Good day

Per the Georgia Open Records Act 50.18.71

I am requesting the payroll listing of your agency to include name of rank and pay of all employees of the sheriffs office. Also The public complaint file of the sheriff.

Thanks
Billy

Your agency is potentially in violation of several laws

50-18-71 (a) (b) (2) Any agency that designates one or more open records officers upon whom requests for inspection or copying of records may be delivered shall make such designation in writing and shall immediately provide notice to any person upon request, orally or in writing, of those open records officers. If the agency has elected to designate an open records officer, the agency shall so notify the legal organ of the county in which the agency's principal offices reside and, if the agency has a website, shall also prominently display such designation on the agency's website.

You also have a potential 1st amendment issue with the displaying of religious materials on your facebook page.
