawn by Chief Endler were the same as those of this examiner, the subject did not respond truthfully to the relevant questions on chart two. I am maintaining a copy of this report on file.

NARRATIVE

Topic: Information About Incident

On February 26, 2006 while on routine patrol I saw Rhett Jr,. standing at 911 Simpson st at the store front buying items. Rhett is under age and it is 2;00 in the morning. I drove Rhett back to his house, when his father Rhett Sr. came to the door he stated that his son Rhett Jr,,. has a pick up order at Metro Juvenile center. I called Juvenile intake to confirm and they stated that it was. When Juvenile gave me the ok to transport, Rhett Jr, said can I go back and say goodbye to my girlfriend. I asked does your gilfriend live with you at 16 years old? He said No. I asked does your father know shes down there? He said no. I went and asked Rhett Sr. did he know there was a girl in Rhett Jr,.s' room? He said No. He went down stairs and smelled a strong odor of marijuana and came back up and asked me to knock on the bedroom door. Upon Tonya opening the door there was a baggie of marijuana in plain view on a dinner plate on the bed. Toyna s parents were not aware of where she was and was released to her mother with a copy of charges. Rhett Jr,. was transported to Metro Juvenile intake. no injuries to report.

Re: Arthur Tesler

Dear Mr. Young:

As you are aware the Atlanta Civil Service Board recently affirmed the suspension of Officer Arthur Tesler. However, the decision fails to conform to the City Ordinance requirements and the officer was not provided with 10 days prior notice before his suspension became active. In order to avoid an appeal through Certiorari, I am requesting that the City remit 10 days salary to this officer. Additionally, this offer requires that no taxes be deducted from said payment. Please advise whether this is acceptable.

Very truly yours,

RE: Arthur Tesler

Dear Mr. McKenney:

This is in response to your correspondence dated December 28, 2007 regarding the Civil Service Board's decision to deny Officer Arthur Tesler's appeal of his indefinite suspension without pay.

In response to your request, the City has agreed to issue a pay-back order restoring 10 (ten) days pay to Officer Tesler in return for Officer Tesler's agreement not to seek review of the Civil Service Board's decision by the Superior Court through a writ of certiorari. The pay-back order will be issued in accordance with all applicable federal, state and local laws, rules, and regulations, and all appropriate deductions will be taken from said payment.

The decision to issue this pay-back order should in no way be interpreted as an acknowledgement that the City of Atlanta failed to comply with the requirements of Atlanta City Code Chapter 114 through its imposition of emergency adverse action against Officer Tesler. Furthermore, this decision will in no way alter Officer Tesler's indefinite suspension without pay pending the adjudication of his criminal charges.

Officer Tesler may anticipate receiving his payment within six to eight weeks from the issuance of the pay-back order; however, the Personnel Unit of the Atlanta Police Department will be instructed to expedite the payment insofar as is possible. Please contact me with any questions you may have regarding Officer Tesler's Civil Service Board appeal, or this pay-back order.

Sincerely,

Amber A. Robinson

On November 21, 2006 at about 4:00pm I was conducting surveillance on the green stage at 1143 Simpson Rd. This is a location where I and others have made many arrests for narcotics. I observed Sheats who has been arrested at this location before, for illegal narcotics standing by the pay phones. Sheats flagged down a total of three unknown black males. Each time Sheats would get the money from the unknown male and then go over to a secluded area around the corner of the white house at 1141 Simpson Rd pick up a piece of wood and a plastic

bag and bring it back to the unknown black male and N give the unknown black male a plastic bag. After the third time I went up to Sheats who appeared to put some thing in his mouth and swallow it. I tried to detain Sheats and when he pulled away he bumped his head on a fence which belongs to the property next to 1143 Simpson Rd. Sheats had a small cut over his left eye and refused any medical attention. As Sheats was detained I went over to the wooded area with K-9 officer Connie and K-9 dog Chad, under the piece of wood was (55) #10 bags of marijuana and (1) #25 bag of marijuana. Sheats had $29 on him. The property was later turned into property management. Sheats was read his Miranda Rights and debriefed. Sheats wanted to take us to a house that had a kilo of cocaine. Sheats directed us to 933 Neal St NW where a box of crack cocaine was later made and a search warrant drawn up for that location. Sheats did state he was in that house (933 Neal St) at about 3:00pm on November 21st and saw the kilo all broken up in a shoe box.

