Hi, are you sure? He was terminated in 2021. Let me see if the Attorney General can help you find some records!

Thanks

Great, you are the open records custodian. Why would you forward me to the captain of the jail? Because that's where Bowman worked. He pulled a gun on some kids, 10 year olds over off Reidsville road a few years back. I also want the incident report from that. So I am looking to also find out if he was charged with Aggravated assault. You may want to forward this to your sheriff because you are about to get yourself in some hot water being dishonest about this!! I am certain you are being dishonest here. He was decertified May 2021, a little over two years ago. How could you not have any records?

Thanks

Billy Blume <The AG says I have to give my name before they will look at my complaints.

You had his name spelled wrong to begin with sir, also the records you requested have to come from the captain of the jail being he was employed on that side, therefore, I have forwarded your email to her due to me not being able to access such records. Also, if he gun incident happened in Reidsville, you would need to contact them for the information.

I included his POST fact sheet so I am confused. I added an extra T to Mathew and that caused a problem? Fair enough I guess, He was pulled over by your deputies on at Reidsville and east clifton

I am also needing the incident report and the service photo for each officer that responded.

remember you have 3 days to release the records § 50-18-71. Right of access; timing; fees; denial of requests; impact of electronic records

(b) (1) (A) Agencies shall produce for inspection all records responsive to a request within a reasonable amount of time not to exceed three business days of receipt of a request

That would be Lyons Police Department. I misread you previous message on location, I apologize. You

would need to contact them for the report as well as any other information. I'm currently working on your other request
