Officer Roederer completed a Failure to Activate Memo due to WVS either malfunctioned or was knocked to the off position during the take down. Officer's narrative is explaining what would have been recorded.

Officer Roederer was verbally counseled on his use of profanity.

Please review and forward.

No action-The use of force was well within policy. Officer Roederer had a fleeing suspect who he had caught up to when the suspect directed he bike directly towards the officers. Officer Roederer used a non-traditional take down by tackling the suspect. Thus causing this incident to be reclassified from an injured officer to a use of force.

Officer Roederer received minor abrasions to his right arm and right knee from the take-down by refused any medical help.

No further action recommended. The force used was reasonable to apprehend the suspect fleeing on a bicycle. The use of inappropriate language has been addressed and the WVS malfunction has been

properly documented.