Chief Pennington:

On February 24th, 2009 I was viciously assaulted by Nathan Lucas, a City of Atlanta police officer. I sustained serious injuries that required emergency surgery, hospitalization, and extensive rehabilitation.

In the four months since the incident, the Atlanta Police Department has taken no action to suspend or dismiss Officer Lucas. The Office of Professional Standards states they will only investigate the assault. There has been no accountability from the Police for the discipline of Officer Lucas. Therefore, I can only conclude that you condone the actions he is accused of.

I continue to receive occupational therapy to regain lost mobility and minimize permanent disabling functional loss of my arm. I have accrued thousands of dollars in medical bills and have been unable to work full-time. Meanwhile Officer Lucas continues to work with you, and most troubling, interact with the citizens of Atlanta.

I hereby request a prompt, formal explanation for your department's failure to address Officer Lucas's actions.

Additional questions may be addressed through my attorney, Bruce Hagen (404.522.7553). Otherwise, I await your response.

Sincerely,

Jason W. Swichtenberg

Summary:

On today's date at 2220 hours, I was contacted by Communications Supervisor and told to contact Lt. Spillane in reference to Ofc. N. Lucas being identified as a suspect in an assault that occurred in Zone 5 on February 24, 2009. Lt. Spillane advised me Zone 5 CID was working this assault case and Inv. P. J. Roberson had located the address of a possible suspect by vehicle registration. The case is assigned to Inv. W. Smart, however Inv. Roberson was assisting. Inv. Roberson had left a business card at the location asking the suspect (unidentified at the time) to contact him. On today's date, Ofc. N. Lucas contacted Inv. Roberson at home. Inv. Roberson asked Ofc. Lucas how he got his home phone number, in which Ofc. Lucas replied he found Inv. Roberson's business card. Inv. Roberson told Ofc. Lucas he was investigating an assault. Ofc. Lucas told Inv. Roberson that the person on the bike had spit on his car and uttered racial slurs. Inv. Roberson immediately stopped the conversation due to Ofc. Lucas' statement. Inv. Roberson contacted Lt. Gibbs and advised the situation. Lt. Gibbs advised Lt. Spillane. Lt. Spillane advised he and Lt. Gibbs are meeting with Major K. Williams on 03-09-09 and will contact the Fulton County DA's office to turn the case over to them.

Lt. Cummings was advised of the situation.

The investigation continues…

Q: Did you have the occasion to come into contact with Jason Swichtenberg on February 24, 2009?

A: Yes, if that was the guy that was on the bike.

Q: Can you please tell me what happened that caused you to come into contact with Mr. Swichtenberg?

A: Yes, I was stopped at the light on Forsyth Street at its intersection with Peachtree Street in the far right lane waiting to go north onto Peachtree Street when a gentleman on a bike came up the right side of my car and got in front of me. This startled me because he came out of no where and had the light changed green, I would have unintentionally struck him. When that happened I blew my horn and he just looked back at me and sneered. So when the light changed he took off in my direction going north on Peachtree Street and because of his slow rate of speed I got in the left lane and continued north on Peachtree Street. When the lane was clear for me to do so I got back in the right lane and stopped for a red light at Ellis and Peachtree. This time I was in the right lane closer to the curb and I noticed in my rear view mirror the gentleman came up to pass me again on the right again but could not do so because there was no room. He then came up on the left side of my car, spit on my car and stated "you fucking nigger." He then proceeded to get in front of me. When the light changed he continued north onto Peachtree Street. Because of his slow rate of speed I signaled, got into the left lane, and passed him. When it was safe to do so I signaled, got back into

