Good Morning,

In response to your open records request we have been working on gathering the information. It is coming from 2 different departments, Human Resources and the Moultrie Police Department. We have several videos (7 Total), 264 pages in her personnel file and how long it took the employee to gather the information is still unknown(There is more to gather). This could be close to \$100.00 in fees. I wanted to make you aware, before we proceeded any further. Also we do not email, mail or fax requests back to the requestor. They are available for inspection or pick up at my office. If you would like to move forward with this request please let me know. I am available Monday through Thursday 8:00am to 5:00pm and 8:00am to 12:00pm Friday.

Thanks,

Bonnie Kudela

Good day,

Thanks, yes, you saved us both some time. I am only interested in the videos. I have plenty of documents and interviews of her.. see here

I have plenty on her so just the videos please.

Her segment is next, I have her audio interviews.. I believed she worked for your agency while she was off having scandalous relations with Ryan Warren and torturing inmates at the Brooks jail.. She has one hell of a track record, Cecil gave her up fast, well.. after an AG complaint was filed. You can mail me the videos on a thumb drive or DVD I am asking please, I know you said you don't but you'd be the first to use that type of prior restraint , I am not new around here, I have done a few open records and filed a few complaints <http://shieldsofshame.com/all-counties-in-the-state-of-georgia/>

I wonder why Brooks is not listed on her cert? The incident at Brooks happened September 2016 , she started working for your agency in August of 2016.. wow! I wonder what she will say in her interview?

Thanks

Billy Blume

Good day Mr. Castleberry,

Can you follow up on this? Your agency can't restrict records and demand citizens pick the records up in person. I assure you the AG will agree.

Your ORC is acting in an official capacity even though she holds no state certification, she is acting under the color of law while potentially violating my civil rights under the first amendment, freedom of the press. I don't expect you to know what that means so if you'd like I can have a judge explain it to you!

This is also a complaint on Bonnie Kudela, Bonnie promotes government events on her facebook page while displaying religious materials, she has images of all of your cops on there too, thanks. Saved me some open records requests. Her use of prior restraint is ridiculous. I have done thousands of requests at this point and not even one time that has happened.

Release the videos, a thumb drive is fine, I could make this really difficult, but I elected not to have you redact the pages, money is not an issue I promise you. I just want the videos, I will even redact them, I am an expert! Now, I have found you have been a bad little agency, 19 decertified cops bro? WOW but I see why.

I will file a complaint with the Attorney General Friday August 2nd if you have not responded.

Thanks

Billy Blume

Good day,  
Mr. Castlrberry

I am following up on my complaint and request. You have 2 days left before escalation and potential legal actions. I highly suggest you consult with your city attorney. Bonnie does not have qualified immunity to protect her from a 1st amendment 1983 civil rights claim. Summary judgement will be easy. My story cannot be published without the records I have requested from your agency.

I am copying your city manager and the assistant AG in preparation for my complaint.

No, I do not have to show up in person to obtain records under Georgia's Open Records Act. The Act allows you to request records in writing, which can be done via email, fax, or mail. The law mandates that government agencies respond to requests within three business days. If the records are not readily available within that period, the agency must provide a timeline for when the records will be available or explain why they cannot be released.

Under Georgia's Open Records Act, specifically outlined in O.C.G.A. § 50-18-71, government agencies are required to make public records available for inspection and copying. The law does not mandate that requesters must appear in person to obtain records. Here are key points from the law:

1. **Access to Records:** O.C.G.A. § 50-18-71(a) states that "All public records shall be open for personal inspection and copying, except those which by order of a court of this state or by law are specifically exempted from disclosure."
2. **Request Procedures:** O.C.G.A. § 50-18-71(b)(1)(A) specifies that a request can be made in writing via email, fax, mail, or in person.
3. **Response Time:** O.C.G.A. § 50-18-71(b)(1)(B) mandates that agencies must respond within three business days of receipt of the request. If the records are not immediately available, they must provide a timeline for availability.
4. **Fees:** O.C.G.A. § 50-18-71(c) allows agencies to charge fees for the search, retrieval, redaction, and copying of records, but these fees must be reasonable and communicated to the requester.

If the agency insists on in-person retrieval, you can cite these provisions and request that they comply with the law by providing electronic copies or mailing the documents to you. If the issue persists, you might consider contacting the Georgia Attorney General's Office for further assistance.

Thank you

Billy Blume

Good Afternoon,

Please review Attachment GA. Code 50-18-17 Right to access; timing; fees; denial of requests; impact of electronic records. The state law does not require us to send them, only make them available for inspection and I have done so. Also redactions is our responsibility.

In response to your other open records request there were no records found in relation to Marvin Mobley.

Thanks,

Bonnie

I asked you to escalate this to your supervisor, there is no passage that states what you said. Again, escalate this to someone above you because you are not law enforcement!!!

Thanks

Billy
