### Incident Summary

Officers responded to a subject walking in the middle of the road. As officers approached him they could tell he was in some kind of mental distress. He was walking in the road and crossed the street, in front of traffic when he saw the officers. As officers followed behind the subject, Wayne Colbert, they tried to get him out of the road, but he ignored them by covering his ears. Officer Maybody and Officer Young guided him to the side of the road and as they got to the side, Mr. Colbert swung his arms and pulled away. Fearing that Mr. Colbert might break away and run in front of traffic and thus not having time to try and verbally de-escalate Mr. Colbert, Officer Maybody and Officer Young took him to the ground. Once on the ground other officers assisted with handcuffing Mr. Colbert. Mr. Colbert had a cut to his lip and bloody nose, from the takedown or while the officers were on the ground trying to handcuff him. EMS transported to UL hospital for a psych evaluation. Mr. Colbert was still non verbal and would not give the officers or EMS his information. Officer learned Mr. Colbert's information once he was with UL's Emergency Psychiatric Services. No other charges were filed due to officers believing Mr. Colbert needed an evaluation. Officer Pavlak's WVS captured the take-down the best.

No action-Officers responded to the situation well within policy.

Officers responded to a suspect suffering some kind of mental distress. As they approached, the suspect went out traffic without warning. Officers attempted to get him out of the roadway, but the suspect refused by changing directions back towards traffic. Officer Maybody and Officer Young, with each grabbing a side, walked him to the other side of the street. Just before he was across the street, the suspect swung his arms and began to pull away. Officers didn't have time to verbally de-escalate the situation because they feared that the suspect might run into traffic. Officers Maybody and Officer Young took the suspect to the ground and was able to get him into cuffs after a short struggle.

The suspect suffered a cut to his lip and a bloody nose, from the takedown and cuffing process. The suspect was transported to UL hospital for a psych evaluation. Officer Pavlak's WVS captured the take-down the best.

No action recommended. The subject's self-harming behavior necessitated immediate intervention by the officers. The use of empty hand controls were reasonable to escort the subject out of the roadway. Once the subject began to pull away the take-down was utilized to keep him from returning to the roadway and to safely restrain him. The subject's injuries were incidental to the take-down and not caused intentionally.