the right lane and continued north on Peachtree Street. I was then stopped for a red light at Andrew Young International and Peachtree and I noticed the subject behind me. He then came up and couldn't get by on the right side so he came up on the left again and made an obscene gesture at me by shooting a bird at me. At that point I had not had any verbal or physical contact with him. When the light changed he took off continuing north bound on Peachtree Street. When it was safe to do so because of his low rate of speed I signaled, got into the left lane, passed the subject and when it was safe to do so I got back into the right lane and continued north on Peachtree Street. As I continued north bound on Peachtree Street the subject was behind me and at that point I could see in my rear view mirror that he was still shooting me birds and making obscene gestures. I can't remember, but I think the light at Harris Street was green so I continued through that light, still continuing north on Peachtree Street, and the light at Baker Street was green but I was stopped by a red light at West Peachtree Street. At this point the subject was way behind me and I thought nothing else of it. While waiting for the light at Peachtree Street and West Peachtree street to turn green, I looked in my rear view mirror and saw the subject approaching me. I was about the fourth or fifth car back from the red light in the far right lane and there was a long line of cars behind me in both lanes. The subject rode in between both lanes and when he got to my car, with a large amount of force, he punched the left side rear view mirror causing it to break. He then continued in between both lanes and ran the red light at Peachtree and West Peachtree Street, making a left onto West Peachtree Street. The impact from him striking my car shook my entire vehicle and the gentleman that was in the car next to me rolled down his window and stated "damn man, what the fuck was wrong with him? He just tore up your car and he's trying to get away." At that time the light had changed green and that gentleman allowed me to get in front of him to follow the suspect. I made a left on West Peachtree Street and I could see the suspect making a right onto Simpson Street. I was able to pull passed the subject on the bike and stop my car on the right side of the road and exit my car. When I exited my car I yelled at him asking why he broke my mirror. At that point I was trying to get him to stop. He advanced towards me on his bike without any indication that he was going to stop, leading me to believe that he was trying to run over me. At that point I pushed him away from me and he fell off his bike. When he fell off his bike he was sitting on the ground on his butt and I walked toward him asking him why did you break my mirror? As I got closer to him it appeared that he tried to kick me and I swung at him as a reaction and hit him on his bike helmet. If I'm not mistaken it was a left swing and a right swing. I think both strikes struck his helmet. At that point I backed away from the subject, I heard a lady walking up the sidewalk and I think she was saying something like what's going on? And I stated "he broke my fucking mirror." I walked over to my car to survey the damage. I gathered that I would have to

be the one to pay for my damage. At that point the subject had gotten up off the ground and I turned towards him and not wanting there to be any further physical altercation, I got in my car and proceeded home. The other reason why I needed to go home was that my wife was in bed sick and I was taking her to the hospital. I had dropped my son off at school and was on my way back home when this incident occurred. I felt at that point that I was a victim of a crime with him damaging my car and didn't want to pursue it any further, so I left. If I had known at the time that he was injured I would have rendered aid to him and sent an ambulance to my house to take my wife to the hospital. But at the time there was no visible sign or complaint that he was seriously injured.

Q: Did you get the guys name in the car that was next to you when the bicyclist struck your car?

A: No I did not. I didn't have a chance to and he didn't follow me. All I know is it was a black gentleman in a gray Dodge Charger.

Q: Did you and the bicyclist exchange words after the physical altercation?

A: Not that I can remember. I don't recall there being any words exchanged.

Q: Is there anything else you would like to add to your statement?

A: Not at this point. I do have pictures of the damage to my car caused by the bicyclist and the documents from where I had taken my wife to the hospital.

Q: Can you provide copies of the pictures and the medical documents to this office?

A: Yes I can

Q: Have you been honest in making your statement today?

A: Yes I have

NARRATIVE

While at home on 030809, I received a phone call from a number listed as private at 2118 hours. Upon answering, the caller asked for "Robo" and identified himself as "Lucas" stating he was calling us back after leaving a business card on his door earlier in the day. Not recognizing the caller by name and voice, I asked how he obtained my cellular number. The caller advised he called the precinct and got my number from "Cutt." At this time I realized I was talking to Investigator Nathan Lucas.

When Investigator Lucas asked what I needed, I asked him if he was familiar with an incident involving a guy on a bicycle. Investigator Lucas advised he had become involved with an individual on a bicycle back in February who had struck and damaged the side view mirror to his vehicle. Investigator Lucas stated the two exchanged words following the incident during which the other party spit on him and called him a "Nigger." Investigator Lucas stated the individual behaved violently and during the course of the argument Investigator Lucas did push the individual to the ground.

Investigator Lucas began to ask questions concerning the incident, at which time I advised him Investigator Smart was handling the case and I was not familiar with the details. I advised Investigator Lucas he would have to come in and provide Investigator Smart (Lead Investigator) with a statement. Investigator Lucas agreed to come in.

