Incident Description:

On April 14, 2021 at approximately 2256 DPD Officer Ridley brought in an Aaron Pass for Simple Assault (FV) and Trespassing. During the Covid questionnaire Officer Styles asked Inmate Pass the Covid questions to which Inmate Pass stated he did not know. During the initial pat down Officer Styles asked Inmate Pass if he had anything on his person that could poke, stab, harm the booking staff. At this time Sgt. Almon stepped down off the platform to assist Officer Styles. Inmate Pass stated he did not know and that staff could find out about everything that was on his person during the patdown.

During the pat down Inmate Pass become belligerent and aggressive towards booking staff. While trying to calm Inmate Pass down, Inmate Pass looked at Sgt. Almon and told him that he needed to shut up because he had the right to do so. Sgt. Almon attempted to redirect Inmate Pass' thought process during this time to calm Inmate Pass down. Inmate Pass told Sgt. Almon to take his mask down multiple times to which Sgt. Almon replied no and concurrently while this was happening Inmate Pass blew a kiss at Sgt. Almon. When this occurred Officer Styles thought that Inmate Pass had spit at Sgt. Almon so he placed him on the counter to gain compliance. Inmate Pass was escorted to the padded cell by Officer Styles, Sgt. Almon and Sgt. Brown.

Inmate Pass was given verbal instruction to go to the ground to which he did not comply with. Sgt. Almon and Officer Styles attempted to perform a leg sweep which proved ineffective so Sgt. Brown pulled up on Inmate Pass' legs thus causing him to fold at the waist. While this was occurring Officer Styles believed that Inmate Pass was actively resisting prior to going to the ground. While on the ground Inmate Pass kept clinching up and being uncooperative, so Officer Styles provided several blows to Inmate Pass' side to gain compliance. Sgt. Almon told Inmate Pass to stop moving and resisting and Sgt. Almon delivered (9) blows to the left side of Inmate Pass' head since that was the only part of Inmate Pass' body which Sgt. Almon was able to strike to attempt to gain compliance.

because of the position that Inmate Pass was laying in. Sgt. Almon removed Inmate Pass` sweat pants and removed them from his person and tossed them out of the padded cell to be checked later to ensure nothing had been missed since there was only one patdown performed on i. After this Inmate Pass started to comply with all verbal commands and booking staff were able to remove the cuffs from Inmate Pass without further incident.

When asked at approximately 2331 hours if he needed to see medical Inmate Pass did not state anything. Nothing else to report at this time.
