Subject: RE: JAG Question - Fulton County

Hi Keva,

Attached is an email chain with approval for our office to provide **virtual programming** to youth during Covid in the summer of 2021. The problem is that the disgruntled staff claims we served students outside of the County. We might have as we were so thankful that any youth came after things started to open up in the summer of 2021 and we provided in-person programming to a small

cohort. No charges to the JAG grant changed between in person and virtual. The net for recruitment was opened wide when we thought just virtual. No one wanted to cancel programming so as to avoid confusion, youth were accepted even if they were just visiting their grandmother for the summer and even if they were a kid of an employee. We were excited to offer in-person programming. Did not want to further confuse and wanted to reach as many children in those scary times.

Would you please respond to this email that we did not violate the grant by providing Jr. DA justice programming during Covid, even though a couple of youth might have lived outside of the County?

Thank you for all that you do for so many.

Be well,

Michele