Immediately following the conversation with Investigator Lucas I contacted my supervisor, Lieutenant S. Gibbs at 2123 hours and advised her of the development in the case.

Re: Jason Switchenberg
Witness Statement by Natalie Martinez

On Tuesday February 24, 2009 I was walking to work. It was approximately 9:00 AM. I walked south on West Peachtree Street on the sidewalk located along the west edge of street. I reached Simpson Street and turned left, remaining on the sidewalk. I continued walking on the sidewalk along the south edge of Simpson Street. There was no one else on the sidewalk and the only cars on Simpson Street were those parked along the south side of street in metered spots.

I was about 50 feet from the corner of West Peachtree and Simpson Street, near an electric pole when I heard a car door open and a man's voice shout "You touched my car!".

I turned around and saw a blue Dodge Magum with the driver side door open and a man walking very intently across the street toward a cyclist who was headed west on Simpson Street in the lane closest to the sidewalk I was walking on. The cyclist was about 15'-0 away from me. The man who emerged from the car was an African American male, approximately 6'-0" tall, 250-300 pounds between the ages of 30-45. He was wearing a dark gray plain sweatshirt and a matching pair of dark gray sweatpants and sneakers. He appeared clean shaven and had a very short haircut. His face was round-ish with a medium brown complexion. He had a thick, stocky build. (This man is the attacker.)

I did not immediately recognize the cyclist. However, after about one second, I locked eyes with the him and realized that it was my co-worker, Jason Switchenberg. (Jason is the Victim). Jason was facing me and it appeared that he was moving very slowly or was coming to a stop. He did not appear to be pedaling, yet I do not recall him standing with feet on the ground. I believe Jason was coasting on his bicycle at that very instant. Within another second, the Attacker had walked across the width of Simpson Street and lunged forward and pushed Jason's upper body. Jason was knocked off of his bike and he collapsed immediately to the sidewalk. He appeared to be tangled within his bike as he sat crouched over on the edge of the sidewalk.

The Attacker then moved in front of Jason's front wheel and leaned over him as he was sitting on the edge of the sidewalk. The Attacker's back was to me and I could see from my angle that he hit Jason. I recall that he hit him first with his right hand then with his left. After I saw this I shouted "Stop!" I could not think of anything else to say, so I continued to shout loudly "Stooop!" another time or two, "Please Stop!". With a slow and steady pace, I walked toward the Attacker and Jason . During this time as I carefully moved toward them, I believe the Attacker hit Jason again with his right fist then left fist, just as before.

The Attacker stood up and side-stepped away from Jason toward the direction of his parked car on the opposite side of the street. The Attacker did not completely turn around. He sort of side stepped and walked backwards toward his car. When the man was about 3'-5' away from him, Jason yelled "You broke my fucking arm!" I continued to walk steadily to a point in the middle of Simpson Street between Jason and the Attacker. I was now standing in front of the Attacker face to face, about 3'-4' separated us. His eyes were fixed on Jason yet he yelled at me, "Get out of my way!" as he

motioned with his right hand to get out of the way. At this point, I yelled one more time, looking him in the face, "STOOOOP IIIIIT!"

Immediately after I yelled, I heard running footsteps coming from behind me and to the right. I turned my head to the right and saw a man who I recognized as another co-worker whom I had just seen five minutes earlier at Starbucks, Mark Brandli. Mark quickly scanned the scene with his eyes. He ran off of the sidewalk and was now standing in the road at the corner of West Peachtree Street and Simpson Street. Jason yelled "Get his license plate!!! Get his license plate! Call the Police!" I turned back around toward the Attacker and saw the Attacker climbing back into his car. He slammed his door shut and quickly sped away, heading west on Simpson Street. I could not make out the license plate number so I yelled, "I can't see it!" Mark moved toward the car as it sped away and identified the plate as "2123 AWC." I yelled to him, "Say it again!" He repeated "2123 AWC." I was reaching inside of my bag for my datebook and yelled to him once more, "Again!" and he repeated "2123 AWC". I found a pen and wrote the plate number down.

Mark and I then both called 911 using our mobile phones. Mark reached the dispatcher first as I tried to find my phone. I then dialed 911 and reported the accident to a dispatcher and asked for an ambulance. She asked me if there was someone else calling in the accident and I said "Yes." and she indicated that it was being taken care of and an ambulance would be on its way.
