Service Ticket Details

Ticket ID: 48759

Description: Capt Boutwell could not retrieve recorded video older than 3 days. NVR seems to have reset to defaults after power failure. Recoder HDD was set to 50% event and set not to overwrite. Change settings to 0% event and overwrite when HDD is full. Explain to Capt Boutwell that when changes are made he will lose all previous recorded data, Capt Boutwell understood and consented to the changes.

Identifier: 16

Customer PO #: SYS160378

Date/Time of Service:

Reason: Brooks County Jail is having Camera Issues.
