Can you give me a cost breakdown please

We need to make sure this is not a use of prior restraint before I report you to the AG.
You just won the prize for most ridiculous ORR fees ever!! I've done thousands!!

Thanks

Good Morning Again,

Our cost is estimated at \$.50 per page, \$22.95 per hour of research and preparation. Again, like said before, this is an estimate of time it will take. We will also require half of the estimate ahead of any research being started.

That is NOT a cost breakdown, I understand the open records fees.
How did you get \$600?
How many files, what records are you redacting or is this just a number you think is right?

I may need to change my request but I have no idea what to change because you can't articulate the fee's and where they are applied.
Please send me a breakdown so I can adjust my request.

Good Morning Again,

This is the estimate again. I will begin any research and do a line item break down once a deposit is made to the Atkinson County Commissioners Office in the amount of half of the estimated cost. At this point I will not respond to debate this any further.
