CASE REPORT NUMBER: 2212124

NARRATIVE TYPE: NARRATIVE

12/07/2022 I LT. Ryan Forsyth was conducting and undercover buy of a Kubota Excavator by at the Serve Pro Store with a black male subject later identified as Jotavious Clark. Once I displayed my badge Clark back up and attempted to run. I used soft empty hand techniques to gain positive control of Clark. Clark then jerked away started to run away. Clark ran to the roadway; the vehicle then takes off and picks up Clark.

A brief chase ensued. After the vehicle came to a stop, I ran to the passenger side door and placed Zackeri Leonard on the ground, I then opened the back door and placed Clark on the ground using soft empty hand techniques.

No injuries were obtained. I notified Captain McCoy.

To whom it may concern:

I am writing this letter to confirm that Towns County Sheriff Dept. in Young Harris, GA., does NOT have the capability for Audits with our Bodycams. They chose to use their own server which does not have the software for Auditing our Bodycams at Pro-Vision. The only way to have an Audit page with Pro-Vision is to pay a monthly fee subscription for CLOUD based services, which tracks every movement of the stored video on the Bodycam, including who viewed it and watched it or redacted it.

Sincerely,

Roman M. Colburn
